Notes

1 Evidence of Coverage (EOC):

The Evidence of Coverage (EOC) describes the Benefits, limitations, and exclusions that apply to coverage under this Plan. Please review the EOC for more details of coverage outlined in this Summary of Benefits. You can request a copy of the EOC at any time.

Capitalized terms are defined in the EOC. Refer to the EOC for an explanation of the terms used in this Summary of Benefits.

2 Calendar Year Deductible (CYD):

Calendar Year Deductible explained. A Calendar Year Deductible is the amount you pay each Calendar Year before Blue Shield pays for Covered Services under the Plan.

If this Plan has any Calendar Year Deductible(s), Covered Services subject to that Deductible are identified with a check mark (✓) in the Benefits chart above.

3 Using Participating Providers:

Participating Providers have a contract to provide health care services to Members. When you receive Covered Services from a Participating Provider, you are only responsible for the Copayment or Coinsurance, once any Calendar Year Deductible has been met.

Teladoc. Teladoc mental health and substance use disorder (behavioral health) consultations are provided through Teladoc. These services are not administered by Blue Shield's Mental Health Service Administrator (MHSA).

4 Calendar Year Out-of-Pocket Maximum (OOPM):

Calendar Year Out-of-Pocket Maximum explained. The Out-of-Pocket Maximum is the most you are required to pay for Covered Services in a Calendar Year. Once you reach your Out-of-Pocket Maximum, Blue Shield will pay 100% of the Allowed Charges for Covered Services for the rest of the Calendar Year.

Your payment after you reach the Calendar Year OOPM. You will continue to pay all charges for services that are not covered, charges above the Allowed Charges, and charges for services above any Benefit maximum.

Family coverage has an individual OOPM within the Family OOPM. This means that the OOPM will be met for an individual with Family coverage who meets the individual OOPM prior to the Family meeting the Family OOPM within a Calendar Year.

5 Separate Member Payments When Multiple Covered Services are Received:

Each time you receive multiple Covered Services, you might have separate payments (Copayment or Coinsurance) for each service. When this happens, you may be responsible for multiple Copayments or Coinsurance. For example, you may owe an office visit payment in addition to an allergy serum payment when you visit the doctor for an allergy shot.

6 Preventive Health Services:

If you only receive Preventive Health Services during a Physician office visit, there is no Copayment or Coinsurance for the visit. If you receive both Preventive Health Services and other Covered Services during the Physician office visit, you may have a Copayment or Coinsurance for the visit.

Plans may be modified to ensure compliance with State and Federal requirements.

1 Calendar Year Pharmacy Deductible (CYPD):

Calendar Year Pharmacy Deductible explained. A Calendar Year Pharmacy Deductible is the amount you pay each Calendar Year before Blue Shield pays for outpatient prescription Drugs under this Benefit.

If this Benefit has a Calendar Year Pharmacy Deductible, outpatient prescription Drugs subject to the Deductible are identified with a check mark (✓) in the Benefits chart above.

Outpatient prescription Drugs not subject to the Calendar Year Pharmacy Deductible. Some outpatient prescription Drugs received from Participating Pharmacies are paid by Blue Shield before you meet any Calendar Year Pharmacy Deductible. These outpatient prescription Drugs do not have a check mark (✓) next to them in the "CYPD applies" column in the Prescription Drug Benefits chart above.

2 Using Participating Pharmacies:

Participating Pharmacies have a contract to provide outpatient prescription Drugs to Members. When you obtain covered prescription Drugs from a Participating Pharmacy, you are only responsible for the Copayment or Coinsurance, once any Calendar Year Pharmacy Deductible has been met.

Participating Pharmacies and Drug Formulary. You can find a Participating Pharmacy and the Drug Formulary by visiting www.blueshieldca.com/wellness/drugs/formulary#heading2.

Non-Participating Pharmacies. Drugs from Non-Participating Pharmacies are not covered except in emergency situations.

3 Outpatient Prescription Drug Coverage:

Medicare Part D-creditable coverage-

This prescription Drug coverage is on average equivalent to or better than the standard benefit set by the federal government for Medicare Part D (also called creditable coverage). Because this prescription Drug coverage is creditable, you do not have to enroll in Medicare Part D while you maintain this coverage; however, you should be aware that if you do not enroll in Medicare Part D within 63 days following termination of this coverage, you could be subject to Medicare Part D premium penalties.

4 Outpatient Prescription Drug Coverage:

Brand Drug coverage when a Generic Drug is available. If you select a Brand Drug when a Generic Drug equivalent is available, you are responsible for the difference between the cost to Blue Shield for the Brand Drug and its Generic Drug equivalent plus the Formulary Generic Copayment. This difference in cost will not count towards any Calendar Year Pharmacy Deductible, medical Deductible, or the Calendar Year Out-of-Pocket Maximum. If your Physician or Health Care Provider prescribes a Brand Drug and indicates that a Generic Drug equivalent should not be substituted, you pay your applicable Copayment. If your Physician or Health Care Provider does not indicate that a Generic Drug equivalent should not be substituted, you may request a Medical Necessity Review. If approved, the Brand Drug will be covered at the applicable Drug Copayment or Coinsurance.

Short-Cycle Specialty Drug program. This program allows initial prescriptions for select Specialty Drugs to be filled for a 15-day supply with your approval. When this occurs, the Copayment or Coinsurance will be pro-rated.

Benefit designs may be modified to ensure compliance with State and Federal requirements.

Glossary

Not sure what it means?

Use this glossary as a handy reference for some common health benefit terms.

Below are definitions related to Blue Shield health plan terms. Some terms may not apply to your plan. See your *Evidence of Coverage or Benefit Booklet* for details.

Allowable amount – The total dollar amount Blue Shield has established for the benefits the member has received. Physicians who have contracted with Blue Shield must accept this amount as payment in full. If a member chooses to go outside of our networks, he or she may be responsible for a much larger payment.

Benefits (covered services) – The medically necessary services and supplies covered by the health plan.

Copayment/coinsurance – The predetermined amount (copayment) or a percentage of the cost (coinsurance) for which you are responsible for paying, based on your plan benefits.

Deductible – The dollar amount you must pay for covered services each calendar year before Blue Shield starts paying benefits under your plan. You are responsible for this amount. Specific services, such as preventive care, are covered before you reach the calendar-year deductible.

You may have two kinds of deductibles: medical and pharmacy. Your medical deductible applies to covered services such as physician office visits. Your pharmacy deductible applies to outpatient prescription drugs obtained from a participating provider.

Evidence of Coverage or Benefit Booklet – The official Blue Shield documents that describe member benefits, copayments or coinsurance, exclusions and limitations.

Network providers/participating providers/provider network – A provider (includes doctors, hospitals, urgent care centers, etc.) that has agreed to contract with Blue Shield to provide covered services to members of a given health plan. A participating provider has agreed to accept Blue Shield's contracted rate for covered services.

Out-of-pocket maximum – Your maximum copayment or coinsurance responsibility each calendar year for covered services. Copayments or coinsurance for a small number of covered services do not apply to the annual out-of-pocket maximum. You will continue to be responsible for copayments or coinsurance for these services even after you reach the out-of-pocket maximum.

Prescription drug formulary – The list of preferred medications maintained by Blue Shield for its prescription drug benefits. This list includes both generic and brand-name drugs approved by the Food and Drug Administration (FDA).

Prescription drug tiers – Prescription drugs in a formulary are typically grouped into tiers based on defined categories, such as generic drugs, preferred brand-name drugs, non-preferred brand-name drugs, and specialty drugs. The tier that your medication is in determines your portion of the drug cost. A typical drug benefit includes three or four tiers. You can find information about what you pay by drug tier in your health plan documents.

Prior authorization – Some services require prior authorization before treatment, in addition to your doctor's referral. A referral and a prior authorization are two different things. For example, when your primary care physician cannot give you the treatment you need, he or she refers you to a specialist. However, if you require a hospital stay or certain surgical procedures, radiological treatments, etc., Blue Shield of California must authorize these medical services before you can receive them. Before receiving such services, call the Member Services or Shield Concierge number on the back of your Blue Shield member ID card to obtain a prior authorization.
