Introducing the UnitedHealthcare® Group Medicare Advantage (PPO) plan

Dear Medicare-eligible Retiree, Spouse or Dependent,
The San Francisco Health Service System (SFHSS) has selected a UnitedHealthcare® Group Medicare Advantage (PPO) plan that has been designed just for City & County of San Francisco, San Francisco Unified School District, Superior Court of San Francisco and City College of San Francisco retirees. We believe you should get more than a good plan, and that's why we have the people, tools and resources in place to help you live a healthier life.

Let us help you:

- Get tools and resources to help you be in more control of your health
- Find ways to save money on health care, so you can focus more on what matters most to you
- Get access to the care you need when you need it

In this book you will find:

- A description of this plan and how it works
- Information on benefits, programs and services – and how much they cost
- What you can expect after you enroll

Enrolling is easy

During your SFHSS Enrollment Period, you will be able to make your plan selection. Refer to your 2020 SFHSS Health Benefits materials to learn what other options may be available to you.

If you are currently enrolled in a Medicare Advantage plan or Prescription Drug Plan, which is different from this plan, once your enrollment into the UnitedHealthcare Group Medicare Advantage (PPO) plan for the 2020 calendar year is confirmed by Medicare (we do that for you) you will be disenrolled from your current Medicare Advantage plan or Prescription Drug Plan. Your new plan will start on your effective date, so you are never without coverage.

Plan Details

UnitedHealthcare® Group Medicare Advantage (PPO)

Your plan sponsor, San Francisco Health Service System (SFHSS), has chosen a UnitedHealthcare® Group Medicare Advantage (PPO) plan. Only SFHSS Medicare-eligible retirees and their Medicare-eligible dependents can enroll in this plan.

“Medicare Advantage” is also known as Medicare Part C. These plans have all the benefits of Medicare Part A (hospital coverage) and Medicare Part B (doctor and outpatient care) plus extra programs that go beyond Original Medicare (Medicare Parts A and B).

Medicare Advantage coverage

Make sure you know what parts of Medicare you have

You must be entitled to Medicare Part A and/or enrolled in Medicare Part B to enroll in this plan.

- If you're not sure if you are enrolled in Medicare Part B, check with Social Security. Visit www.ssa.gov/locator or call **1-800-772-1213**, TTY **1-800-325-0778**, between 7 a.m. – 7 p.m. local time, Monday – Friday.
- You must continue paying your Medicare Part B premium to be eligible for coverage under this group-sponsored plan. If you stop paying your Medicare Part B premium, you may be disenrolled from this plan.

How your Group Medicare Advantage plan works

Here are Medicare's rules about what types of coverage you can add or combine with a group-sponsored Medicare Advantage plan.

One plan at a time

- You may be enrolled in only one Medicare Advantage plan and one Medicare Part D prescription drug plan at a time.
- The plan you enroll in last is the plan that Centers for Medicare & Medicaid Services (CMS) considers to be your final decision.
- If you enroll in another Medicare Advantage plan or a stand-alone Medicare Part D prescription drug plan after your enrollment in this group-sponsored plan, you will be disenrolled from this UnitedHealthcare® Group Medicare Advantage (PPO) plan.

Remember: If you drop or are disenrolled from your group-sponsored retiree coverage, you may not be able to re-enroll. Limitations and restrictions vary by former employer or plan sponsor.

How your medical coverage works

Your plan is a Preferred Provider Organization (PPO) plan. You have access to our provider network with nationwide coverage. You can see any provider (network or out-of-network) at the same cost share, as long as they accept the plan and have not opted out of or been excluded from Medicare.

	In-Network	Out-Of-Network
Can I continue to see my doctor/specialist?	Yes	Yes, as long as they participate in Medicare and accept the plan. ¹
What is my copay or coinsurance?	Copays and coinsurance vary by service. ²	
Do I need to choose a primary care provider (PCP)?	No, but recommended.	No, but recommended.
Do I need a referral to see a specialist?	No	No
Can I go to any hospital?	Yes	Yes, as long as they participate in Medicare and accept the plan. ¹
Are emergency and urgently needed services covered?	Yes	Yes
Do I have to pay the full cost for all doctor or hospital services?	You will pay your standard copay or coinsurance for the services you get. ²	
Is there a limit on how much I spend on medical services each year?	Yes. The most you will pay out of your pocket each year is \$3,750 for each Medicare-eligible person covered under this plan.	
Are there any situations when a doctor will balance bill me?	Under this plan, you are not responsible for any balance billing and you are only responsible for your copayment.	

¹This means that the provider or hospital agrees to treat you and be paid according to UnitedHealthcare's payment schedule. With this plan, we pay the same as Medicare and follow Medicare's rules. Emergencies would be covered even if out-of-network.

How your prescription drug coverage works

Your Medicare Part D prescription drug coverage includes thousands of brand name and generic prescription drugs. Check your plan's drug list to see if your drugs are covered.

Here are answers to common questions

What pharmacies can I use?

You can choose from over 67,000 national chain, regional and independent local retail pharmacies.

What is a drug cost tier?

Drugs are divided into different cost levels, or tiers. In general, the lower the tier, the less you pay.

What will I pay for my prescription drugs?

What you pay will depend on what drug cost tier your prescription belongs to. Your cost may also change during the year based on the total cost of the prescriptions you have filled.¹ If you have any questions, you can call UnitedHealthcare Customer Service.

Can I have more than one prescription drug plan?

No. You can only have one Medicare plan that includes prescription drug coverage at a time. If you enroll in another Medicare Part D prescription drug plan OR a Medicare Advantage plan that includes prescription drug coverage, you will be disenrolled from this plan.

Ways to save on your prescription drugs

You may save on the medications you take regularly

If you prefer the convenience of mail order, you could save time and money by receiving your maintenance medications through OptumRx® Home Delivery. You'll get automatic refill reminders and access to licensed pharmacists if you have questions.

Get a 3 month supply at retail pharmacies

In addition to OptumRx® Home Delivery, most retail pharmacies offer 3 month supplies for some prescription drugs.

Check your UnitedHealthcare pharmacy directory to see if a retail pharmacy offers 3 month supplies noted with a  symbol. An online pharmacy directory is available at:

www.welcometouhc.com/sfhss

To request a printed directory, call Customer Service toll-free at:

1-877-259-0493, TTY **711**, 8 a.m. – 8 p.m. local time, 7 days a week

Ask your doctor about trial supplies

A trial supply allows you to fill a prescription for less than 30 days. This way you can pay a reduced copay or coinsurance and make sure the medication works for you before getting a full month's supply.

Explore lower cost options

Each covered drug in your drug list is assigned to a drug cost tier. Generally, the lower the tier, the less you pay. If you're taking a higher-tier drug, you may want to ask your doctor if there's a lower-tier drug you could take instead.

Have an annual medication review

Take some time during your Annual Wellness Visit to make sure you are only taking the drugs you need.

¹Please refer to the Benefit Highlights or Summary of Benefits for more information.

The UnitedHealthcare Savings Promise

UnitedHealthcare is committed to keeping your prescription drug costs down. As a UnitedHealthcare member, you have our Savings Promise that you'll get the lowest price available. That low price may be your plan copay, the pharmacy's retail price or our contracted price with the pharmacy.

What is a Medicare Part D Late Enrollment Penalty (LEP)?

If, at any time after you first become eligible for Medicare Part D, there's a period of at least 63 days in a row when you don't have Medicare Part D or other creditable prescription drug coverage, a penalty may apply. Creditable coverage is prescription drug coverage that is at least as good as or better than what Medicare requires. The late enrollment penalty is an amount added to your monthly Medicare premium and billed to you separately by UnitedHealthcare.

When you become a member, your former employer or plan sponsor will be asked to confirm that you have had continuous Medicare Part D coverage. If your former employer or plan sponsor asks for information about your prescription drug coverage history, please respond as quickly as possible to avoid an unnecessary penalty.

Once you become a member, more information will be available in your Evidence of Coverage (EOC). Your Quick Start Guide will include details on how to access your EOC.

Do I need to keep paying my Part B monthly premium?

Yes. Medicare requires that you continue to pay your Part B monthly premium (to Social Security). If you stop paying your monthly Part B premium, you may be disenrolled from your plan.

Call Social Security to see if you qualify for Extra Help

If you have a limited income, you may be able to get Extra Help to pay for your prescription drug costs. If you qualify, Extra Help could pay up to 75% or more of your drug costs. Many people qualify and don't know it. There's no penalty for applying, and you can re-apply every year.

Toll-free call **1-800-772-1213**, TTY **1-800-325-0778**, between 7 a.m. – 7 p.m. local time, Monday – Friday

Getting the health care coverage you may need

Your care begins with your doctor

With this plan, you have the flexibility to see doctors inside or outside the UnitedHealthcare network. Even though it's not required, it's important to have a primary care provider. Unlike most PPO plans, with this plan, you pay the same share of cost in- and out-of-network as long as they participate in Medicare and accept the plan. With your UnitedHealthcare® Group Medicare Advantage plan, you're connected to programs, resources, tools and people that can help you live a healthier life.

Finding a doctor is easy

If you need help finding a doctor or a specialist, just give us a call. We can even help schedule that first appointment.

Why use a UnitedHealthcare network doctor?

We work closely with our network of doctors to give them access to resources and tools that can help them work with you to make better health care decisions.

Filling your prescriptions is convenient

UnitedHealthcare has over 67,000 national, regional, local chains and independent neighborhood pharmacies in its network.¹ You can search for participating pharmacies by going online or calling UnitedHealthcare Customer Service using the information below.

Prescription Drugs

If the actual cost for a drug is less than the normal cost-sharing amount for that drug, you will pay the actual cost, not the higher cost-sharing amount.

Your plan sponsor has chosen to make supplemental drug coverage available to you. This coverage is in addition to your Part D prescription drug benefit. The drug copays in this section are for drugs that are covered by both your Part D prescription drug benefit and your supplemental drug coverage. You can view the Certificate of Coverage at www.welcometouhc.com/sfhss or call Customer Service to have a hard copy sent to you.

Your plan sponsor has elected to offer additional coverage on some prescription drugs that are normally excluded from coverage on your Formulary. Please see your Additional Drug Coverage list for more information.

If you reside in a long-term care facility, you will pay the same for a 31-day supply as a 30-day supply at a retail pharmacy.

Drug List

Drug List

This is a partial alphabetical list of prescription drugs covered by the plan as of August 1, 2019. This list can change throughout the year. Call us or go online for the most complete, up-to-date information. Our phone number and website are listed on the back cover of this book.

- ☐ **Brand name** drugs are in **bold** type. Generic drugs are in plain type
- ☐ Covered drugs are placed in tiers. Each tier has a different cost
 - Tier 1: Preferred generic
 - Tier 2: Preferred brand
 - Tier 3: Non-preferred drug
 - Tier 4: Specialty tier
- ☐ Each tier has a copay or coinsurance amount
- ☐ See the Summary of Benefits in this book to find out what you'll pay for these drugs
- ☐ Some drugs have coverage requirements, such as Prior Authorization or Step Therapy. If your drug has any coverage rules or limits, there will be code(s) in the list. The codes and what they mean are shown below

PA Prior authorization	The plan needs more information from your doctor to make sure the drug is being used correctly for a medical condition covered by Medicare. If you don't get prior approval, it may not be covered.
QL Quantity limits	The plan only covers a certain amount of this drug for 1 copay. Limits help make sure the drug is used safely. If your doctor prescribes more than the limit, you or your doctor can ask the plan to cover the additional quantity.
ST Step therapy	You may need to try lower-cost drugs that treat the same condition before the plan will cover your drug. If you have tried other drugs or your doctor thinks they are not right for you, you or your doctor can ask the plan for coverage.
B/D Medicare Part B or Part D	Depending on how this drug is used, it may be covered by Medicare Part B or Part D. Your doctor may need to give the plan more information about how this drug will be used to make sure it's covered correctly.
HRM High-risk medication	This drug is known as a high-risk medication (HRM) for patients 65 years and older. This drug may cause side effects if taken on a regular basis. We suggest you talk with your doctor to see if an alternative drug is available to treat your condition.

T1 = Tier 1 T2 = Tier 2 T3 = Tier 3 T4 = Tier 4

Y0066_190516_092901_M

LA Limited access	The FDA only lets certain facilities or doctors give out this drug. It may require extra handling, doctor coordination or patient education.
MME Morphine milligram equivalent	Additional quantity limits may apply across all drugs in the opioid class used for the treatment of pain. This additional limit is called a cumulative morphine milligram equivalent (MME), and is designed to monitor safe dosing levels of opioids for individuals who may be taking more than 1 opioid drug for pain management. If your doctor prescribes more than this amount or thinks the limit is not right for your situation, you or your doctor can ask the plan to cover the additional quantity.
7D 7-Day limit	An opioid drug used for the treatment of acute pain may be limited to a 7-day supply for members with no recent history of opioid use. This limit is intended to minimize long-term opioid use. For members who are new to the plan, and have a recent history of using opioids, the limit may be overridden by having the pharmacy contact the plan.
DL Dispensing limit	Dispensing limits apply to this drug. This drug is limited to a 1 month supply per prescription.

Additional Drug Coverage

Bonus Drug List

Your employer group or plan sponsor offers a bonus drug list. The prescription drugs on this list are covered in addition to the drugs on the plan’s drug list (formulary).

The drug tier for each prescription drug is shown on the list.

Although you pay the same copay or coinsurance for these drugs as shown in the Summary of Benefits and Evidence of Coverage, the amount you pay for these additional prescription drugs **does not apply to your Medicare Part D out-of-pocket costs**. Payments for these additional prescription drugs (made by you or the plan) are treated differently from payments made for other prescription drugs.

Coverage for the prescription drugs on the bonus drug list is in addition to your Part D drug coverage. Unlike your Part D drug coverage, you are unable to file a Medicare appeal or grievance for drugs on the bonus drug list. If you have questions, please call Customer Service using the information on the cover of this book.

If you get Extra Help from Medicare to pay for your prescription drugs, it will not apply to the drugs on this bonus drug list.

This is not a complete list of the prescription drugs available to you or the restrictions and limitations that may apply through the bonus drug list. If your drug has any coverage rules or limits, there will be code(s) in the “Coverage Rules or Limits on use” column of the chart. The codes and what they mean are shown below. If you have questions about drug coverage, please call Customer Service using the information on the cover of this book.

QL Quantity limits	The plan only covers a certain amount of this drug for one copay or over a certain number of days. These limits may be in place to ensure safe and effective use of the drug.
DL Dispensing limit	Dispensing limits apply to this drug. This drug is limited to a one month supply per prescription.

Statements of Understanding

By enrolling in this plan, I agree to the following:

This is a Medicare Advantage plan and has a contract with the federal government. This is not a Medicare Supplement plan.

I need to keep my Medicare Part A and/or Part B, and continue to pay my Medicare Part B and, if applicable, Part A premiums, if they are not paid for by Medicaid or a third party.

The service area includes the 50 United States, the District of Columbia and all U.S. territories.

I may not be covered while out of the country, except for limited coverage near the U.S. border. However, under this plan, when I am outside of the U.S. I am covered for emergency or urgently needed care.

I can only have one Medicare Advantage or Prescription Drug plan at a time.

- Enrolling in this plan will automatically disenroll me from any other Medicare health plan. If I disenroll from this plan, I will be automatically transferred to Original Medicare. If I enroll in a different Medicare Advantage plan or Medicare Part D Prescription Drug Plan, I will be automatically disenrolled from this plan.
- If I have prescription drug coverage or if I get prescription drug coverage from somewhere other than this plan, I will inform UnitedHealthcare.
- Enrollment in this plan is for the entire plan year. I may leave this plan only at certain times of the year or under special conditions.

If I do not have prescription drug coverage, I may have to pay a late enrollment penalty.

This would apply if I did not sign up for and maintain creditable prescription drug coverage when I first became eligible for Medicare. If I get a late enrollment penalty, I will receive a letter making me aware of the penalty and what the next steps are.

I will receive information on how to get an Evidence of Coverage (EOC).

- The EOC will have more information about services covered by this plan. If a service is not listed, it will not be paid for by Medicare or this plan without authorization.
- I have the right to appeal plan decisions about payment or services if I do not agree.

My information will be released to Medicare and other plans, only as necessary, for treatment, payment and health care operations.

Medicare may also release my information for research and other purposes that follow all applicable Federal statutes and regulations.
