RE: Update on Financial Report as of February 29, 2016

This report summarizes revenues and expenses of the Employee Benefit Trust Fund (Trust Fund) and the General Fund Administration Budget through February 29, 2016, as well as fiscal year-end projections through June 30, 2016.

#### **Employee Benefit Trust Fund**

On June 30, 2015, the Trust Fund balance was \$81.5 million. Based on activity through February 2016, the fund balance is projected to be \$77.3 million as of June 30, 2016. The projected \$4.2 million decrease includes reserves for unpaid claims and is a result of the following changes.

- 1. City Plan \$9.9 million decrease in fund balance resulting from:
  - a. \$0.8 million increase in fund balance:
    - \$0.6 million from pharmacy rebates (additional information on page 3)
    - \$0.2 million due to favorable claim experience
  - b. \$10.7 million decrease in fund balance:
    - \$3.7 million associated with subsidizing 2015 rates (for the first six months of FY 2015-16) from the claim stabilization reserve
    - \$7.0 million associated with subsidizing 2016 rates (for the second six months of FY 2015-16) from the claim stabilization reserve
- 2. Blue Shield Flex Plan \$0.4 million increase in fund balance resulting from:
  - a. \$5.3 million increase in fund balance:
    - \$2.2 million associated with the increase in 2016 rates (for the second six months
      of FY 2015-16) to recover the 2014 deficit

- \$2.8 million from pharmacy rebates (additional information on page 4)
- \$0.3 million due to favorable claim experience
- b. \$4.9 million decrease in fund balance associated with subsidizing rates in Plan Year 2015 (for the first six months of FY 2015-16) from the claim stabilization reserve
- 3. Self-insured dental plan \$5.1 million increase in fund balance associated with:
  - a. \$5.7 million due to favorable claim experience
  - b. \$0.6 million decrease in fund balance associated with subsidizing 2016 rates (for the second six months of FY 2015-16) from the claim stabilization reserve

The projections for the self-insured dental premiums and claims are based on the actual experience during the current fiscal year. For the most part, the projections are straight lined based on the number of months of actual premiums and claims data. The Board report that was presented last month was based on seven months of experience. As the fiscal year progresses the accuracy of the projections improve.

Several factors impact the timing of the claims. The 2015 plan year is a calendar year and covers two fiscal years - FY 2014-15 and FY 2015-16. If claims occur in the first six months of the plan year, they will be posted to one fiscal year, and if they occur during the second six months of the plan year, they will be posted to the subsequent fiscal year. The timing of claims vary month to month and year to year, therefore it is difficult to project.

Based on eight months of experience, \$5.1 million in excess premium equivalents over claims is projected. This projection is consistent with the amount that was presented in the Financial Report as of February 2015.

- 4. Interest \$0.4 million increase in fund balance from HSS Trust cash balances
- 5. Forfeitures \$0.5 million decrease in fund balance associated with transfers to the General Fund pursuant to the FY 2015-16 budget (additional information on page 4)
- 6. Performance guarantees \$0.2 million increase in fund balance due from Blue Shield for the plan year 2014
- 7. Healthcare Sustainability Fund (\$2.05) \$0.1 million increase in fund balance

The \$2.05 per member per month charge is one of the components of the premiums. Since the \$2.05 is incorporated in the premiums which has allocated between the employer and employee based on the contribution model. Based on the current contribution models, the employer pays the majority of the charge. Based on eight months of actuals, the Healthcare Sustainability Fund is projected to have a balance of \$84,949 at the end of fiscal year.

The table above reflects the year to date actuals through February 29, 2016. The Revised Budget reflects an increased focus on Communications and the categories in which they are expended. The Balance is the difference between the Revised Budget and the Projection. Projected savings are represented by a positive number while expenditures that exceed the budget are represented by a (negative) number.

#### Projected savings (expenditures that are less than the budget)

- 1. Personnel Services and Mandatory Fringes \$58,958 savings associated with the difficulty in hiring a graphic artist
- 2. Wellness Communication \$5,000 savings associated with communications that have been delayed due to resource constraints
- 3. Wellness \$17,290 savings associated with initiatives that have been delayed due to resource constraints
- 4. Contingency for Unforeseen Issues \$65,706 savings

#### Projected deficits (expenditures that are over the budget)

1. Open Enrollment Communications - \$15,896 projected over expenditure due to provision of additional materials for Open Enrollment

- 2. Operations Communications \$74,650 projected over expenditure resulting from:
  - a. Issuance of a voluntary benefits survey to gauge member interest in the types of offerings
  - b. Affordable Care Act requirement to produce and mail the Minimal Essential Coverage IRS forms (a.k.a. 1095 forms)
  - c. Additional usage of contracted services for address validation audits
- 3. Other Communications \$4,051 projected over expenditure due to purchase of additional software licenses
- 4. Initiatives to Reduce Health Care Costs \$10,590 projected over expenditure due to Blue Shield charging for Medicare data used in the All Payers Claims Database
- 5. SFGTV \$11,767 projected over expenditure due to not budgeting the workorder

#### Pharmacy Rebates

The following table summarizes the FY 2015-16 pharmacy rebates as of February 29, 2016 and year-end projection. The rebates reduce the amount of claims HSS pays to the vendors.

| Vendor      | Amount (year | Time Period Covered           | Year-End Projection |
|-------------|--------------|-------------------------------|---------------------|
|             | to date)     |                               |                     |
| Blue Shield | \$1,626,097  | April 2015 – September 2015   | \$2,800,000         |
| UHC         | 374,796      | October 2014 – September 2015 | 600,000             |
| Total       | \$2,000,893  |                               | \$3,400,000         |

#### Forfeitures associated with Health Care and Dependent Care FSA

The Federal and IRS rules expressly state that the forfeitures can be used to fund administration. In addition, the Health Service Board approves the HSS Section 125 Cafeteria Plan (Plan) which is reviewed annually by HSS to ensure consistency with the Federal and IRS rules. The Health Service Board approves changes to the Plan annually.

The Plan Year 2015 run-out period will end on March 31, 2016 and HSS will reconcile the amount before the fiscal year-end. No additional information is available for Plan Year 2015.

#### General Fund Administration Budget (including Enterprise Content Management System)

Based on the financial results for the first eight months of FY 2015-16, the budget is projected to be fully expended. Any unexpended balance will be used to fund part-time staff for scanning documents that will be incorporated in the Enterprise Content Management System (ECM), purchase ergonomic equipment, and fund other essential expenditures.
