

**HEALTH SERVICE SYSTEM  
CITY & COUNTY OF SAN FRANCISCO**

**Memorandum**

DATE: February 12, 2015

TO: Randy Scott, President and Members of the Health Service Board

FROM: Pamela Levin, Chief Financial Officer *Pamela Levin*

RE: Health Service System FY 2015-16 and FY 2016-17 Budget for the Healthcare Sustainability Fund

---

The Health Service System (HSS) is pleased to present the FY 2015-16 and FY 2016-17 Healthcare Sustainability Fund Budget (\$2.05 Budget) for approval by the Health Service Board (Board). This year, the \$2.05 budget was developed at the same time as the General Fund Administrative Budget to provide more transparency and ensure coordination between the two budgets.

**Development of the \$2.05 Budget**

Three overarching principals were considered by HSS in developing the \$2.05 Budget.

1) Adherence to the San Francisco City Charter Limitation on Uses of the \$2.05

The use of the \$2.05 budget is governed by the San Francisco City Charter section A8.423. The Charter language is as follows:

"The Health Service Board shall have the responsibility to obtain and disseminate information to its members with regard to plan benefits and costs thereof. All expenses in connection with obtaining and disseminating said information, the investment of such fund or funds as may be established, including travel and transportation costs, member wellness programs, actuarial expenses and expenses incurred to reduce health care costs, shall be borne by the system from reserves in the health service fund but only upon adoption of a resolution by the Health Service Board approving such expenses."

The summary of the \$2.05 initiatives are organized into 3 categorizes: Communications, Wellness and Initiatives to Reduce Healthcare costs.

1145 Market Street, 3rd Floor San Francisco, CA 94103

Phone: (415) 554-1750 or 1-800-541-2266 Fax: (415) 554-1721

[myhss.org](http://myhss.org)

**2) Ensure the \$2.05 Budget is Consistent with the 2015-2017 Strategic Plan**

The Board approved the 2015-2017 Strategic Plan, at the January 14, 2016 Health Service Board meeting, which guides the decisions on how best to apply available financial and human resources.

Four Strategic Goals were outlined:

**1. Department Operational Excellence**

- Excellence in member interactions and exceed industry standards.
- Maintain high accounting standards.
- Maximize staff effectiveness.
- eServices: online enrollment via PeopleSoft 9.2.
- Develop and implement internal reporting environment.
- Improve member records access and retention.

**2. Affordable Quality Healthcare**

- Effectively prepare Health Service Board for mandated annual rates and benefits review.
- Manage contracted health plans to improve care and reduce cost.
- Monitor and advocate for effective Accountable Care Organizations (ACO's).
- Enhance dashboard reporting and informatics.
- Implement an All Payer Claims Database (APCD).

**3. Informed, Transparent, Effective Governance**

- Enable Health Service Board effectiveness.
- Heighten members' awareness of Board activities and fiduciary responsibility.
- Effectively respond to public information and media requests about HSS and health Service Board business.
- Continue enhancing web-based digital communication of Board activities.

**4. HSS Members**

- Ensure consistency and accuracy of employee and retiree health benefits communications.
- Engage members in making well-being a priority.
- Upgrade HSS website.
- Increase digital communications with members.
- Engage departments in creating a culture of wellness.

The request for funding from the \$2.05 support at least one of the strategic goals.

**3) Employ Best Practices in Budgeting**

The \$2.05 revenue is a per-member-per-month charge to the four employers: 1) City and County of San Francisco, 2) Superior Court, 3) San Francisco City College and 4) the San Francisco Unified School District. On an annual basis, \$1,555,310 is projected to be collected from both the employees with the employer paying the majority of the \$2.05 per member per month.

According to best practices, the annual revenue should be used for ongoing expenses and the use of the fund balance should be limited to one-time expenditures. HSS has followed best practices in the development of the \$2.05 Budget. The carryforward from FY 2014-15 that funds the FY 2015-16 onetime projects is \$1.48 million.

#### **FY 2014-15 Projection, FY 2015-16 Request and FY 2016-17 Request**

A high level summary of the \$2.05 budget revenues and expenditures by category and by year as follows:

	<b>FY2015-16 PROJECTION</b>	<b>FY2016-17 REQUEST</b>	<b>FY2017-18 REQUEST</b>
<b>ONGOING</b>			
<b>ONGOING REVENUES</b>	1,555,310	1,619,295	1,684,067
<b>ONE-TIME</b>			
<b>ONE-TIME REVENUES</b>	1,484,935	976,263	276,263
<b>ONE-TIME EXPENDITURES</b>			
COMMUNICATIONS	428,672	665,000	121,000
INITIATIVES TO REDUCE HEALTH CARE COSTS	30,000	35,000	15,000
<b>GRAND TOTAL ONE-TIME EXPENDITURES</b>	<b>508,672</b>	<b>700,000</b>	<b>136,000</b>
<b>BALANCE</b>	<b>976,263</b>	<b>276,263</b>	<b>140,263</b>

A detailed summary is found on pages 5-8. Notes are provided for the existing expenditures and separate write-ups follow the summary for the new initiatives.

A detailed summary is found on pages 5-8. Notes are provided for the existing expenditures and separate write-ups (pages 5-25) follow the summary for the new initiatives.

## **Next Steps**

There are many ongoing requirements that cannot be met within the revenue that comes from the \$2.05 per member per month incorporated into the premiums. They include additional funding for Wellness activities associated with the loss of support from vendors, additional operation audits for Operations and communications. HSS is recommending increasing the \$2.05 to \$3.00 in FY 2017 which will yield an additional \$671,415.

It is important to note that while it is significant for HSS to have a budget plan with many new initiatives in place, the execution and launching of the new initiatives may be affected by various factors. Many of the new initiatives involve procurement of professional services. Based on past experience, the procurement process can be lengthy to ensure adherence to existing City policies and procedures and compliance with City's requirements. In addition, hiring an additional Wellness Engagement Communications staff has been difficult.

<p>Members of the Health Service System have requested education on benefit issues. This often manifests itself in additional phone calls. With the implementation of eBenefits, the Customer Relationship Management System and the Electronic Content Management System, the staff is extremely busy. Every effort is being made to use alternative ways to furnish information that has been provided via the phone in the past. The Health Service System will produce animated videos for member benefit issues. This medium has proven to be very successful in providing online instructions for self-service benefits, enrollment rules, and explaining qualifying events. Several videos will be used during the online benefits enrollment experience and videos will be employer specific.</p>

<b>Description of the Goal(s) with Anticipated Outcome(s):</b> How fulfilling the request will assist in meeting Departmental, Mayoral, City goals and objectives. Indicate the business need, justification, and metric(s) documenting the existing state and change if the request is approved.	<p>Over the course of the 2016 Benefit Year, Open Enrollment, and subsequent mailings, the Health Service System has identified a growing deficiency of correct active and retired members' mailing and home addresses. The evidence of this has been the thousands of return mail pieces. This creates various issues with member communications, wasted operational costs, Affordable Care Act compliance, Health Insurance Portability and Accountability Act compliance, etc. Over the past five years, the Health Service System has made continuous efforts to contact many of these members to gather updated address information, but it has not been able to reduce the population sufficiently. In an effort to reduce this growing deficiency, the Health Service System will be conducting a member home and mailing address audit project. Funding is requested for printing and mailing the forms that will capture the information. The design of the form will be done in-house.</p>

<b>Description of the Goal(s) with Anticipated Outcome(s):</b> how fulfilling the request will assist in meeting Departmental, Mayoral, City goals and objectives. Indicate the business need, justification, and metric(s) documenting the existing state and change if the request is approved.		Under Employee Retirement Income Security Act ("ERISA") law and related regulations, employee consent must be given in order for employees to receive electronic communications about their benefits. The Health Service System (HSS) is not subject to ERISA but as a large employer will likely look to ERISA guidance for best practices. As HSS moves to eBenefits, funding for employee consent will allow HSS to create the forms and materials required to notify employees and their obtain consent for electronic delivery.

<p>Visits to the myhs.org has increased from 78,000 in 2014 to 118,000 in 2015 or a 51% increases. In 2015 there were also several webinars on Retiree Benefits and the new Minimal Essential Converge IRS forms. This method of disseminating information has been well received. The Health Service System currently provides lunchtime training sessions and other opportunities for members to understand health benefits and wellness offerings. In order to increase the audience especially those that are not able to attend the classes in person, the Health Service System will produce webinars; these will be accessible year round on myhs.org.</p>

## Health Service System

CITY & COUNTY OF SAN FRANCISCO

ONGOING 5

<b>Health Service System Budget Request Form - \$2.05</b>	
<b>ANNUAL WELLNESS CAMPAIGNS (PHYSICAL ACTIVITY, NUTRITION AND FLU)</b>	
<b>Request Title</b>	<b>01/26/15</b>
<b>Date of Request</b>	
<b>Health Service System Division</b>	Wellness

<b>Description of the Goal(s) with Anticipated Outcome(s):</b> how fulfilling the request will assist in meeting Departmental, Mayoral, City Goals and objectives. Indicate the business need, justification, and metric(s) documenting the existing state and change if the request is approved.	
Wellness campaigns raise awareness about lifestyle modifications and their potential health benefit. They include a call to action (for example: get your flu shot, set an activity goal and track it, eat at least 5 servings of fruits and vegetables) to encourage individuals to embrace healthy lifestyle habits. Improved lifestyle habits are associated with improved quality of life, productivity, improved health outcomes, and reduced health care costs. These are the goals of the Wellness Plan.	
<input type="checkbox"/> Obtaining and Dissemination Information to Members on Plan Benefits and Costs <input checked="" type="checkbox"/> Member Wellness Programs <input type="checkbox"/> Actuarial Expenses <input checked="" type="checkbox"/> Expenses Incurred to Reduce Health Care Costs

## ONGOING 6

**Health Service System Budget Request Form - \$2.05**

Request Title	CHAMPION WEB PAGES
Date of Request	01/26/15
Health Service System Division	Wellness

**Description of the Goal(s) with Anticipated Outcome(s):**  
how fulfilling the request will assist in meeting Departmental, Mayoral, City goals and objectives. Indicate the business need, justification, and metric(s) documenting the existing state and change if the request is approved.

The Champion Program brings well-being to the workplace. This network of over 175 employees helps to bring activities to the workplace, spreads the word about programs, and brings valuable insight about the departments back to HSS to inform programming selections. Approximately four times per year, Champions are trained. The Champion website currently houses any materials referenced in training (allowing access to those who couldn't attend trainings, reducing waste, and allowing access to materials anytime to Champions). Enhancements are planned for the website in 15-16 which will add areas for Champions to share their experiences and successful programs to be showcased. Ongoing funds will keep the website relevant and engaging to Champions.

CITY &amp; COUNTY OF SAN FRANCISCO

### Health Service System Budget Request Form - \$2.05

Ongoing 9

Request Title	WELLNESS CHALLENGE PLATFORM & SHAPE UP
Date of Request	01/26/15
Health Service System Division	Wellness

Description of the Goal(s) with Anticipated Outcome(s): how fulfilling the request will assist in meeting Departmental, Mayoral, City goals and objectives. Indicate the business need, justification, and metric(s) documenting the existing state and change if the request is approved.	Participation in a wellness challenge provides a tangible action and measurement for wellness campaigns. They support individuals embracing healthy lifestyle habits through 6-8 weeks of goal setting and tracking. Improved lifestyle habits are associated with improved quality of life, productivity, improved health outcomes, and reduced health care costs. These are the goals of the Wellness Plan.
Supporting Factors (one or more must be met)	<input type="checkbox"/> Obtaining and Dissemination Information to Members on Plan Benefits and Costs <input checked="" type="checkbox"/> Member Wellness Programs <input type="checkbox"/> Actuarial Expenses <input checked="" type="checkbox"/> Expenses Incurred to Reduce Health Care Costs

how fulfilling the request will assist in meeting  
Departmental, Mayoral, City goals and objectives, indicate  
the business need, justification, and metric(s) documenting  
the existing state and change if the request is approved.

The Health Service Board approved entering a 3 year contract with Truven Health for the implementation and maintenance of an All Payer Claims Database to deliver on enhanced reporting & informatics. The APCD is a cornerstone of Health Service System ("HSS") initiatives to improving care, reducing costs, evaluating wellness programs, and evaluating the care our members receive. HSS requires Truven services to deliver some of the analysis because 1) HSS does not have the expertise on the Truven metrics 2) the derived data element does not exist in the APCD but Truven can still perform the specialized analysis from the raw data files to which HSS does not have access 3) To ensure privacy HSS does not have access to any patient identifiable information and therefore Truven is required to perform the analysis at the patient level and then provide the deidentified results. Pending analysis includes the HSS goal to support California's "Choosing Wisely" Goal to reduce opioid use and augmentation of the diabetes prevention study just launching for which HSS will not have access to knowing who is involved in the study.

Supporting Factors (one or more must be met)	<input checked="" type="checkbox"/> Obtaining and Dissemination information to Members on Plan Benefits and Costs <input checked="" type="checkbox"/> Member Wellness Programs <input type="checkbox"/> Actuarial Expenses <input checked="" type="checkbox"/> Expenses Incurred to Reduce Health Care Costs

<b>The Health Service Board approved entering a 3 year contract with Truven Health for the implementation and maintenance of an All Payer Claims Database to deliver on enhanced reporting &amp; informatics. The APCD is a cornerstone of HSS initiatives to improving care, reducing costs, evaluating wellness programs, and evaluating the care our members receive. Yearly HSS is subject to various plan design changes which impact the source data being loaded into the APCD. For example, in 2016 HSS launched the new UHC MAPD NPO product. HSS requires the claims data for this new product to assess care, quality and costs for all of the HSS population. These fees have recurring maintenance costs associated with the transformation and loading of the files during our regularly scheduled updates. Additionally, HSS incurs recurring costs related to travel and training.</b>

Health Service System Budget Request Form - \$2.05			One Time 4																																								
 <b>HEALTH SERVICE SYSTEM</b> CITY & COUNTY OF SAN FRANCISCO																																											
<b>Request Title</b>	<b>WEBSITE REDesign 3.0</b>																																										
<b>Date of Request</b>	01/27/16																																										
<b>Health Service System Division</b>	Communications	<b>Requestor</b>	Rosemary Passantino																																								
<p><b>Description of the Goal(s) with Anticipated Outcome(s):</b> how fulfilling the request will assist in meeting Departmental, Mayoral, City goals and objectives. Indicate the business need, justification, and metric(s) documenting the existing state and change if the request is approved.</p> <p>Visits to the website myhss.org have been increasing steadily year over year, with a 51% increase in site visitors from 2014 to 2015, and they are expected to continue growing with the introduction of eBenefits. 20% of visits are now via tablet or smartphone. This project will allow the Health Service System ("HSS") to redesign the user experience of myhss.org using agile best practices being advocated by the Department of Technology ("DT") and the Mayor's Office. It will allow for recoding of the HSS website on the Drupal Content Management System platform that DT has stated they be supporting for all sfgov websites in the future.</p>																																											
<p><b>Supporting Factors (one or more must be met)</b></p> <p><input checked="" type="checkbox"/> Obtaining and Dissemination Information to Members on Plan Benefits and Costs  <input checked="" type="checkbox"/> Member Wellness Programs  <input type="checkbox"/> Actuarial Expenses  <input type="checkbox"/> Expenses Incurred to Reduce Health Care Costs</p>

<p><b>Strategic Plan measure(s) and title</b></p> <p>4A - Ensure consistency and accuracy of employee and retiree health benefits communication; 4A4 - Routinely update website myhss.org</p>																																											

Health Service System Budget Request Form - \$2.05		One Time 5	
<b>Request Title</b>	<b>APCD DATA FEED FOR NPPO AND SUTTER</b>		
<b>Date of Request</b>	01/27/16		
<b>Health Service System Division</b>	Data Analytics		
<p><b>Description of the Goal(s) with Anticipated Outcome(s):</b>            How fulfilling the request will assist in meeting Departmental, Mayoral, City goals and objectives. Indicate the business need, justification, and metric(s) documenting the existing state and change if the request is approved.</p>			
<p>The Health Service Board approved entering a 3 year contract with Truvan Health for the implementation and maintenance of an All Payer Claims Database to deliver on enhanced reporting &amp; informatics. The APCD is a cornerstone of HSS initiatives to improving care, reducing costs, evaluating wellness programs, and evaluating the care our members receive. Yearly HSS is subject to various plan design changes which impact the source data being loaded into the APCD. For example, in 2016 HSS launched the new UHC MAPD NPPO product. HSS requires the claims data for this new product to assess care, quality and costs for all of the HSS population.</p>			
<p><input checked="" type="checkbox"/> Obtaining and Dissemination Information to Members on Plan Benefits and Costs  <input checked="" type="checkbox"/> Member Wellness Programs  <input checked="" type="checkbox"/> Actuarial Expenses  <input checked="" type="checkbox"/> Expenses incurred to Reduce Health Care Costs</p>			
<p><b>Supporting Factors (one or more must be met)</b></p>			
<p><input type="checkbox"/> Department Operational Excellence  <input checked="" type="checkbox"/> Affordable, Quality Healthcare  <input type="checkbox"/> Informed, Transparent,  <input checked="" type="checkbox"/> Educated and Empowered HSS</p>			
<p><b>Strategic Plan measure(s) and title</b></p>			
<p>2A - Effectively prepare Health Service Board for Charter-mandated annual rates and benefits review; 2A4 - Report on innovative programs to promote health and manage disease            2C - Enhance dashboard reporting and informatics; 2C1 - Assess and improve data collection standards and presentation for existing dashboard, 2C3 - Benchmark comparable employers to enhance application of industry trend analysis and forecasting, 2C4 - Annually monitor population risk changes            4F - Implement an All Payer Claims Database; 4F1 - Provide aggregate information on cost and quality of healthcare</p>
