- Tracking journals

Practice Mindfulness with Teladoc Mental Health (Digital Program)

One of the many useful modules from Teladoc Mental Health (Digital Program) is Mindfulness. Mindfulness is a suite of wellness actions that can help train you to focus on the present moment. It often uses all your senses. You can use these techniques to help you:

- Reduce panic attacks.
- Ease stress and worry.
- Boost your total wellness.

(continued)

Ways to reward yourself using this program:

- Take a few minutes to plan and start your day
- Practice mindful eating at lunch or snack time
- Take deep breaths to help you relax
- Pause and reflect on your thoughts and feelings
- Notice new things during your commute on the bus/train or in the car
- Create a “letting go” moment at the end of your day

Use Teladoc Mental Health (Digital Program) to Help with Pain Control

Teladoc Mental Health (Digital Program) also offers guided modules designed to help you manage pain. You can live a more fruitful life, despite your condition. Explore techniques to help you manage pain through exercise and online content. You can also learn about the careful use of medications. The program’s goal is to help you:

- Learn ways to manage pain safely
- Stay focused on pain treatment goals for the long-term
- Increase your sense of control
- Adopt a healthy lifestyle by being active and eating well
