Ready to Retire

Tuesdays @ 12 pm

After many years of hard work, retirement is finally in sight. Now is a good time to make sure that you'll be ready. You'll learn about how much you may need in retirement, how to measure if you're on track to replace most of your income, and the different distribution options available to you in the SFDCP to help make your retirement dreams a retirement reality!

Save for your future & on your taxes with the SFDCP

Tuesdays @ 6 pm

The SFDCP offers pre-tax and Roth after-tax savings options to help put money away for retirement while also providing tax benefits. Which one is right for you? You'll learn about how each savings option works, when each are taxed, how it impacts your take-home pay, and how there are no income restrictions to save into the SFDCP, unlike with an IRA. No matter how you save into the SFDCP, though, the Plan can help you achieve your financial retirement goals.

Path to Retirement

Wednesdays @ 6 pm

Retirement may be years or even decades away, but you can take important steps now to help prepare for your future. Don't put off saving for retirement any longer! What you may need to achieve your financial retirement goals may surprise you, which is why contributing to the SFDCP is so important! You'll learn why enrolling in the SFDCP is a vital part of your best retirement and how engaging with your account during your working years can help you stay on track for retirement. Plan today for your tomorrow with the SFDCP!

Getting a raise in July?

Thursdays @ 12 pm

It's a good idea to review your finances every time you get a salary increase, especially before you get accustomed to having the extra money in your paycheck. Your financial review should include your retirement planning strategy as well. You'll learn how the SFDCP can help you keep more of what you're now earning by investing it in your future to achieve your financial retirement goals. Whether you're already participating in the Plan or thinking about enrolling, making a plan and taking action with each raise can help benefit both your current and future self.
