### SFPUC - Raffle for Employees Working On-Site

SFPUC's essential employees have worked onsite throughou the pandemic since March 2020. With the directive from the SF Department of Human Resources, full-time telecommuting City employees were required to return to the worksite starting in November 2021

As a small token of thanks to our employees, and to kick off the holidays with some cheer, SFPUC organized an agency-wide raffle. The prize (swag bags) were for employees working on site in November 2021, December 2021, or January 2022 - 45 winners in total. Employees were automatically entered for the monthly raffle, and because it's an agency-wide raffle, winners can be located at any of our facilities from the Bay Area to Moccasin and can also be of various positions - whether working in the field or office. Swag bags items were subject to change and depended on availability but included items suc : lunch bag, water bottle, stress ball, stretch band, cara hand sanitizer, phone sanitizer/screen cleaner, or other fun items. All SFPUC employees should now be more aware of well-being, but especially the 45 winners who receive the s bags, as most of the items can help improve health.

People are excited about the raffle, and our culture of Well Being at SFPUC has likely improved during this time

### **CPC** - Plant Swap

The Planning Department continued to celebrat spring by organizing a department-wide plant swap event. Prior to the event, participants received an invitation to get their plant cuttings ready to bring to the office and share. Studies have shown that indoor plants can help to boos mode and reduce stress. Indoor plants also provide a welcoming environment, especially i an office setting. Event organizers designed and printed plant care information cards for people to omplete and leave with their cuttings.

Participants brought cuttings in to share on Apr

### SFMTA - Wellness Room Re-openings

Found at multiple agency sites City-wide, SFMTA Wellness Rooms are havens for self-paced exercise, stretching, cardio, ergo breaks and stress reduction

After closures due to Coronavirus constraints, the SFMTA fitness facilities were able to re-open during June 2021 with City-approved guidelines and requirements. Necessary elements included masking, signage, maximum room capacity, reservation sheets, and on-site contacts.

The SFMTA Wellness Program, SFMTA COVID-19 Department Operations Center (DOC), COVID Location Managers and Transit Wellness Group members worked together in preparing the Re-opening Guidelines, a prime example of successful intra-agency collaboration.

After release of an official Agency Bulletin, information or the eagerly anticipated re-openings was distributed through All-staff emails, blog posts, and Digital Signage
