The San Francisco Health Service System is pleased to provide you with this Summary Plan Description (SPD), which describes the health Benefits available to you and your covered family members. It includes summaries of:

- who is eligible;
- services that are covered, called Covered Health Services;
- services that are not covered, called Exclusions;
- how Benefits are paid; and
- your rights and responsibilities under the Plan.

This SPD is designed to meet your information needs and the disclosure guidelines of applicable laws. It supersedes any previous printed or electronic SPD for this Plan.

The San Francisco Health Service System intends to continue this Plan, but reserves the right, in its sole discretion, to modify, change, revise, amend or terminate the Plan at any time, for any reason, and without prior notice. This SPD is not to be construed as a contract of or for employment. If there should be an inconsistency between the contents of this summary and the contents of the Plan, your rights shall be determined under the Plan and not under this summary.

UnitedHealthcare is a private healthcare claims administrator. UnitedHealthcare's goal is to give you the tools you need to make wise healthcare decisions. UnitedHealthcare also helps your employer to administer claims. Although UnitedHealthcare will assist you in many ways, it does not guarantee any Benefits. The San Francisco Health Service System is solely responsible for paying Benefits described in this SPD.

Please read this SPD thoroughly to learn how the Health Service System Retiree Choice Plus and Select Plus Plans work. If you have questions contact the Health Service System or call the number on the back of your ID card.
How To Use This SPD

- Read the entire SPD, and share it with your family. Then keep it in a safe place for future reference.
- Many of the sections of this SPD are related to other sections. You may not have all the information you need by reading just one section.
- You can find copies of your SPD and any future amendments at [www.sfhss.org](http://www.sfhss.org) or request printed copies by contacting the San Francisco Health Service System at 1-800-541-2266.
- Capitalized words in the SPD have special meanings and are defined in Section 14, Glossary.
- If eligible for coverage, the words "you" and "your" refer to Covered Persons as defined in Section 14, Glossary.
- The San Francisco Health Service System (SFHSS) is also referred to as Company.
- If there is a conflict between this SPD and any benefit summaries (other than Summaries of Material Modifications) provided to you, this SPD will control.

Please Note
Your Physician does not have a copy of your SPD, and is not responsible for knowing or communicating your Benefits.
SECTION 2 - INTRODUCTION

What this section includes:
■ Who’s eligible for coverage under the Plan;
■ The factors that impact your cost for coverage;
■ Instructions and timeframes for enrolling yourself and your eligible Dependents;
■ When coverage begins; and
■ When you can make coverage changes under the Plan.

Eligibility
You are eligible to enroll in the Plan if you are a person who retires while covered under the Plan and you are Medicare eligible, and not enrolled in Medicare.

Your eligible Dependents may also participate in the Plan. An eligible Dependent is considered to be:

■ your Spouse, as defined in Section 14, Glossary; and
■ your child or your Spouse or Domestic Partner's child as defined by the SFHSS Eligibility Rules, which are available at www.sfhss.org/member_services/rules.html.

Coverage for a Dependent child acquired through birth will be automatically covered for a 31-day period under the Participants social security number as baby boy or baby girl. Claims incurred and submitted for Covered Health Services during this period of time will be paid by the Plan. Any claims received after the 31-day period, for dates of service after the 31 days post-birth, will be denied unless the Dependent child has already been added as a Dependent.

Note: Your Dependents may not enroll in the Plan unless you are also enrolled. In addition, if you and your Spouse or Domestic Partner are both covered under the Plan, you may each be enrolled as a Member or be covered as a Dependent of the other person, but not both. In addition, if you and your Spouse are both covered under the Plan, only one parent may enroll your child as a Dependent.

A Dependent also includes a child for whom health care coverage is required through a Qualified Medical Child Support Order or other court or administrative order, as described in Section 13, Other Important Information.

Cost of Coverage
You and the San Francisco Health Service System share in the cost of the Plan. Your contribution amount depends on the Plan you select and the family members you choose to enroll.

Your contributions are deducted from your paychecks on a before-tax basis. Before-tax dollars come out of your pay before federal income and Social Security taxes are withheld -
and in most states, before state and local taxes are withheld. This gives your contributions a special tax advantage and lowers the actual cost to you.

**Note:** The Internal Revenue Service generally does not consider Domestic Partners and their children eligible Dependents. Therefore, the value of the San Francisco Health Service System’s cost in covering a Domestic Partner may be imputed to the Member as income. In addition, the share of the Member’s contribution that covers a Domestic Partner and their children may be paid using after-tax payroll deductions.

Your contributions are subject to review and the San Francisco Health Service System reserves the right to change your contribution amount from time to time.

You can obtain current contribution rates by calling the San Francisco Health Service System or logging onto [www.sfhss.org](http://www.sfhss.org).

**How to Enroll**

To enroll, call the San Francisco Health Service System or log onto [www.sfhss.org](http://www.sfhss.org) within 30 days of the date you first become eligible for medical Plan coverage. If you do not enroll within 30 days, you will need to wait until the next annual Open Enrollment to make your benefit elections.

Each year during annual Open Enrollment, you have the opportunity to review and change your medical election. Any changes you make during Open Enrollment will become effective the following January 1.

**Important**

If you wish to change your benefit elections following your marriage, birth, adoption of a child, placement for adoption of a child or other family status change, you must contact the San Francisco Health Service System within 30 days of the event. Otherwise, you will need to wait until the next annual Open Enrollment to change your elections.

**When Coverage Begins**

Coverage will become effective for Employees and Dependents at 12:01 a.m. Pacific Time on the eligibility date established by your Plan Administrator.

**If You Are Hospitalized When Your Coverage Begins**

If you are an inpatient in a Hospital, Skilled Nursing Facility or Inpatient Rehabilitation Facility on the day your coverage begins, the Plan will pay Benefits for Covered Health Services related to that Inpatient Stay as long as you receive Covered Health Services in accordance with the terms of the Plan.

You should notify UnitedHealthcare within 48 hours of the day your coverage begins, or as soon as is reasonably possible. Network Benefits are available only if you receive Covered Health Services from Network providers.
Changing Your Coverage

You may make coverage changes through your Plan Administrator during the year only if you experience a change in family status. The change in coverage must be consistent with the change in status (e.g., you cover your Spouse following your marriage, your child following an adoption, etc.). You can obtain more information on allowable status changes by contacting the San Francisco Health Service System (SFHSS) or logging onto www.sfhss.org.

If you wish to change your elections, you must contact the Health Service System within 30 days of the change in family status. Otherwise, you will need to wait until the next annual Open Enrollment.

While some of these changes in status are similar to qualifying events under COBRA, you, or your eligible Dependent, do not need to elect COBRA continuation coverage to take advantage of the special enrollment rights listed above. These will also be available to you or your eligible Dependent if COBRA is elected.
SECTION 3 - HOW THE PLAN WORKS

What this section includes:
- Claims Administrator;
- Network and Non-Network Benefits;
- Eligible Expenses;
- Annual Deductible;
- Coinsurance;
- Out-of-Pocket Maximum; and
- Lifetime Maximum Benefit.

Claims Administrator

UnitedHealthcare is a private healthcare claims administrator. When the Plan uses the words "Claims Administrator" in this SPD, it is a reference to United HealthCare Services, Inc.

UnitedHealthcare's goal is to give you the tools you need to make wise healthcare decisions. UnitedHealthcare also helps your employer to administer claims. Although UnitedHealthcare will assist you in many ways, it does not guarantee any Benefits. The San Francisco Health Service System is solely responsible for paying Benefits described in this SPD.

Requirements for Notifying the Claims Administrator

Network providers are generally responsible for notifying the Claims Administrator before they provide certain services to you. However, there are some Network Benefits for which you are responsible for notifying the Claims Administrator.

When you choose to receive certain Covered Health Services from Non-Network providers, you are responsible for notifying the Claims Administrator before you receive these Covered Health Services. In many cases, your Non-Network Benefits will be reduced if the Claims Administrator is not notified.

Services for which you are required to provide notification are identified in Section 6, Additional Coverage Details, within each Covered Health Service Benefit description. Please note that notification timelines apply. Refer to the applicable Benefit description to determine how far in advance you must provide notification and any applicable reductions in Benefits.

Contacting the Claims Administrator.

Simply call the toll-free number on your ID card.

Network and Non-Network Benefits

As a participant in this Plan, you have the freedom to choose the Physician or health care professional you prefer each time you need to receive Covered Health Services. The choices
you make affect the amounts you pay, as well as the level of Benefits you receive and any benefit limitations that may apply.

You are eligible for the Network level of Benefits under this Plan when you receive Covered Health Services from Physicians and other health care professionals who have contracted with UnitedHealthcare to provide those services. For facility services, these are Benefits for Covered Health Services that are provided at a Network facility under the direction of either a Network or non-Network Physician or other provider. Network Benefits include Physician services provided in a Network facility by a Network or a non-Network anesthesiologist, Emergency room Physician, consulting Physician, pathologist and radiologist. Emergency Health Services are always paid as Network Benefits.

Depending on the geographic area and the service you receive, you may have access through UnitedHealthcare's Shared Savings Program to non-Network providers who have agreed to discounts negotiated from their charges on certain claims for Covered Health Services. Refer to the definition of Shared Savings Program in Section 14, Glossary, of the SPD for details about how the Shared Savings Program applies.

Generally, when you receive Covered Health Services from a Network provider, you pay less than you would if you receive the same care from a non-Network provider. Therefore, in most instances, your out-of-pocket expenses will be less if you use a Network provider.

If you choose to seek care outside the Network, the Plan generally pays Benefits at a lower level. You are required to pay the amount that exceeds the Eligible Expense. The amount in excess of the Eligible Expense could be significant, and this amount does not apply to the Out-of-Pocket Maximum. You may want to ask the non-Network provider about their billed charges before you receive care. Emergency services received at a non-Network Hospital are covered at the Network level.

**Health Services from Non-Network Providers Paid as Network Benefits**

If specific Covered Health Services are not available from a Network provider, you may be eligible to receive Network Benefits from a non-Network provider. In this situation, your Network Physician will notify the Claims Administrator, and they will work with you, your Network Physician and Personal Health Support to coordinate care through a non-Network provider.

When you receive Covered Health Services through a Network Physician, the Plan will pay Network Benefits for those Covered Health Services, even if one or more of those Covered Health Services is received from a non-Network provider.

**Non-Network Benefits Exception**

You may be eligible to receive Benefits for certain non-Network Covered Health Services paid at the Network level if you do not have access to a Network provider within a 20 mile radius of your home zip code.

You can check a provider's Network status by visiting [http://welcometouhc.com/sfhss](http://welcometouhc.com/sfhss) or by calling UnitedHealthcare at the toll-free number on your ID card. UnitedHealthcare must approve any Benefits payable under this exception before you receive care.
Looking for a Network Provider?
In addition to other helpful information, [http://welcometouhc.com/sfhss](http://welcometouhc.com/sfhss), UnitedHealthcare's consumer website, contains a directory of health care professionals and facilities in UnitedHealthcare's Network. While Network status may change from time to time, [http://welcometouhc.com/sfhss](http://welcometouhc.com/sfhss) has the most current source of Network information. Use [http://welcometouhc.com/sfhss](http://welcometouhc.com/sfhss) to search for Physicians available in your Plan.

**Network Providers**

UnitedHealthcare or its affiliates arrange for health care providers to participate in a Network. At your request, UnitedHealthcare will send you a directory of Network providers free of charge. Keep in mind, a provider's Network status may change. To verify a provider's status or request a provider directory, you can call UnitedHealthcare at the toll-free number on your ID card or log onto [http://welcometouhc.com/sfhss](http://welcometouhc.com/sfhss).

Network providers are independent practitioners and are not employees of City and County of San Francisco or UnitedHealthcare.

The Claims Administrator’s credentialing process confirms public information about the providers' licenses and other credentials, but does not assure the quality of the services provided. If you have a question about a Network provider’s credentials or would like assistance in finding Network provider, please contact the Customer Service number on the back of your ID card.

**Possible Limitations on Provider Use**

If UnitedHealthcare determines that you are using health care services in a harmful or abusive manner, you may be required to select a Network Physician to coordinate all of your future Covered Health Services. If you don't make a selection within 31 days of the date you are notified, UnitedHealthcare will select a Network Physician for you. In the event that you do not use the Network Physician to coordinate all of your care, any Covered Health Services you receive will be paid at the non-Network level.

**Eligible Expenses**

The San Francisco Health Service System (SFHSS) has delegated to the Claims Administrator the initial discretion and authority to decide whether a treatment or supply is a Covered Health Service and how the Eligible Expenses will be determined and otherwise covered under the Plan.

Eligible Expenses are the amount the Claims Administrator determines that the Claims Administrator will pay for Benefits. For Network Benefits, you are not responsible for any difference between Eligible Expenses and the amount the provider bills. For Network Benefits for Covered Health Services provided by a non-Network provider (other than Emergency Health Services or services otherwise arranged by UnitedHealthcare), you will be responsible to the non-Network Physician or provider for any amount billed that is greater than the amount UnitedHealthcare determines to be an Eligible Expense as described below. For Non-Network Benefits, you are responsible for paying, directly to the non-Network provider, any difference between the amount the provider bills you and the amount the
Claims Administrator will pay for Eligible Expenses. Eligible Expenses are determined solely in accordance with the Claims Administrator's reimbursement policy guidelines, as described in the SPD.

For Network Benefits, Eligible Expenses are based on the following:

- When Covered Health Services are received from a Network provider, Eligible Expenses are the Claims Administrator's contracted fee(s) with that provider.
- When Covered Health Services are received from a non-Network provider as a result of an Emergency or as arranged by the Claims Administrator, Eligible Expenses are an amount negotiated by UnitedHealthcare or an amount permitted by law.

For Non-Network Benefits, Eligible Expenses are based on either of the following:

- When Covered Health Services are received from a non-Network provider, Eligible Expenses are determined, based on:
  - Negotiated rates agreed to by the non-Network provider and either the Claims Administrator or one of the Claims Administrator's vendors, affiliates or subcontractors, at the Claims Administrator's discretion.
  - If rates have not been negotiated, then one of the following amounts:

  ♦ For Covered Health Services other than Pharmaceutical Products, Eligible Expenses are determined based on available data resources of competitive fees in that geographic area.
  ♦ When Covered Health Services are Pharmaceutical Products, Eligible Expenses are determined based on 110% of the published rates allowed by the Centers for Medicare and Medicaid Services (CMS) for Medicare for the same or similar service within the geographic market.
  ♦ When a rate is not published by CMS for the service, the Claims Administrator uses a gap methodology established by OptumInsight and/or a third party vendor that uses a relative value scale. The relative value scale is usually based on the difficulty, time, work, risk and resources of the service. If the relative value scale currently in use becomes no longer available, the Claims Administrator will use a comparable scale(s). UnitedHealthcare and OptumInsight are related companies through common ownership by UnitedHealth Group. Refer to UnitedHealthcare's website http://welcometouhc.com/sfhss for information regarding the vendor that provides the applicable gap fill relative value scale information.

IMPORTANT NOTICE: Non-Network providers may bill you for any difference between the provider's billed charges and the Eligible Expense described here.

Foreign Claims
All foreign claims, emergency or non-emergency are to be paid without OptumInsight or medical claim review, EXCEPT large claims exceeding $10,000. The Plan’s Network Coinsurance and Deductible will apply.
**Don't Forget Your ID Card**

Remember to show your UnitedHealthcare ID card every time you receive health care services from a provider. If you do not show your ID card, a provider has no way of knowing that you are enrolled under the Plan.

**Annual Deductible**

The Annual Deductible is the amount of Eligible Expenses you must pay each calendar year for Covered Health Services before you are eligible to begin receiving Benefits. There is a combined Annual Deductible for Network and Non-Network Benefits. The amounts you pay toward your Annual Deductible accumulate over the course of the calendar year.

The Annual Deductible amounts are shown on the first table of Section 5, *Plan Highlights*.

Amounts paid toward the Annual Deductible for Covered Health Services that are subject to a visit or day limit will also be calculated against that maximum benefit limit. As a result, the limited benefit will be reduced by the number of days or visits you used toward meeting the Annual Deductible.

**Coinsurance**

Coinsurance is the percentage of Eligible Expenses that the Plan pays. Coinsurance is a fixed percentage that applies to certain Covered Health Services after you meet the Annual Deductible.

The amounts the Plan pays for coinsurance for each benefit category are shown on the second table of Section 5, *Plan Highlights*.

**Out-of-Pocket Maximum**

The annual Out-of-Pocket Maximum is the most you pay each calendar year for Covered Health Services. There are separate Network and non-Network Out-of-Pocket Maximums for this Plan. If your eligible out-of-pocket expenses in a calendar year exceed the annual maximum, the Plan pays 100% of Eligible Expenses for Covered Health Services through the end of the calendar year.

The Out-of-Pocket Maximum amounts for each Plan are shown on the first table of Section 5, *Plan Highlights*.

Eligible Expenses charged by both Network and non-Network providers apply toward both the Network individual Out-of-Pocket Maximum and the non-Network individual Out-of-Pocket Maximum.

The following table identifies what does and does not apply toward your Network and non-Network Out-of-Pocket Maximums:

SECTION 4 - PERSONAL HEALTH SUPPORT

What this section includes:
- An overview of the Personal Health Support program.

UnitedHealthcare provides a program called Personal Health Support designed to encourage personalized, efficient care for you and your covered Dependents.

Personal Health Support Nurses center their efforts on prevention, education, and closing any gaps in your care. The goal of the program is to ensure you receive the most appropriate and cost-effective services available. A Personal Health Support Nurse is notified by the Claims Administrator when you or your provider calls the toll-free number on your ID card regarding an upcoming treatment or service.

If you are living with a chronic condition or dealing with complex health care needs, UnitedHealthcare may assign to you a primary nurse, referred to as a Personal Health Support Nurse to guide you through your treatment. This assigned nurse will answer questions, explain options, identify your needs, and may refer you to specialized care programs. The Personal Health Support Nurse will provide you with their telephone number so you can call them with questions about your conditions, or your overall health and well-being.

Personal Health Support Nurses will provide a variety of different services to help you and your covered family members receive appropriate medical care. Program components are subject to change without notice. As of the publication of this SPD, the Personal Health Support Nurse program includes:

- **Admission counseling** - Nurse Advocates are available to help you prepare for a successful surgical admission and recovery. Call the number on the back of your ID card for support.

- **Inpatient care management** - If you are hospitalized, a nurse will work with your Physician to make sure you are getting the care you need and that your Physician's treatment plan is being carried out effectively.

- **Readmission Management** - This program serves as a bridge between the Hospital and your home if you are at high risk of being readmitted. After leaving the Hospital, if you have a certain chronic or complex condition, you may receive a phone call from a Personal Health Support Nurse to confirm that medications, needed equipment, or follow-up services are in place. The Personal Health Support Nurse will also share important health care information, reiterate and reinforce discharge instructions, and support a safe transition home.

- **Risk Management** - Designed for participants with certain chronic or complex conditions, this program addresses such health care needs as access to medical specialists, medication information, and coordination of equipment and supplies. Members may receive a phone call from a Personal Health Support Nurse to discuss and share important health care information related to the participant’s specific chronic or complex condition.
If you do not receive a call from a Personal Health Support Nurse but feel you could benefit from any of these programs, please call the toll-free number on your ID card.

**Contacting Personal Health Support is easy.**
Simply call the toll-free number on your ID card.

²These Benefits are for Covered Health Services provided through CRS at a Designated Provider. For oncology services not provided through CRS, the Plan pays Benefits as described under Physician's Office Services, Physician Fees for Surgical and Medical Services, Hospital - Inpatient Stay, Surgery - Outpatient, Scopic Procedures - Outpatient Diagnostic and Therapeutic Lab, X-Ray and Diagnostics – Outpatient, and Lab, X-Ray and Major Diagnostics – CT, PET, MRI, MRA and Nuclear Medicine – Outpatient.
SECTION 6 - ADDITIONAL COVERAGE DETAILS

What this section includes:
■ Covered Health Services for which the Plan pays Benefits; and
■ Covered Health Services that require you to notify the Claims Administrator before you receive them, and any reduction in Benefits that may apply if you do not call the Claims Administrator.

This section supplements the second table in Section 5, Plan Highlights.

While the table provides you with Benefit limitations along with Coinsurance and Annual Deductible information for each Covered Health Service, this section includes descriptions of the Benefits. These descriptions include any additional limitations that may apply, as well as Covered Health Services for which you must call the Claims Administrator. The Covered Health Services in this section appear in the same order as they do in the table for easy reference. Services that are not covered are described in Section 8, Exclusions.

Acupuncture Services

The Plan pays for acupuncture services for pain therapy provided that the service is performed in an office setting by a provider who is one of the following, either practicing within the scope of his/her license (if state license is available) or who is certified by a national accrediting body:

■ Doctor of Medicine;
■ Doctor of Osteopathy;
■ Chiropractor; or
■ Acupuncturist.

Covered Health Services include treatment of nausea as a result of:

■ chemotherapy;
■ Pregnancy; and
■ post-operative procedures.

Any combination of Network Benefits and non-Network Benefits is limited to $1,000 per calendar year. All services rendered by an Acupuncturist count toward this maximum, including, but not limited to, physical therapy, ultraviolet therapy, massage therapy, hot and cold packs, office visits, and electric stimulation therapy.

Did you know…
You generally pay less out-of-pocket when you use a Network provider?
Ambulance Services - Emergency
The Plan covers Emergency ambulance services and transportation provided by a licensed ambulance service to the nearest Hospital that offers Emergency Health Services. See Section 14, Glossary for the definition of Emergency.

Ambulance service by air is covered in an Emergency if ground transportation is impossible, or would put your life or health in serious jeopardy. If special circumstances exist, UnitedHealthcare may pay Benefits for Emergency air transportation to a Hospital that is not the closest facility to provide Emergency Health Services.

Cancer Resource Services (CRS)
The Plan pays Benefits for oncology services provided by Designated Providers participating in the Cancer Resource Services (CRS) program. Designated Provider is defined in Section 14, Glossary.

For oncology services and supplies to be considered Covered Health Services, they must be provided to treat a condition that has a primary or suspected diagnosis relating to cancer. If you or a covered Dependent has cancer, you may:

■ be referred to CRS by a Personal Health Support Nurse;
■ call CRS toll-free at (866) 936-6002; or
■ visit www.myoptumhealthcomplexmedical.com.

To receive Benefits for a cancer-related treatment, you are not required to visit a Designated Provider. If you receive oncology services from a facility that is not a Designated Provider, the Plan pays Benefits as described under:

■ Physician's Office Services - Sickness and Injury;
■ Physician Fees for Surgical and Medical Services;
■ Scopic Procedures - Outpatient Diagnostic and Therapeutic;
■ Therapeutic Treatments - Outpatient;
■ Hospital - Inpatient Stay; and
■ Surgery - Outpatient.

To receive Benefits under the CRS program, you must contact CRS prior to obtaining Covered Health Services. The Plan will only pay Benefits under the CRS program if CRS provides the proper notification to the Designated Provider performing the services (even if you self refer to a provider in that Network).

Congenital Heart Disease (CHD) Surgeries
The Plan pays Benefits for Congenital Heart Disease (CHD) services ordered by a Physician and received at a Designated Provider participating in the Congenital Heart Disease Resource Services program. Benefits include the facility charge and the charge for supplies and equipment. Benefits are available for the following CHD services:
outpatient diagnostic testing;

■ evaluation;

■ surgical interventions;

■ interventional cardiac catheterizations (insertion of a tubular device in the heart);

■ fetal echocardiograms (examination, measurement and diagnosis of the heart using ultrasound technology); and

■ approved fetal interventions.

CHD services other than those listed above are excluded from coverage, unless determined by the Claims Administrator to be proven procedures for the involved diagnosis. Contact the Claims Administrator at the toll-free number on your ID card for information about CHD services.

If you receive Congenital Heart Disease services from a facility that is not a Designated Provider, the Plan pays Benefits as described under:

■ Physician's Office Services - Sickness and Injury;

■ Physician Fees for Surgical and Medical Services;

■ Scopic Procedures - Outpatient Diagnostic and Therapeutic;

■ Therapeutic Treatments - Outpatient;

■ Hospital - Inpatient Stay; and

■ Surgery - Outpatient.

Please remember, Covered Health Services required to be received by a Designated Provider, you must notify the Claims Administrator as soon as the possibility of a CHD surgery arises. If you do not notify the Claims Administrator and if, as a result, the CHD surgeries are not performed by a Designated Provider, Benefits for Covered Health Services will be subject to a $400 reduction.

Dental Services - Accident Only

Dental services are covered by the Plan when any the following are true:

■ treatment is necessary because of accidental damage;

■ treatment is necessary because of tumors of the gums

■ dental damage does not occur as a result of normal activities of daily living or extraordinary use of the teeth;

■ dental services are received from a Doctor of Dental Surgery or a Doctor of Medical Dentistry; and

■ the dental damage is severe enough that initial contact with a Physician or dentist occurs within 72 hours of the accident. (You may request an extension of this time period
Benefits are available only for treatment of a sound, natural tooth. The Physician or dentist must certify that the injured tooth was:

- A virgin or unrestored tooth, or
- A tooth that has no decay, no filling on more than two surfaces, no gum disease associated with bone loss, no root canal therapy, is not a dental implant and functions normally in chewing and speech.

The Plan also covers dental care (oral examination, X-rays, extractions and non-surgical elimination of oral infection) required for the direct treatment of a medical condition limited to:

- dental services related to medical transplant procedures;
- initiation of immunosuppressives (medication used to reduce inflammation and suppress the immune system); and
- direct treatment of acute traumatic Injury, cancer or cleft palate;
- tumor of the gums.

Dental services for final treatment to repair the damage caused by accidental Injury must be started within three months of the accident, or if not a Covered Person at the time of the accident, within the first three months of coverage under the Plan, unless extenuating circumstances exist (such as prolonged hospitalization or the presence of fixation wires from fracture care) and completed within 12 months of the accident, or if not a Covered Person at the time of the accident, within the first 12 months of coverage under the Plan

The Plan pays for treatment of accidental Injury only for:

- emergency examination;
- necessary diagnostic x-rays;
- endodontic (root canal) treatment;
- temporary splinting of teeth;
- prefabricated post and core;
- simple minimal restorative procedures (fillings);
- extractions;
- post-traumatic crowns if such are the only clinically acceptable treatment; and
- replacement of lost teeth due to the Injury by implant, dentures or bridges.
Please remember that you should notify the Claims Administrator as soon as possible, but at least five business days before follow-up (post-Emergency) treatment begins. You do not have to provide notification before the initial Emergency treatment. When you provide notification, the Claims Administrator can determine whether the service is a Covered Health Service. For Network Benefits, the Provider is responsible for notification. If the Claims Administrator is not notified, Benefits for Covered Health Services will be subject to a $400 reduction.

### Diabetes Services

</tbody>
</table>

---

*Section 6 - Additional Coverage Details*
Please remember for Non-Network Benefits, you must notify the Claims Administrator before obtaining any Durable Medical Equipment for the management and treatment of diabetes if the purchase, rental, repair or replacement of DME will cost more than $1,000. If the Claims Administrator is not notified, Benefits will be subject to a $400 reduction.

### Durable Medical Equipment (DME)

The Plan pays for Durable Medical Equipment (DME) that is:

- ordered or provided by a Physician for outpatient use;
- used for medical purposes;
- not consumable or disposable;
- not of use to a person in the absence of a Sickness, Injury or disability;
- durable enough to withstand repeated use; and
- appropriate for use in the home.

If more than one piece of DME can meet your functional needs, you will receive Benefits only for the most Cost-Effective piece of equipment. Benefits are provided for a single unit of DME (example: one insulin pump) and for repairs of that unit.

Examples of DME include but are not limited to:

- equipment to administer oxygen;
- equipment to assist mobility, such as a standard wheelchair;
- Hospital beds;
- delivery pumps for tube feedings;
- negative pressure wound therapy pumps (wound vacuums);
- burn garments;
- insulin pumps and all related necessary supplies as described under Diabetes Services in this section;
- external cochlear devices and systems. Surgery to place a cochlear implant is also covered by the Plan. Cochlear implantation can either be an inpatient or outpatient procedure. See Hospital - Inpatient Stay, Rehabilitation Services - Outpatient Therapy and Surgery - Outpatient in this section;
- custom shoe or foot orthotics and shoe inserts when determined by your Physician to be medically necessary;
- braces that stabilize an injured body part, including necessary adjustments to shoes to accommodate braces. Braces that stabilize an injured body part and braces to treat curvature of the spine are considered Durable Medical Equipment and are a Covered Health Service. Braces that straighten or change the shape of a body part are orthotic.
devices and are excluded from coverage. Dental braces are also excluded from coverage; and

- equipment for the treatment of chronic or acute respiratory failure or conditions.

The Plan also covers tubings, nasal cannulas, connectors and masks used in connection with DME.

**Note:** DME is different from prosthetic devices – see Prosthetic Devices in this section.

Benefits also include speech aid devices and tracheo-esophageal voice devices required for treatment of severe speech impediment or lack of speech directly attributed to Sickness or Injury. Benefits for the purchase of speech aid devices and tracheo-esophageal voice devices are available only after completing a required three-month rental period. Benefits for speech aid devices and tracheo-esophageal voice devices are limited to the purchase of one device during the entire period of time a Covered Person is enrolled under the Plan.

Benefits for custom shoe or foot orthotics and shoe inserts are limited to one pair per calendar year. Benefits for shoe inserts are limited to three pairs per calendar year.

At UnitedHealthcare's discretion, replacements are covered for damage beyond repair with normal wear and tear, when repair costs exceed new purchase price, or when a change in the Covered Person's medical condition occurs. Repairs, including the replacement of essential accessories, such as hoses, tubes, mouth pieces, etc., for necessary DME are only covered when required to make the item/device serviceable and the estimated repair expense does not exceed the cost of purchasing or renting another item/device.

**Please remember for Non-Network Benefits, you must notify the Claims Administrator if the retail purchase cost or cumulative rental cost of a single item will exceed $1,000. If the Claims Administrator is not notified, Benefits will be subject to a $400 reduction.**

**Please remember for Non-Network Benefits for custom shoe or foot orthotics you must notify the Claims Administrator if the retail purchase cost of a single item will exceed $500. If the Claims Administrator is not notified, Benefits will be subject to a $400 reduction.**

**Emergency Health Services - Outpatient**

The Plan's Emergency services Benefit pays for outpatient treatment at a Hospital or Alternate Facility when required to stabilize a patient or initiate treatment.

Network Benefits will be paid for an Emergency admission to a non-Network Hospital as long as the Claims Administrator is notified within two business days of the admission after you are admitted to a non-Network Hospital. If you continue your stay in a non-Network Hospital after the date your Physician determines that it is medically appropriate to transfer you to a Network Hospital, Non-Network Benefits will apply.

Benefits under this section are available for services to treat a condition that does not meet the definition of an Emergency.
Please remember for Non-Network Benefits, you must notify the Claims Administrator within two business days of the admission or on the same day of admission if reasonably possible if you are admitted to a Hospital as a result of an Emergency. For Network Benefits, the Provider is responsible for notification. If the Claims Administrator is not notified, Benefits for the Inpatient Hospital Stay will be subject to a $400 reduction.

Your Physician may recommend additional services based on your family or medical history. Examples of preventive medical care are listed below and provide a guide of what is considered a Covered Health Service.

Examples of Covered Health Services for preventive care include:

\(^1\)Covered childhood and adult immunizations include those that are recommended by the Center for Disease Control and Prevention's Advisory Committee on Immunization Practices (ACIP) and whose recommendations have been published in the Center for Disease Control and Prevention's Mortality and Morbidity Weekly Report (MMWR).

\(^2\)The human papilloma virus (HPV) vaccine is limited to one complete dosage per lifetime. Women over age 18 but under age 26 who have not yet received the vaccine may receive the vaccine.

For questions about your preventive care Benefits under this Plan call the number on the back of your ID card.

### Prosthetic Devices

Benefits are paid by the Plan for prosthetic devices and appliances that replace a limb or body part, or help an impaired limb or body part work. Examples include, but are not limited to:

- artificial arms, legs, feet and hands;
- artificial face, eyes, ears and nose; and
- breast prosthesis following mastectomy as required by the Women's Health and Cancer Rights Act of 1998, including mastectomy bras and lymphedema stockings for the arm;

Benefits under this section are provided only for external prosthetic devices and do not include any device that is fully implanted into the body.

If more than one prosthetic device can meet your functional needs, Benefits are available only for the most Cost-Effective prosthetic device. The device must be ordered or provided either by a Physician, or under a Physician's direction. If you purchase a prosthetic device that exceeds these minimum specifications, the Plan may pay only the amount that it would
have paid for the prosthetic that meets the minimum specifications, and you may be responsible for paying any difference in cost.

At UnitedHealthcare's discretion, prosthetic devices may be covered for damage beyond repair with normal wear and tear, when repair costs are less than the cost of replacement or when a change in the Covered Person's medical condition occurs. Replacement of artificial limbs or any part of such devices may be covered when the condition of the device or part requires repairs that cost more than the cost of a replacement device or part.

For Non-Network Benefits you must notify the Claims Administrator before obtaining prosthetic devices that exceed $500 in cost per device. For Network Benefits, the Provider is responsible for Notification. If the Claims Administrator is not notified, Benefits will be subject to a $400 reduction.

**Note:** Prosthetic devices are different from DME – see **Durable Medical Equipment (DME)** in this section.

### Reconstructive Procedures

Reconstructive Procedures are services performed when the primary purpose of the procedure is to treat a medical condition or to improve or restore physiologic function for an organ or body part. Reconstructive procedures include surgery or other procedures which are associated with an Injury, Sickness or Congenital Anomaly. The primary result of the procedure is not a changed or improved physical appearance.

Improving or restoring physiologic function means that the target organ or body part is made to work better. An example of a Reconstructive Procedure is surgery on the inside of the nose so that a person's breathing can be improved or restored.

Benefits for Reconstructive Procedures include breast reconstruction following a mastectomy and reconstruction of the non-affected breast to achieve symmetry. Replacement of an existing breast implant is covered by the Plan if the initial breast implant followed mastectomy. Other services required by the **Women's Health and Cancer Rights Act of 1998**, including breast prostheses and treatment of complications, are provided in the same manner and at the same level as those for any other Covered Health Service. You can contact UnitedHealthcare at the number on your ID card for more information about Benefits for mastectomy-related services.

There may be times when the primary purpose of a procedure is to make a body part work better. However, in other situations, the purpose of the same procedure is to improve the appearance of a body part. Cosmetic procedures are excluded from coverage. Procedures that correct an anatomical Congenital Anomaly without improving or restoring physiologic function are considered Cosmetic Procedures. A good example is upper eyelid surgery. At times, this procedure will be done to improve vision, which is considered a Reconstructive Procedure. In other cases, improvement in appearance is the primary intended purpose, which is considered a Cosmetic Procedure. This Plan does not provide Benefits for Cosmetic Procedures, as defined in Section 14, **Glossary**.
The fact that a Covered Person may suffer psychological consequences or socially avoidant behavior as a result of an Injury, Sickness or Congenital Anomaly does not classify surgery (or other procedures done to relieve such consequences or behavior) as a reconstructive procedure.

**Breast Reduction Procedures**

Benefits include breast reduction surgery if the following criteria have been met:

- there is documentation of shoulder grooving or excoriation resulting from the brassiere shoulder straps, due to the weight of the breasts;
- there is documentation from medical records of medical services related to complaints of the shoulder, neck or back pain attributable to macromastia; and
- the surgery is determined by Personal Health Support to not be a Cosmetic Procedure.

Please remember that for Non-Network Benefits you must notify the Claims Administrator five business days before a scheduled reconstructive procedure is performed or, for non-scheduled procedures, within one business day or as soon as is reasonably possible. For Network Benefits, the Provider is responsible for Notification. When you provide notification, the Claims Administrator can determine whether the service is considered reconstructive or cosmetic. Cosmetic Procedures are always excluded from coverage. If the Claims Administrator is not notified, Benefits will be subject to a $400 reduction.

**Rehabilitation Services - Outpatient Therapy and Chiropractic/Manipulative Treatment**

The Plan provides short-term outpatient rehabilitation services for the following types of therapy:

For all rehabilitation services, a licensed therapy provider, under the direction of a Physician (when required by state law), must perform the services. Benefits under this section include rehabilitation services provided in a Physician's office or on an outpatient basis at a Hospital or Alternate Facility. Rehabilitative services provided in a Covered Person's home by a Home Health Agency are provided as described under Home Health Care. Rehabilitative

Benefits can be denied or shortened for Covered Persons who are not progressing in goal-directed rehabilitation services or if rehabilitation goals have previously been met. Benefits can be denied or shortened for Covered Persons who are not progressing in goal-directed Chiropractic/Manipulative Treatment or if treatment goals have previously been met. Benefits under this section are not available for maintenance/preventive Chiropractic/Manipulative Treatment.

Benefits are limited to:

■ 60 visits per calendar year for physical, cognitive and occupational therapy combined;
■ 60 visits per calendar year for speech therapy;
■ 30 visits per calendar year for post-cochlear implant aural therapy;
■ 20 visits per calendar year for pulmonary rehabilitation;

These visit limits apply to Network Benefits and Non-Network Benefits combined.

If your Physician identifies any concerns after reviewing his or her HealtheNotes report, he or she may contact you if he or she believes it to be appropriate. In addition, you may use the information in your report to engage your Physician in discussions regarding your health and the identified suggestions. SECTION 9 - CLAIMS PROCEDURES

What this section includes:
- How Network and non-Network claims work; and
- What to do if your claim is denied, in whole or in part.

Network Benefits

In general, if you receive Covered Health Services from a Network provider, UnitedHealthcare will pay the Physician or facility directly. If a Network provider bills you for any Covered Health Service other than your Coinsurance, please contact the provider or call UnitedHealthcare at the phone number on your ID card for assistance.

Keep in mind, you are responsible for meeting the Annual Deductible and paying any Coinsurance owed to a Network provider at the time of service, or when you receive a bill from the provider.

Non-Network Benefits

If you receive a bill for Covered Health Services from a non-Network provider, you (or the provider if they prefer) must send the bill to UnitedHealthcare for processing. To make sure the claim is processed promptly and accurately, a completed claim form must be attached and mailed to UnitedHealthcare at the address on the back of your ID card.

Prescription Drug Benefit Claims

If you wish to receive reimbursement for a prescription, you may submit a post-service claim as described in this section if:

- you are asked to pay the full cost of the Prescription Drug when you fill it and you believe that the Plan should have paid for it; or
- you pay a Copay and you believe that the amount of the Copay was incorrect.

If a pharmacy (retail or mail order) fails to fill a prescription that you have presented and you believe that it is a Covered Health Service, you may submit a pre-service request for Benefits as described in this section.

How To File Your Claim

You can obtain a claim form by visiting http://welcometouhc.com/sfhss, calling the toll-free number on your ID card or contacting the Health Service System. If you do not have a claim form, simply attach a brief letter of explanation to the bill, and verify that the bill contains the information listed below. If any of these items are missing from the bill, you can include them in your letter:

- your name and address;
- the patient's name, age and relationship to the Member;
- the number as shown on your ID card;
the name, address and tax identification number of the provider of the service(s);

- a diagnosis from the Physician;

- the date of service;

- an itemized bill from the provider that includes:
  - a description of, and the charge for, each service;
  - the date the Sickness or Injury began; and
  - a statement indicating either that you are, or you are not, enrolled for coverage under any other health insurance plan or program. If you are enrolled for other coverage you must include the name and address of the other carrier(s).

Failure to provide all the information listed above may delay any reimbursement that may be due you.

For medical claims, the above information should be filed with UnitedHealthcare at the address on your ID card. When filing a claim for Outpatient Prescription Drug Benefits, your claims should be submitted to the address on your ID card.

After UnitedHealthcare has processed your claim, you will receive payment for Benefits that the Plan allows. It is your responsibility to pay the non-Network provider the charges you incurred, including any difference between what you were billed and what the Plan paid.

**Payment of Benefits**

When you assign your Benefits under the Plan to a Non-Network provider with UnitedHealthcare’s consent, and the Non-Network provider submits a claim for payment, you and the Non-Network provider represent and warrant that the Covered Health Services were actually provided and were medically appropriate.

To be recognized as a valid assignment of Benefits under the Plan, the assignment must reflect the Covered Person’s agreement that the Non-Network provider will be entitled to all the Covered Person’s rights under the Plan and applicable state and federal laws, including legally required notices and procedural reviews concerning the Covered Person’s Benefits, and that the Covered Person will no longer be entitled to those rights. If an assignment form does not comply with this requirement, but directs that your benefit payment should be made directly to the provider, UnitedHealthcare’s may in its discretion make payment of the benefits directly to the provider for your convenience, but will treat you, rather than the provider, as the beneficiary of your claim. If Benefits are assigned or payment to a Non-Network provider is made, UnitedHealthcare on behalf of San Francisco Health Service System reserves the right to offset Benefits to be paid to the provider by any amounts that the provider owes San Francisco Health Service System (including amounts owed as a result of the assignment of other plans’ overpayment recovery rights to the Plan) pursuant to Refund of Overpayments in Section 10, Coordination of Benefits.

UnitedHealthcare will pay Benefits to you unless:
The provider submits a claim form to UnitedHealthcare that you have provided signed authorization to assign Benefits directly to that provider.

You make a written request for the Non-Network provider to be paid directly at the time you submit your claim.

UnitedHealthcare will only pay Benefits to you or, with written authorization by you, your Provider, and not to a third party, even if your provider purports to have assigned Benefits to that third party.

**Form of Payment of Benefits**

Payment of Benefits under the Plan shall be in cash or cash equivalents, or in the form of other consideration that UnitedHealthcare in its discretion determines to be adequate. Where Benefits are payable directly to a provider, such adequate consideration includes the forgiveness in whole or in part of amounts the provider owes to other plans for which UnitedHealthcare makes payments, where the Plan has taken an assignment of the other plans’ recovery rights for value.

**Health Statements**

Each month in which UnitedHealthcare processes at least one claim for you or a covered Dependent, you will receive a Health Statement in the mail. Health Statements make it easy for you to manage your family's medical costs by providing claims information in easy-to-understand terms.

If you would rather track claims for yourself and your covered Dependents online, you may do so at [http://welcometouhc.com/sfhss](http://welcometouhc.com/sfhss). You may also elect to discontinue receipt of paper Health Statements by making the appropriate selection on this site.

**Explanation of Benefits (EOB)**

UnitedHealthcare will send you a paper copy of an Explanation of Benefits (EOB) after processing the claim. The EOB will let you know if there is any portion of the claim you need to pay. If any claims are denied in whole or in part, the EOB will include the reason for the denial or partial payment. You can also view and print all of your EOBs online at [http://welcometouhc.com/sfhss](http://welcometouhc.com/sfhss). See Section 14, Glossary for the definition of Explanation of Benefits.

**Important - Timely Filing of Claims**

All claim forms must be submitted within 12 months after the date of service. Otherwise, the Plan will not pay any Benefits for that Eligible Expense, or Benefits will be reduced, as determined by the San Francisco Health Service System. This 12-month requirement does not apply if you are legally incapacitated. If your claim relates to an Inpatient Stay, the date of service is the date your Inpatient Stay ends.
Claim Denials and Appeals

If Your Claim is Denied
If a claim for Benefits is denied in part or in whole, you may call UnitedHealthcare at the number on your ID card before requesting a formal appeal. If UnitedHealthcare cannot resolve the issue to your satisfaction over the phone, you have the right to file a formal appeal as described below.

How to Appeal a Denied Claim
If you wish to appeal a denied pre-service request for Benefits, post-service claim or a rescission of coverage as described below, you or your authorized representative must submit your appeal in writing within 180 days of receiving the adverse benefit determination. You do not need to submit Urgent Care appeals in writing. This communication should include:

- the patient's name and ID number as shown on the ID card;
- the provider's name;
- the date of medical service;
- the reason you disagree with the denial; and
- any documentation or other written information to support your request.

You or your authorized representative may send a written request for an appeal to:

UnitedHealthcare - Appeals
P.O. Box 30432
Salt Lake City, UT 84130-0432

For Urgent Care requests for Benefits that have been denied, you or your provider can call UnitedHealthcare at the toll-free number on your ID card to request an appeal.

Types of claims
The timing of the claims appeal process is based on the type of claim you are appealing. If you wish to appeal a claim, it helps to understand whether it is an:

- urgent care request for Benefits;
- pre-service request for Benefits;
- post-service claim; or
- concurrent claim.

Review of an Appeal
UnitedHealthcare will conduct a full and fair review of your appeal. The appeal may be reviewed by:

- an appropriate individual(s) who did not make the initial benefit determination; and
a health care professional with appropriate expertise who was not consulted during the initial benefit determination process.

Once the review is complete, if UnitedHealthcare upholds the denial, you will receive a written explanation of the reasons and facts relating to the denial.

**Filing a Second Appeal**

Your Plan offers two levels of appeal. If you are not satisfied with the first level appeal decision, you have the right to request a second level appeal from the San Francisco Health Service System within 60 days from receipt of the first level appeal determination. This request needs to come from you directly, and should not be requested on your behalf, by your provider. The San Francisco Health Service System must notify you of the appeal determination within 30 days after receiving the completed appeal for a pre-service denial and 60 days after receiving the completed post-service appeal.

**Note:** Upon written request and free of charge, any Covered Persons may examine documents relevant to their claim and/or appeals and submit opinions and comments. The San Francisco Health Service System will review all claims in accordance with the rules established by the U.S. Department of Labor.

**Federal External Review Program**

If, after exhausting your internal appeals, you are not satisfied with the determination made by of San Francisco Health Service System, or if City and County of San Francisco fails to respond to your appeal in accordance with applicable regulations regarding timing, you may be entitled to request an external review of the San Francisco Health Service System’s determination.

If one of the above conditions is met, you may request an external review of adverse benefit determinations based upon any of the following:

- clinical reasons;
- the exclusions for Experimental or Investigational Services or Unproven Services;
- rescission of coverage (coverage that was cancelled or discontinued retroactively); or
- as otherwise required by applicable law.

You or your representative may request a standard external review by sending a written request to the address set out in the determination letter. You or your representative may request an expedited external review, in urgent situations as detailed below, by calling the toll-free number on your ID card or by sending a written request to the address set out in the determination letter. A request must be made within four months after the date you received the San Francisco Health Service System’s decision.

An external review request should include all of the following:

- a specific request for an external review;
- the Covered Person's name, address, and insurance ID number;
■ your designated representative's name and address, when applicable;
■ the service that was denied; and
■ any new, relevant information that was not provided during the internal appeal.

An external review will be performed by an Independent Review Organization (IRO). UnitedHealthcare has entered into agreements with three or more IROs that have agreed to perform such reviews. There are two types of external reviews available:

■ a standard external review; and
■ an expedited external review.

**Standard External Review**
A standard external review is comprised of all of the following:

■ a preliminary review by UnitedHealthcare of the request;
■ a referral of the request by UnitedHealthcare to the IRO; and
■ a decision by the IRO.

Within the applicable timeframe after receipt of the request, UnitedHealthcare will complete a preliminary review to determine whether the individual for whom the request was submitted meets all of the following:

■ is or was covered under the Plan at the time the health care service or procedure that is at issue in the request was provided;
■ has exhausted the applicable internal appeals process; and
■ has provided all the information and forms required so that UnitedHealthcare may process the request.

After UnitedHealthcare completes the preliminary review, UnitedHealthcare will issue a notification in writing to you. If the request is eligible for external review, UnitedHealthcare will assign an IRO to conduct such review. UnitedHealthcare will assign requests by either rotating claims assignments among the IROs or by using a random selection process.

The IRO will notify you in writing of the request’s eligibility and acceptance for external review. You may submit in writing to the IRO within ten business days following the date of receipt of the notice additional information that the IRO will consider when conducting the external review. The IRO is not required to, but may, accept and consider additional information submitted by you after ten business days.

UnitedHealthcare will provide to the assigned IRO the documents and information considered in making the San Francisco Health Service System’s determination. The documents include:

■ all relevant medical records;
■ all other documents relied upon by the San Francisco Health Service System; and
all other information or evidence that you or your Physician submitted. If there is any
information or evidence you or your Physician wish to submit that was not previously
provided, you may include this information with your external review request and
UnitedHealthcare will include it with the documents forwarded to the IRO.

In reaching a decision, the IRO will review the claim anew and not be bound by any
decisions or conclusions reached by the San Francisco Health Service System. The IRO will
provide written notice of its determination (the “Final External Review Decision”) within 45
days after it receives the request for the external review (unless they request additional time
and you agree). The IRO will deliver the notice of Final External Review Decision to you
and UnitedHealthcare, and it will include the clinical basis for the determination.

Upon receipt of a Final External Review Decision reversing the San Francisco Health
Service System determination, the Plan will immediately provide coverage or payment for
the benefit claim at issue in accordance with the terms and conditions of the Plan, and any
applicable law regarding plan remedies. If the Final External Review Decision is that
payment or referral will not be made, the Plan will not be obligated to provide Benefits for
the health care service or procedure.

**Expedited External Review**

An expedited external review is similar to a standard external review. The most significant
difference between the two is that the time periods for completing certain portions of the
review process are much shorter, and in some instances you may file an expedited external
review before completing the internal appeals process.

You may make a written or verbal request for an expedited external review if you receive
either of the following:

- an adverse benefit determination of a claim or appeal if the adverse benefit
determination involves a medical condition for which the time frame for completion of
an expedited internal appeal would seriously jeopardize the life or health of the
individual or would jeopardize the individual’s ability to regain maximum function and
you have filed a request for an expedited internal appeal; or

- a final appeal decision, if the determination involves a medical condition where the
timeframe for completion of a standard external review would seriously jeopardize the
life or health of the individual or would jeopardize the individual’s ability to regain
maximum function, or if the final appeal decision concerns an admission, availability of
care, continued stay, or health care service, procedure or product for which the
individual received emergency services, but has not been discharged from a facility.

Immediately upon receipt of the request, UnitedHealthcare will determine whether the
individual meets both of the following:

- is or was covered under the Plan at the time the health care service or procedure that is
at issue in the request was provided.

- has provided all the information and forms required so that UnitedHealthcare may
process the request.
After UnitedHealthcare completes the review, UnitedHealthcare will immediately send a notice in writing to you. Upon a determination that a request is eligible for expedited external review, UnitedHealthcare will assign an IRO in the same manner UnitedHealthcare utilizes to assign standard external reviews to IROs. UnitedHealthcare will provide all necessary documents and information considered in making the adverse benefit determination or final adverse benefit determination to the assigned IRO electronically or by telephone or facsimile or any other available expeditious method. The IRO, to the extent the information or documents are available and the IRO considers them appropriate, must consider the same type of information and documents considered in a standard external review.

In reaching a decision, the IRO will review the claim anew and not be bound by any decisions or conclusions reached by the San Francisco Health Service System. The IRO will provide notice of the final external review decision for an expedited external review as expeditiously as the claimant’s medical condition or circumstances require, but in no event more than 72 hours after the IRO receives the request. If the initial notice is not in writing, within 48 hours after the date of providing the initial notice, the assigned IRO will provide written confirmation of the decision to you and to UnitedHealthcare.

You may contact UnitedHealthcare at the toll-free number on your ID card for more information regarding external review rights, or if making a verbal request for an expedited external review.

**Timing of Appeals Determinations**

Separate schedules apply to the timing of claims appeals, depending on the type of claim. There are three types of claims:

- **Urgent Care request for Benefits** - a request for Benefits provided in connection with Urgent Care services, as defined in Section 14, *Glossary*;

- **Pre-Service request for Benefits** - a request for Benefits which the Plan must approve or in which you must notify UnitedHealthcare before non-Urgent Care is provided; and

- **Post-Service** - a claim for reimbursement of the cost of non-Urgent Care that has already been provided.

The tables below describe the time frames which you and UnitedHealthcare are required to follow.

### Concurrent Care Claims

If an on-going course of treatment was previously approved for a specific period of time or number of treatments, and your request to extend the treatment is an Urgent Care request for Benefits as defined above, your request will be decided within 24 hours, provided your request is made at least 24 hours prior to the end of the approved treatment. UnitedHealthcare will make a determination on your request for the extended treatment within 24 hours from receipt of your request.

If your request for extended treatment is not made at least 24 hours prior to the end of the approved treatment, the request will be treated as an Urgent Care request for Benefits and decided according to the timeframes described above. If an on-going course of treatment was previously approved for a specific period of time or number of treatments, and you request to extend treatment in a non-urgent circumstance, your request will be considered a new request and decided according to post-service or pre-service timeframes, whichever applies.
Limitation of Action

You cannot bring any legal action against the San Francisco Health Service System or the Claims Administrator to recover reimbursement until 90 days after you have properly submitted a request for reimbursement as described in this section and all required reviews of your claim have been completed. If you want to bring a legal action against the San Francisco Health Service System or the Claims Administrator, you must do so within three years from the expiration of the time period in which a request for reimbursement must be submitted or you lose any rights to bring such an action against the San Francisco Health Service System or the Claims Administrator.

You cannot bring any legal action against the San Francisco Health Service System or the Claims Administrator for any other reason unless you first complete all the steps in the appeal process described in this section. After completing that process, if you want to bring a legal action against the San Francisco Health Service System or the Claims Administrator you must do so within three years of the date you are notified of the final decision on your appeal or you lose any rights to bring such an action against the San Francisco Health Service System or the Claims Administrator.
SECTION 10 - COORDINATION OF BENEFITS (COB)

What this section includes:
- How your Benefits under this Plan coordinate with other medical plans;
- How coverage is affected if you become eligible for Medicare; and
- Procedures in the event the Plan overpays Benefits.

Coordination of Benefits (COB) applies to you if you are covered by more than one health benefits plan, including any one of the following:

- another employer sponsored health benefits plan;
- a medical component of a group long-term care plan, such as skilled nursing care;
- no-fault or traditional "fault" type medical payment benefits or personal injury protection benefits under an auto insurance policy;
- medical payment benefits under any premises liability or other types of liability coverage; or
- Medicare or other governmental health benefit.

If coverage is provided under two or more plans, COB determines which plan is primary and which plan is secondary. The plan considered primary pays its benefits first, without regard to the possibility that another plan may cover some expenses. Any remaining expenses may be paid under the other plan, which is considered secondary. The secondary plan may determine its benefits based on the benefits paid by the primary plan. How much this Plan will reimburse you, if anything, will also depend in part on the allowable expense. The term, “allowable expense,” is further explained below.

Don't forget to update your Dependents’ Medical Coverage Information
Avoid delays on your Dependent claims by updating your Dependent's medical coverage information. Just log on to http://welcometouhc.com/sfhss or call the toll-free number on your ID card to update your COB information. You will need the name of your Dependent's other medical coverage, along with the policy number.

Determining Which Plan is Primary

Order of Benefit Determination Rules
If you are covered by two or more plans, the benefit payment follows the rules below in this order:

- this Plan will always be secondary to medical payment coverage or personal injury protection coverage under any auto liability or no-fault insurance policy;
- when you have coverage under two or more medical plans and only one has COB provisions, the plan without COB provisions will pay benefits first;
- a plan that covers a person as an employee pays benefits before a plan that covers the person as a dependent;
if you are receiving COBRA continuation coverage under another employer plan, this Plan will pay Benefits first;

your dependent children will receive primary coverage from the parent whose birth date occurs first in a calendar year. If both parents have the same birth date, the plan that pays benefits first is the one that has been in effect the longest. This birthday rule applies only if:

- the parents are married or living together whether or not they have ever been married and not legally separated; or
- a court decree awards joint custody without specifying that one party has the responsibility to provide health care coverage;

if two or more plans cover a dependent child of divorced or separated parents and if there is no court decree stating that one parent is responsible for health care, the child will be covered under the plan of:

- the parent with custody of the child; then
- the Spouse of the parent with custody of the child; then
- the parent not having custody of the child; then
- the Spouse of the parent not having custody of the child;

plans for active employees pay before plans covering laid-off or retired employees;

the plan that has covered the individual claimant the longest will pay first. Only expenses normally paid by the Plan will be paid under COB; and

finally, if none of the above rules determines which plan is primary or secondary, the allowable expenses shall be shared equally between the plans meeting the definition of Plan. In addition, this Plan will not pay more than it would have paid had it been the primary Plan.

The following examples illustrate how the Plan determines which plan pays first and which plan pays second.

### Determining Primary and Secondary Plan – Examples

1) Let's say you and your Spouse both have family medical coverage through your respective employers. You are unwell and go to see a Physician. Since you're covered as a Member under this Plan, and as a Dependent under your Spouse's plan, this Plan will pay Benefits for the Physician's office visit first.

2) Again, let's say you and your Spouse both have family medical coverage through your respective employers. You take your Dependent child to see a Physician. This Plan will look at your birthday and your Spouse's birthday to determine which plan pays first. If you were born on June 11 and your Spouse was born on May 30, your Spouse's plan will pay first.

### When This Plan is Secondary

If this Plan is secondary to any plan other than Medicare, it determines the amount it will pay for a Covered Health Service by following the steps below.
The Plan determines the amount it would have paid based on the allowable expense.

If this Plan would have paid the same amount or less than the primary plan paid, the Plan pays no Benefits.

If this Plan would have paid more than the primary plan paid, the Plan will pay the difference.

You will be responsible for any Coinsurance or Deductible payments as part of the COB payment. The maximum combined payment you can receive from all plans may be less than 100% of the total allowable expense.

**Determining the Allowable Expense If This Plan is Secondary**

**What is an allowable expense?**
For purposes of COB, an allowable expense is a health care expense that meets the definition of a Covered Health Service under this Plan.

When the provider is a Network provider for both the primary plan and this Plan, the allowable expense is the primary plan’s network rate. When the provider is a network provider for the primary plan and a non-Network provider for this Plan, the allowable expense is the primary plan’s network rate. When the provider is a non-Network provider for the primary plan and a Network provider for this Plan, the allowable expense is the reasonable and customary charges allowed by the primary plan. When the provider is a non-Network provider for both the primary plan and this Plan, the allowable expense is the greater of the two Plans’ reasonable and customary charges. If this plan is secondary to Medicare, please also refer to the discussion in the section below, titled *Determining the Allowable Expense When This Plan is Secondary to Medicare*.

**When a Covered Person Qualifies for Medicare**

**Determining Which Plan is Primary**
To the extent permitted by law, this Plan will pay Benefits second to Medicare when you become eligible for Medicare, even if you don’t elect it. There are, however, Medicare-eligible individuals for whom the Plan pays Benefits first and Medicare pays benefits second:

- employees with active current employment status age 65 or older and their Spouses age 65 or older (however, Domestic Partners are excluded as provided by Medicare).
- individuals with end-stage renal disease, for a limited period of time; and
- disabled individuals under age 65 with current employment status and their Dependents under age 65.

**Determining the Allowable Expense When This Plan is Secondary to Medicare**
If this Plan is secondary to Medicare, the Medicare approved amount is the allowable expense, as long as the provider accepts reimbursement directly from Medicare. If the provider accepts reimbursement directly from Medicare, the Medicare approved amount is the charge that Medicare has determined that it will recognize and which it reports on an "explanation of Medicare benefits" issued by Medicare (the "EOMB") for a given service.
Medicare typically reimburses such providers a percentage of its approved charge – often 80%.

If the provider does not accept assignment of your Medicare benefits, the Medicare limiting charge (the most a provider can charge you if they don’t accept Medicare – typically 115% of the Medicare approved amount) will be the allowable expense. Medicare payments, combined with Plan Benefits, will not exceed 100% of the allowable expense.

If you are eligible for, but not enrolled in, Medicare, and this Plan is secondary to Medicare, or if you have enrolled in Medicare but choose to obtain services from a provider that does not participate in the Medicare program (as opposed to a provider who does not accept assignment of Medicare benefits), Benefits will be paid on a secondary basis under this Plan and will be determined as if you timely enrolled in Medicare and obtained services from a Medicare participating provider.

When calculating the Plan’s Benefits in these situations, for administrative convenience UnitedHealthcare will treat the provider’s billed charges for covered services as the allowable expense for both the Plan and Medicare, rather than the Medicare approved amount or Medicare limiting charge.

**If This Plan is Secondary to Medicare**

If this Plan is secondary to Medicare, it determines the amount it will pay for a Covered Health Service by following the steps below.

- The Plan determines the amount it would have paid based on its contract.
- If this Plan would have paid more than the primary plan paid, the Plan will pay the difference less any applicable Deductible and Coinsurance requirements of the Plan.

**Medicare Cross-Over Program**

The Plan offers a Medicare Cross-over Program for Medicare Part A and Part B and Durable Medical Equipment (DME) claims. Under this program, you no longer have to file a separate claim with the Plan to receive secondary benefits for these expenses. Your Dependent will also have this automated crossover, as long as he or she is eligible for Medicare and this Plan is your only secondary medical coverage.

Once the Medicare Part A and Part B and DME carrier have reimbursed your health care provider, the Medicare carrier will electronically submit the necessary information to the Claims Administrator to process the balance of your claim under the provisions of this Plan.

You can verify that the automated cross-over took place when your copy of the explanation of Medicare benefits (EOMB) states your claim has been forwarded to your secondary carrier.

This cross-over process does not apply to expenses that Medicare does not cover. You must go on to file claims for these expenses.
For information about enrollment or if you have questions about the program, call the telephone number listed on the back of your ID card.

**Right to Receive and Release Needed Information**

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under this Plan and other plans. UnitedHealthcare may get the facts needed from, or give them to, other organizations or persons for the purpose of applying these rules and determining benefits payable under this Plan and other plans covering the person claiming benefits.

UnitedHealthcare does not need to tell, or get the consent of, any person to do this. Each person claiming benefits under this Plan must give UnitedHealthcare any facts needed to apply those rules and determine benefits payable. If you do not provide UnitedHealthcare the information needed to apply these rules and determine the Benefits payable, your claim for Benefits will be denied.

**Overpayment and Underpayment of Benefits**

If you are covered under more than one medical plan, there is a possibility that the other plan will pay a benefit that the Plan should have paid. If this occurs, the Plan may pay the other plan the amount owed.

If the Plan pays you more than it owes under this COB provision, you should pay the excess back promptly. Otherwise, the Company may recover the amount in the form of salary, wages, or benefits payable under any Company-sponsored benefit plans, including this Plan. The Company also reserves the right to recover any overpayment by legal action or offset payments on future Eligible Expenses.

If the Plan overpays a health care provider, the Plan reserves the right to recover the excess amount from the provider pursuant to **Refund of Overpayments**, below.

**Refund of Overpayments**

If the Plan pays for Benefits for expenses incurred on account of a Covered Person, that Covered Person, or any other person or organization that was paid, must make a refund to the Plan if:

- the Plan’s obligation to pay Benefits was contingent on the expenses incurred being legally owed and paid by the Covered Person, but all or some of the expenses were not paid by the Covered Person or did not legally have to be paid by the Covered Person.
- all or some of the payment the Plan made exceeded the Benefits under the Plan; or
- all or some of the payment was made in error.

The amount that must be refunded equals the amount the Plan paid in excess of the amount that should have been paid under the Plan. If the refund is due from another person or organization, the Covered Person agrees to help the Plan get the refund when requested.
If the refund is due from the Covered Person and the Covered Person, does not promptly refund the full amount owed, the Plan may recover the overpayment by reallocating the overpaid amount to pay, in whole or in part, future Benefits for the Covered Person that are payable under the Plan. If the refund is due from a person or organization other than the Covered Person, the Plan may recover the overpayment by reallocating the overpaid amount to pay, in whole or in part, (i) future Benefits that are payable in connection with services provided to other Covered Persons under the Plan; (ii) future Benefits that are payable in connection with services provided to persons under other plans for which UnitedHealthcare makes payments, pursuant to a transaction in which the Plan’s overpayment recovery rights are assigned to such other plans in exchange for such plans’ remittance of the amount of the reallocated payment. The reallocated payment amount will equal the amount of the required refund or, if less than the full amount of the required refund, will be deducted from the amount of refund owed to the Plan. The Plan may have other rights in addition to the right to reallocate overpaid amounts and other enumerated rights, including the right to commence a legal action.
SECTION 11 - SUBROGATION AND REIMBURSEMENT

What this section includes:
■ How your Benefits are impacted if you suffer a Sickness or Injury caused by a third party.

The Plan has a right to subrogation and reimbursement. References to “you” or “your” in this Subrogation and Reimbursement section shall include you, your estate and your heirs and beneficiaries unless otherwise stated.

Subrogation applies when the plan has paid Benefits on your behalf for a Sickness or Injury for which any third party is allegedly to be responsible. The right to subrogation means that the Plan is substituted to and shall succeed to any and all legal claims that you may be entitled to pursue against any third party for the Benefits that the Plan has paid that are related to the Sickness or Injury for which any third party is considered responsible.

**Subrogation – Example**
Suppose you are injured in a car accident that is not your fault, and you receive Benefits under the Plan to treat your injuries. Under subrogation, the Plan has the right to take legal action in your name against the driver who caused the accident and that driver's insurance carrier to recover the cost of those Benefits.

The right to reimbursement means that if it is alleged that any third party caused or is responsible for a Sickness or Injury for which you receive a settlement, judgment, or other recovery from any third party, you must use those proceeds to fully return to the Plan 100% of any Benefits you received for that Sickness or Injury. The right of reimbursement shall apply to any Benefits received at any time until the rights are extinguished, resolved or waived in writing.

**Reimbursement – Example**
Suppose you are injured in a boating accident that is not your fault, and you receive Benefits under the Plan as a result of your injuries. In addition, you receive a settlement in a court proceeding from the individual who caused the accident. You must use the settlement funds to return to the plan 100% of any Benefits you received to treat your injuries.

The following persons and entities are considered third parties:
■ a person or entity alleged to have caused you to suffer a Sickness, Injury or damages, or who is legally responsible for the Sickness, Injury or damages;
■ any insurer or other indemnifier of any person or entity alleged to have caused or who caused the Sickness, Injury or damages;
■ the Plan Sponsor in a workers' compensation case or other matter alleging liability;
■ any person or entity who is or may be obligated to provide Benefits or payments to you, including Benefits or payments for underinsured or uninsured motorist protection, no-fault or traditional auto insurance, medical payment coverage (auto, homeowners or otherwise), workers' compensation coverage, other insurance carriers or third party administrators;
any person or entity against whom you may have any claim for professional and/or legal malpractice arising out of or connected to a Sickness or Injury you allege or could have alleged were the responsibility of any third party;

any person or entity that is liable for payment to you on any equitable or legal liability theory.

You agree as follows:

You will cooperate with the Plan in protecting its legal and equitable rights to subrogation and reimbursement in a timely manner, including, but not limited to:

- notifying the Plan, in writing, of any potential legal claim(s) you may have against any third party for acts which caused Benefits to be paid or become payable;
- providing any relevant information requested by the Plan;
- signing and/or delivering such documents as the Plan or its agents reasonably request to secure the subrogation and reimbursement claim;
- responding to requests for information about any accident or injuries;
- making court appearances;
- obtaining the Plan’s consent or its agents' consent before releasing any party from liability or payment of medical expenses; and
- complying with the terms of this section.

Your failure to cooperate with the Plan is considered a breach of contract. As such, the Plan has the right to terminate your Benefits, deny future Benefits, take legal action against you, and/or set off from any future Benefits the value of Benefits the Plan has paid relating to any Sickness or Injury alleged to have been caused or caused by any third party to the extent not recovered by the Plan due to you or your representative not cooperating with the Plan. If the Plan incurs attorneys' fees and costs in order to collect third party settlement funds held by you or your representative, the Plan has the right to recover those fees and costs from you. You will also be required to pay interest on any amounts you hold which should have been returned to the Plan.

The Plan has a first priority right to receive payment on any claim against any third party before you receive payment from that third party. Further, the Plan’s first priority right to payment is superior to any and all claims, debts or liens asserted by any medical providers, including but not limited to hospitals or emergency treatment facilities, that assert a right to payment from funds payable from or recovered from an allegedly responsible third party and/or insurance carrier.

The Plan’s subrogation and reimbursement rights apply to full and partial settlements, judgments, or other recoveries paid or payable to you or your representative, your estate, your heirs and beneficiaries, no matter how those proceeds are captioned or characterized. Payments include, but are not limited to, economic, non-economic, pecuniary, consortium and punitive damages. The Plan is not required to help you to pursue your claim for damages or personal injuries and no amount of associated costs,
including attorneys’ fees, shall be deducted from the Plan’s recovery without the Plan’s express written consent. No so-called “Fund Doctrine” or “Common Fund Doctrine” or “Attorney’s Fund Doctrine” shall defeat this right.

Regardless of whether you have been fully compensated or made whole, the Plan may collect from you the proceeds of any full or partial recovery that you or your legal representative obtain, whether in the form of a settlement (either before or after any determination of liability) or judgment, no matter how those proceeds are captioned or characterized. Proceeds from which the Plan may collect include, but are not limited to, economic, non-economic, and punitive damages. No “collateral source” rule, any “Made-Whole Doctrine” or “Make-Whole Doctrine,” claim of unjust enrichment, nor any other equitable limitation shall limit the Plan’s subrogation and reimbursement rights.

Benefits paid by the Plan may also be considered to be Benefits advanced.

If you receive any payment from any party as a result of Sickness or Injury, and the Plan alleges some or all of those funds are due and owed to the Plan, you and/or your representative shall hold those funds in trust, either in a separate bank account in your name or in your representative’s trust account.

By participating in and accepting Benefits from the Plan, you agree that (i) any amounts recovered by you from any third party shall constitute Plan assets to the extent of the amount of Plan Benefits provided on behalf of the Covered Person, (ii) you and your representative shall be fiduciaries of the Plan with respect to such amounts, and (iii) you shall be liable for and agree to pay any costs and fees (including reasonable attorney fees) incurred by the Plan to enforce its reimbursement rights.

The Plan’s rights to recovery will not be reduced due to your own negligence.

By participating in and accepting Benefits from the Plan, you agree to assign to the Plan any Benefits, claims or rights of recovery you have under any automobile policy - including no-fault Benefits, personal injury protection Benefits and/or medical payment Benefits - other coverage or against any third party, to the full extent of the Benefits the Plan has paid for the Sickness or Injury. By agreeing to provide this assignment in exchange for participating in and accepting Benefits, you acknowledge and recognize the Plan’s right to assert, pursue and recover on any such claim, whether or not you choose to pursue the claim, and you agree to this assignment voluntarily.

The Plan may, at its option, take necessary and appropriate action to preserve its rights under these provisions, including but not limited to, providing or exchanging medical payment information with an insurer, the insurer’s legal representative or other third party; and filing suit in your name or your estate’s name, which does not obligate the Plan in any way to pay you part of any recovery the Plan might obtain.

You may not accept any settlement that does not fully reimburse the Plan, without its written approval.

The Plan has the authority and discretion to resolve all disputes regarding the interpretation of the language stated herein.
In the case of your death, giving rise to any wrongful death or survival claim, the provisions of this section apply to your estate, the personal representative of your estate, and your heirs or beneficiaries. In the case of your death the Plan’s right of reimbursement and right of subrogation shall apply if a claim can be brought on behalf of you or your estate that can include a claim for past medical expenses or damages. The obligation to reimburse the Plan is not extinguished by a release of claims or settlement agreement of any kind.

No allocation of damages, settlement funds or any other recovery, by you, your estate, the personal representative of your estate, your heirs, your beneficiaries or any other person or party, shall be valid if it does not reimburse the Plan for 100% of its interest unless the Plan provides written consent to the allocation.

The provisions of this section apply to the parents, guardian, or other representative of a Dependent child who incurs a Sickness or Injury caused by a third party. If a parent or guardian may bring a claim for damages arising out of a minor's Sickness or Injury, the terms of this subrogation and reimbursement clause shall apply to that claim.

If a third party causes or is alleged to have caused you to suffer a Sickness or Injury while you are covered under this Plan, the provisions of this section continue to apply, even after you are no longer covered.

In the event that you do not abide by the terms of the Plan pertaining to reimbursement, the Plan may terminate Benefits to you, your dependents or the participant, deny future Benefits, take legal action against you, and/or set off from any future Benefits the value of Benefits the Plan has paid relating to any Sickness or Injury alleged to have been caused or caused by any third party to the extent not recovered by the Plan due to your failure to abide by the terms of the Plan. If the Plan incurs attorneys' fees and costs in order to collect third party settlement funds held by you or your representative, the Plan has the right to recover those fees and costs from you. You will also be required to pay interest on any amounts you hold which should have been returned to the Plan.

The Plan and all Administrators administering the terms and conditions of the Plan’s subrogation and reimbursement rights have such powers and duties as are necessary to discharge its duties and functions, including the exercise of its discretionary authority to (1) construe and enforce the terms of the Plan’s subrogation and reimbursement rights and (2) make determinations with respect to the subrogation amounts and reimbursements owed to the Plan.

Right of Recovery

The Plan also has the right to recover Benefits it has paid on you or your Dependent’s behalf that were:

- made in error;
- due to a mistake in fact;
- advanced during the time period of meeting the calendar year Deductible; or
- advanced during the time period of meeting the Out-of-Pocket Maximum for calendar year.
Benefits paid because you or your Dependent misrepresented facts are also subject to recovery.

If the Plan provides a Benefit for you or your Dependent that exceeds the amount that should have been paid, the Plan will:

- require that the overpayment be returned when requested, or
- reduce a future Benefit payment for you or your Dependent by the amount of the overpayment.

If the Plan provides an advancement of Benefits to you or your Dependent during the time period of meeting the Deductible and/or meeting the Out-of-Pocket Maximum for the calendar year, the Plan will send you or your Dependent a monthly statement identifying the amount you owe with payment instructions. The Plan has the right to recover Benefits it has advanced by:

- submitting a reminder letter to you or a covered Dependent that details any outstanding balance owed to the Plan; and
- conducting courtesy calls to you or a covered Dependent to discuss any outstanding balance owed to the Plan.
SECTION 12 - WHEN COVERAGE ENDS

What this section includes:
■ Circumstances that cause coverage to end; and
■ How to continue coverage after it ends.

Your entitlement to Benefits automatically ends on the date that coverage ends, even if you are hospitalized or are otherwise receiving medical treatment on that date.

When your coverage ends, the San Francisco Health Service System will still pay claims for Covered Health Services that you received before your coverage ended. However, once your coverage ends, Benefits are not provided for health services that you receive after coverage ended, even if the underlying medical condition occurred before your coverage ended.

Your coverage under the Plan will end on the earliest of:
■ the date the Plan ends;
■ the date you stop making the required contributions;
■ the date you are no longer eligible; or
■ the date UnitedHealthcare receives written notice from the San Francisco Health Service System to end your coverage, or the date requested in the notice, if later.

You may also request to end your coverage under the Plan during annual Open Enrollment.

Coverage for your eligible Dependents will end on the earliest of:
■ the date your coverage ends;
■ the date you stop making the required contributions;
■ the date UnitedHealthcare receives written notice from the San Francisco Health Service System to end your coverage, or the date requested in the notice, if later;
■ the last day of the Member’s pay period in which your Dependent child no longer qualifies as a Dependent under this Plan due to the attainment of age limits; or
■ the date your Dependents no longer qualify as Dependents under this Plan for reasons other than age.

Other Events Ending Your Coverage
The Plan will provide at least thirty days’ prior written notice to you that your coverage will end on the date identified in the notice if you commit an act, practice, or omission that constituted fraud, or an intentional misrepresentation of a material fact including, but not limited to, knowingly providing incorrect information relating to another person's eligibility or status as a Dependent. You may appeal this decision during the 30-day notice period. The notice will contain information on how to pursue your appeal.
**Note:** If UnitedHealthcare and the San Francisco Health Service System find that you have performed an act, practice, or omission that constitutes fraud, or have made an intentional misrepresentation of material fact the San Francisco Health Service System has the right to demand that you pay back all Benefits the San Francisco Health Service System paid to you, or paid in your name, during the time you were incorrectly covered under the Plan.

**Medical Leave of Absence**

If you are on a leave of absence from your job for medical reasons, Benefits under the Plan will continue.

**Coverage for a Disabled Child**

If an unmarried enrolled Dependent child with a mental or physical disability reaches an age when coverage would otherwise end, the Plan will continue to cover the child, as long as the child meets the eligibility rules as defined in the San Francisco Health Service System (SFHSS) Rules which are available at sfhss.org/member_services/rules.

**Continuing Coverage Through COBRA**

If you lose your Plan coverage, you may have the right to extend it under the Consolidated Budget Reconciliation Act of 1985 (COBRA), as defined in Section 14, *Glossary*.

Continuation coverage under COBRA is available only to Plans that are subject to the terms of COBRA. You can contact your Plan Administrator to determine if the San Francisco Health Service System is subject to the provisions of COBRA.

**Continuation Coverage under Federal Law (COBRA)**

Much of the language in this section comes from the federal law that governs continuation coverage. You should call your Plan Administrator if you have questions about your right to continue coverage.

In order to be eligible for continuation coverage under federal law, you must meet the definition of a "Qualified Beneficiary". A Qualified Beneficiary is any of the following persons who were covered under the Plan on the day before a qualifying event:

- a Member;
- a Member's enrolled Dependent, including with respect to the Member's children, a child born to or placed for adoption with the Member during a period of continuation coverage under federal law; or
- a Member's former Spouse.

**Qualifying Events for Continuation Coverage under COBRA**

The following table outlines situations in which you may elect to continue coverage under COBRA for yourself and your Dependents, and the maximum length of time you can receive continued coverage. These situations are considered qualifying events.
If Coverage Ends Because of the Following Qualifying Events:

\(^1\)Subject to the following conditions: (i) notice of the disability must be provided within the latest of 60 days after a). the determination of the disability, b). the date of the qualifying event, c). the date the Qualified Beneficiary would lose coverage under the Plan, and in no event later than the end of the first 18 months; (ii) the Qualified Beneficiary must agree to pay any increase in the required premium for the additional 11 months over the original 18 months; and (iii) if the Qualified Beneficiary entitled to the 11 months of coverage has non-disabled family members who are also Qualified Beneficiaries, then those non-disabled Qualified Beneficiaries are also entitled to the additional 11 months of continuation coverage. Notice of any final determination that the Qualified Beneficiary is no longer disabled must be provided within 30 days of such determination. Thereafter, continuation coverage may be terminated on the first day of the month that begins more than 30 days after the date of that determination.

\(^2\)This is a qualifying event for any Retired employee and his or her enrolled Dependents if there is a substantial elimination of coverage within one year before or after the date the bankruptcy was filed.

\(^3\)From the date of the Member's death if the Member dies during the continuation coverage.

### How Your Medicare Eligibility Affects Dependent COBRA Coverage

*Your work hours are reduced or your employment is terminated for reasons other than gross misconduct.

### Getting Started

You will be notified by mail if you become eligible for COBRA coverage as a result of a reduction in work hours or termination of employment. The notification will give you instructions for electing COBRA coverage, and advise you of the monthly cost. Your monthly cost is the full cost, including both Member and Employer costs, plus a 2% administrative fee or other cost as permitted by law.

You will have up to 60 days from the date you receive notification or 60 days from the date your coverage ends to elect COBRA coverage, whichever is later. You will then have an additional 45 days to pay the cost of your COBRA coverage, retroactive to the date your Plan coverage ended.

During the 60-day election period, the Plan will, only in response to a request from a provider, inform that provider of your right to elect COBRA coverage, retroactive to the date your COBRA eligibility began.

While you are a participant in the medical Plan under COBRA, you have the right to change your coverage election:

- during Open Enrollment; and
- following a change in family status, as described under *Changing Your Coverage* in Section 2, *Introduction*.

### Notification Requirements

If your covered Dependents lose coverage due to divorce, legal separation, or loss of Dependent status, you or your Dependents must notify the Plan Administrator within 60 days of the latest of:
■ the date of the divorce, legal separation or an enrolled Dependent's loss of eligibility as an enrolled Dependent;

■ the date your enrolled Dependent would lose coverage under the Plan; or

■ the date on which you or your enrolled Dependent are informed of your obligation to provide notice and the procedures for providing such notice.

You or your Dependents must also notify the Plan Administrator when a qualifying event occurs that will extend continuation coverage.

If you or your Dependents fail to notify the Plan Administrator of these events within the 60 day period, the Plan Administrator is not obligated to provide continued coverage to the affected Qualified Beneficiary. If you are continuing coverage under federal law, you must notify the Plan Administrator within 60 days of the birth or adoption of a child.

Once you have notified the Plan Administrator, you will then be notified by mail of your election rights under COBRA.

Notification Requirements for Disability Determination
If you extend your COBRA coverage beyond 18 months because you are eligible for disability benefits from Social Security, you must provide the Health Service System with notice of the Social Security Administration's determination within 60 days after you receive that determination, and before the end of your initial 18-month continuation period.

The notice requirements will be satisfied by providing written notice to the Plan Administrator at the address stated in Section 16, Important Administrative Information. The contents of the notice must be such that the Plan Administrator is able to determine the covered Employee and qualified beneficiary(ies), the qualifying event or disability, and the date on which the qualifying event occurred.

Trade Act of 2002
The Trade Act of 2002 amended COBRA to provide for a special second 60-day COBRA election period for certain Members who have experienced a termination or reduction of hours and who lose group health plan coverage as a result. The special second COBRA election period is available only to a very limited group of individuals; generally, those who are receiving trade adjustment assistance (TAA) or 'alternative trade adjustment assistance' under a federal law called the Trade Act of 1974. These Members are entitled to a second opportunity to elect COBRA coverage for themselves and certain family members (if they did not already elect COBRA coverage), but only within a limited period of 60 days from the first day of the month when an individual begins receiving TAA (or would be eligible to receive TAA but for the requirement that unemployment benefits be exhausted) and only during the six months immediately after their group health plan coverage ended.

If a Member qualifies or may qualify for assistance under the Trade Act of 1974, he or she should contact the Plan Administrator for additional information. The Member must contact the Plan Administrator promptly after qualifying for assistance under the Trade Act of 1974 or the Member will lose his or her special COBRA rights. COBRA coverage elected during
the special second election period is not retroactive to the date that Plan coverage was lost, but begins on the first day of the special second election period.

When COBRA Ends

COBRA coverage will end, before the maximum continuation period, on the earliest of the following dates:

- The date, after electing continuation coverage, that coverage is first obtained under any other group health plan.
- The date, after electing continuation coverage, that you or your covered Dependent first becomes entitled to Medicare;
- The date coverage ends for failure to make the first required premium payment (premium is not paid within 45 days).
- The date coverage ends for failure to make any other monthly premium payment (premium is not paid within 30 days of its due date).
- The date the entire Plan ends.
- The date coverage would otherwise terminate under the Plan as described in the beginning of this section.

Note: If you selected continuation coverage under a prior plan which was then replaced by coverage under this Plan, continuation coverage will end as scheduled under the prior plan or in accordance with the terminating events listed in this section, whichever is earlier.

Uniformed Services Employment and Reemployment Rights Act

A Member who is absent from employment for more than 30 days by reason of service in the Uniformed Services may elect to continue Plan coverage for the Member and the Member’s Dependents in accordance with the Uniformed Services Employment and Reemployment Rights Act of 1994, as amended (USERRA).

The terms "Uniformed Services" or "Military Service" mean the Armed Forces, the Army National Guard and the Air National Guard when engaged in active duty for training, inactive duty training, or full-time National Guard duty, the commissioned corps of the Public Health Service, and any other category of persons designated by the President in time of war or national emergency.

If qualified to continue coverage pursuant to the USERRA, Members may elect to continue coverage under the Plan by notifying the Plan Administrator in advance, and providing payment of any required contribution for the health coverage. This may include the amount the Plan Administrator normally pays on a Member's behalf. If a Member's Military Service is for a period of time less than 31 days, the Member may not be required to pay more than the regular contribution amount, if any, for continuation of health coverage.

A Member may continue Plan coverage under USERRA for up to the lesser of:

- the 24 month period beginning on the date of the Member's absence from work; or
the day after the date on which the Member fails to apply for, or return to, a position of employment.

Regardless of whether a Member continues health coverage, if the Member returns to a position of employment, the Member's health coverage and that of the Member's eligible Dependents will be reinstated under the Plan. No exclusions or waiting period may be imposed on a Member or the Member's eligible Dependents in connection with this reinstatement, unless a Sickness or Injury is determined by the Secretary of Veterans Affairs to have been incurred in, or aggravated during, the performance of military service.

You should call the Plan Administrator if you have questions about your rights to continue health coverage under USERRA.

What this section includes:
- Court-ordered Benefits for Dependent children;
- Your relationship with UnitedHealthcare and San Francisco Health Service System;
- Relationships with providers;
- Interpretation of Benefits;
- Information and records;
- Incentives to providers and you;
- The future of the Plan;

Qualified Medical Child Support Orders (QMCSOs)

A qualified medical child support order (QMCSO) is a judgment, decree or order issued by a court or appropriate state agency that requires a child to be covered for medical benefits. Generally, a QMCSO is issued as part of a paternity, divorce, or other child support settlement.

If the Plan receives a medical child support order for your child that instructs the Plan to cover the child, the Plan Administrator will review it to determine if it meets the requirements for a QMCSO. If it determines that it does, your child will be enrolled in the Plan as your Dependent, and the Plan will be required to pay Benefits as directed by the order.

You may obtain, without charge, a copy of the procedures governing QMCSOs from the Plan Administrator.

**Note:** A National Medical Support Notice will be recognized as a QMCSO if it meets the requirements of a QMCSO.

Your Relationship with UnitedHealthcare and San Francisco Health Service System

In order to make choices about your health care coverage and treatment, the San Francisco Health Service System believes that it is important for you to understand how UnitedHealthcare interacts with the Plan Sponsor's benefit Plan and how it may affect you. UnitedHealthcare helps administer the Plan Sponsor's benefit plan in which you are enrolled. UnitedHealthcare does not provide medical services or make treatment decisions. This means:

- San Francisco Health Service System and UnitedHealthcare do not decide what care you need or will receive. You and your Physician make those decisions;
UnitedHealthcare communicates to you decisions about whether the Plan will cover or pay for the health care that you may receive (the Plan pays for Covered Health Services, which are more fully described in this SPD); and

the Plan may not pay for all treatments you or your Physician may believe are necessary. If the Plan does not pay, you will be responsible for the cost.

The San Francisco Health Service System and UnitedHealthcare may use individually identifiable information about you to identify for you (and you alone) procedures, products or services that you may find valuable. The San Francisco Health Service System and UnitedHealthcare will use individually identifiable information about you as permitted or required by law, including in operations and in research. The San Francisco Health Service System and UnitedHealthcare will use de-identified data for commercial purposes including research.

**Relationship with Providers**

The relationships between the San Francisco Health Service System, UnitedHealthcare and Network providers are solely contractual relationships between independent contractors. Network providers are not City and County of San Francisco's agents or employees, nor are they agents or employees of UnitedHealthcare. City and County of San Francisco and any of its employees are not agents or employees of Network providers, nor are UnitedHealthcare and any of its employees agents or employees of Network providers.

San Francisco Health Service System and UnitedHealthcare do not provide health care services or supplies, nor do they practice medicine. Instead, the San Francisco Health Service System and UnitedHealthcare arrange for health care providers to participate in a Network and pay Benefits. Network providers are independent practitioners who run their own offices and facilities. UnitedHealthcare's credentialing process confirms public information about the providers' licenses and other credentials, but does not assure the quality of the services provided. They are not City and County of San Francisco's employees nor are they employees of UnitedHealthcare. The San Francisco Health Service System and UnitedHealthcare do not have any other relationship with Network providers such as principal-agent or joint venture. The San Francisco Health Service System and UnitedHealthcare are not liable for any act or omission of any provider.

UnitedHealthcare is not considered to be an employer of the Plan Administrator for any purpose with respect to the administration or provision of benefits under this Plan.

The San Francisco Health Service System is solely responsible for:

- enrollment and classification changes (including classification changes resulting in your enrollment or the termination of your coverage);
- the timely payment of
- the service fee to UnitedHealthcare;
- the funding of Benefits on a timely basis; and notifying you of the termination or modifications to the Plan.
Your Relationship with Providers

The relationship between you and any provider is that of provider and patient. You:

- are responsible for choosing your own provider;
- are responsible for paying, directly to your provider, any amount identified as a member responsibility, including Coinsurance, any Annual Deductible and any amount that exceeds Eligible Expenses;
- are responsible for paying, directly to your provider, the cost of any non-Covered Health Service;
- must decide if any provider treating you is right for you (this includes Network providers you choose and providers to whom you have been referred); and
- must decide with your provider what care you should receive.

Your provider is solely responsible for the quality of the services provided to you.

The relationship between you and City and County of San Francisco is that of employer and employee, Dependent or other classification as defined in this SPD.

Interpretation of Benefits

San Francisco Health Service System and UnitedHealthcare have the sole and exclusive discretion to:

- interpret Benefits under the Plan;
- interpret the other terms, conditions, limitations and exclusions of the Plan, including this SPD and any Summary of Material Modifications; and
- make factual determinations related to the Plan and its Benefits.

The San Francisco Health Service System and UnitedHealthcare may delegate this discretionary authority to other persons or entities that provide services in regard to the administration of the Plan.

In certain circumstances, for purposes of overall cost savings or efficiency, the San Francisco Health Service System may, in its discretion, offer Benefits for services that would otherwise not be Covered Health Services. The fact that the San Francisco Health Service System does so in any particular case shall not in any way be deemed to require the San Francisco Health Service System to do so in other similar cases.

Information and Records

The San Francisco Health Service System and UnitedHealthcare may use your individually identifiable health information to administer the Plan and pay claims, to identify procedures, products, or services that you may find valuable, and as otherwise permitted or required by law. The San Francisco Health Service System and UnitedHealthcare may request additional information from you to decide your claim for Benefits. The San Francisco Health Service System and UnitedHealthcare will keep this information confidential. The San Francisco
Health Service System and UnitedHealthcare may also use your de-identified data for commercial purposes, including research, as permitted by law.

By accepting Benefits under the Plan, you authorize and direct any person or institution that has provided services to you to furnish the San Francisco Health Service System and UnitedHealthcare with all information or copies of records relating to the services provided to you. The San Francisco Health Service System and UnitedHealthcare have the right to request this information at any reasonable time. This applies to all Covered Persons, including enrolled Dependents whether or not they have signed the Member's enrollment form. The San Francisco Health Service System and UnitedHealthcare agree that such information and records will be considered confidential.

The San Francisco Health Service System and UnitedHealthcare have the right to release any and all records concerning health care services which are necessary to implement and administer the terms of the Plan, for appropriate medical review or quality assessment, or as the San Francisco Health Service System is required to do by law or regulation. During and after the term of the Plan, the San Francisco Health Service System and UnitedHealthcare and its related entities may use and transfer the information gathered under the Plan in a de-identified format for commercial purposes, including research and analytic purposes.

For complete listings of your medical records or billing statements the San Francisco Health Service System recommends that you contact your health care provider. Providers may charge you reasonable fees to cover their costs for providing records or completing requested forms.

If you request medical forms or records from UnitedHealthcare, they also may charge you reasonable fees to cover costs for completing the forms or providing the records.

In some cases, the San Francisco Health Service System and UnitedHealthcare will designate other persons or entities to request records or information from or related to you, and to release those records as necessary. UnitedHealthcare's designees have the same rights to this information as does the Plan Administrator.

**Incentives to Providers**

Network providers may be provided financial incentives by UnitedHealthcare to promote the delivery of health care in a cost efficient and effective manner. These financial incentives are not intended to affect your access to health care.

Examples of financial incentives for Network providers are:

- bonuses for performance based on factors that may include quality, member satisfaction, and/or cost-effectiveness; or

- a practice called capitation which is when a group of Network providers receives a monthly payment from UnitedHealthcare for each Covered Person who selects a Network provider within the group to perform or coordinate certain health services. The Network providers receive this monthly payment regardless of whether the cost of
providing or arranging to provide the Covered Person's health care is less than or more
than the payment.

If you have any questions regarding financial incentives you may contact the telephone
number on your ID card. You can ask whether your Network provider is paid by any
financial incentive, including those listed above; however, the specific terms of the contract,
including rates of payment, are confidential and cannot be disclosed. In addition, you may
choose to discuss these financial incentives with your Network provider.

Incentives to You

Sometimes you may be offered coupons, enhanced Benefits, or other incentives to
encourage you to participate in various wellness programs or certain disease management
programs, surveys, discount programs and/or programs to seek care in a more cost effective
setting and/or from Designated Providers. In some instances, these programs may be
offered in combination with a non-UnitedHealthcare entity. The decision about whether or
not to participate is yours alone but San Francisco Health Service System recommends that
you discuss participating in such programs with your Physician. You may also wish to
consult your tax professional as well to determine if incentives you receive are considered
taxable income. These incentives are not Benefits and do not alter or affect your Benefits.
You may call the number on your ID card if you have any questions. Additional information
may be found in Section 7, Clinical Programs and Resources.

Rebates and Other Payments

The San Francisco Health Service System and UnitedHealthcare may receive rebates for
certain drugs that are administered to you in a Physician's office, or at a Hospital or
Alternate Facility. This includes rebates for those drugs that are administered to you before
you meet your Annual Deductible. The San Francisco Health Service System and
UnitedHealthcare do not pass these rebates on to you, nor are they applied to your Annual
Deductible or taken into account in determining your Coinsurance.

Workers' Compensation Not Affected

Benefits provided under the Plan do not substitute for and do not affect any requirements
for coverage by workers' compensation insurance.

Future of the Plan

Although the Company expects to continue the Plan indefinitely, it reserves the right to
discontinue, alter or modify the Plan in whole or in part, at any time and for any reason, at
its sole determination.

The Company's decision to terminate or amend a Plan may be due to changes in federal or
state laws governing employee benefits, the requirements of the Internal Revenue Code, or
any other reason. A plan change may transfer plan assets and debts to another plan or split a
plan into two or more parts. If the Company does change or terminate a plan, it may decide
to set up a different plan providing similar or different benefits.

If this Plan is terminated, Covered Persons will not have the right to any other Benefits from
the Plan, other than for those claims incurred prior to the date of termination, or as
otherwise provided under the Plan. In addition, if the Plan is amended, Covered Persons may be subject to altered coverage and Benefits.

The amount and form of any final benefit you receive will depend on any contract provisions affecting the Plan and Company decisions. After all Benefits have been paid and other requirements of the law have been met, certain remaining Plan assets will be turned over to the Company and others as may be required by any applicable law.

**Review and Determine Benefits in Accordance with UnitedHealthcare Reimbursement Policies**

UnitedHealthcare develops its reimbursement policy guidelines, in its sole discretion, in accordance with one or more of the following methodologies:

- As indicated in the most recent edition of the Current Procedural Terminology (CPT), a publication of the American Medical Association, and/or the Centers for Medicare and Medicaid Services (CMS).
- As reported by generally recognized professionals or publications.
- As used for Medicare.
- As determined by medical staff and outside medical consultants pursuant to other appropriate sources or determinations that UnitedHealthcare accepts.

Following evaluation and validation of certain provider billings (e.g., error, abuse and fraud reviews), UnitedHealthcare's reimbursement policies are applied to provider billings. UnitedHealthcare shares its reimbursement policies with Physicians and other providers in UnitedHealthcare's Network through UnitedHealthcare's provider website. Network Physicians and providers may not bill you for the difference between their contract rate (as may be modified by UnitedHealthcare's reimbursement policies) and the billed charge. However, non-Network providers are not subject to this prohibition, and may bill you for any amounts the Plan does not pay, including amounts that are denied because one of UnitedHealthcare's reimbursement policies does not reimburse (in whole or in part) for the service billed. You may obtain copies of UnitedHealthcare's reimbursement policies for yourself or to share with your non-Network Physician or provider by going to [http://welcometouhc.com/sfhss](http://welcometouhc.com/sfhss) or by calling the telephone number on your ID card.
SECTION 14 - GLOSSARY

What this section includes:
- Definitions of terms used throughout this SPD.

Many of the terms used throughout this SPD may be unfamiliar to you or have a specific meaning with regard to the way the Plan is administered and how Benefits are paid. This section defines terms used throughout this SPD, but it does not describe the Benefits provided by the Plan.

Addendum – any attached written description of additional or revised provisions to the Plan. The benefits and exclusions of this SPD and any amendments thereto shall apply to the Addendum except that in the case of any conflict between the Addendum and SPD and/or Amendments to the SPD, the Addendum shall be controlling.

Alternate Facility – a health care facility that is not a Hospital and that provides one or more of the following services on an outpatient basis, as permitted by law:
- surgical services;
- Emergency Health Services; or
- rehabilitative, laboratory, diagnostic or therapeutic services.
An Alternate Facility may also provide Mental Health or Substance-Related and Addictive Disorders Services on an outpatient basis or inpatient basis (for example a Residential Treatment Facility).

Amendment – any attached written description of additional or alternative provisions to the Plan. Amendments are effective only when distributed by the Plan Sponsor or the Plan Administrator. Amendments are subject to all conditions, limitations and exclusions of the Plan, except for those that the amendment is specifically changing.

Annual Deductible (or Deductible) – the amount you must pay for Covered Health Services in a calendar year before the Plan will begin paying Benefits in that calendar year. The Deductible is shown in the first table in Section 5, Plan Highlights.

Assisted Reproductive Technology (ART) – the comprehensive term for procedures involving the manipulation of human reproductive materials (such as sperm, eggs, and/or embryos) to achieve Pregnancy. Examples of such procedures are:
- in vitro fertilization (IVF);
- gamete intrafallopian transfer (GIFT);
- pronuclear stage tubal transfer (PROST);
- tubal embryo transfer (TET); and
- zygote intrafallopian transfer (ZIFT).
Autism Spectrum Disorder – a condition marked by enduring problems communicating and interacting with others, along with restricted and repetitive behavior, interests or activities.

Benefits – Plan payments for Covered Health Services, subject to the terms and conditions of the Plan and any Addendums and/or Amendments.

Cancer Resource Services (CRS) – a program administered by UnitedHealthcare or its affiliates made available to you by the San Francisco Health Service System. The CRS program provides:

■ specialized consulting services, on a limited basis, to Members and enrolled Dependents with cancer;
■ access to cancer centers with expertise in treating the most rare or complex cancers; and
■ education to help patients understand their cancer and make informed decisions about their care and course of treatment.

CHD – see Congenital Heart Disease (CHD).

Chiropractic/Manipulative Treatment – the therapeutic application of chiropractic and/or manipulative treatment with or without ancillary physiologic treatment and/or rehabilitative methods rendered to restore/improve motion, reduce pain and improve function in the management of an identifiable neuromusculoskeletal condition.

Claims Administrator – UnitedHealthcare (also known as United HealthCare Services, Inc.) and its affiliates, who provide certain claim administration services for the Plan.

Clinical Trial – a scientific study designed to identify new health services that improve health outcomes. In a Clinical Trial, two or more treatments are compared to each other and the patient is not allowed to choose which treatment will be received.

COBRA – see Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA).

Coinsurance – the percentage of Eligible Expenses you are required to pay for certain Covered Health Services as described in Section 3, How the Plan Works.

Company – City and County of San Francisco and the San Francisco Health Service System.

Congenital Anomaly – a physical developmental defect that is present at birth and is identified within the first twelve months of birth.

Congenital Heart Disease (CHD) – any structural heart problem or abnormality that has been present since birth. Congenital heart defects may:

■ be passed from a parent to a child (inherited);
■ develop in the fetus of a woman who has an infection or is exposed to radiation or other toxic substances during her Pregnancy; or
have no known cause.

Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA) – a federal law that requires employers to offer continued health insurance coverage to certain employees and their dependents whose group health insurance has been terminated.

Cosmetic Procedures – procedures or services that change or improve appearance without significantly improving physiological function, as determined by the Claims Administrator. Reshaping a nose with a prominent bump is a good example of a Cosmetic Procedure because appearance would be improved, but there would be no improvement in function like breathing.

Cost-Effective – the least expensive equipment that performs the necessary function. This term applies to Durable Medical Equipment and prosthetic devices.

Covered Health Services – those health services, including services, supplies or Pharmaceutical Products, which UnitedHealthcare determines to be:

- provided for the purpose of preventing, diagnosing or treating Sickness, Injury, Mental Illness, Substance-Related and Addictive Disorders, or their symptoms;
- consistent with nationally recognized scientific evidence as available, and prevailing medical standards and clinical guidelines as described below;
- not provided for the convenience of the Covered Person, Physician, facility or any other person;
- included in Sections 5 and 6, Plan Highlights and Additional Coverage Details;
- provided to a Covered Person who meets the Plan’s eligibility requirements, as described under Eligibility in Section 2, Introduction; and
- not identified in Section 8, Exclusions.

In applying the above definition, "scientific evidence" and "prevailing medical standards" have the following meanings:

- "scientific evidence" means the results of controlled Clinical Trials or other studies published in peer-reviewed, medical literature generally recognized by the relevant medical specialty community; and
- "prevailing medical standards and clinical guidelines" means nationally recognized professional standards of care including, but not limited to, national consensus statements, nationally recognized clinical guidelines, and national specialty society guidelines.

The Claims Administrator maintains clinical protocols that describe the scientific evidence, prevailing medical standards and clinical guidelines supporting its determinations regarding specific services. You can access these clinical protocols (as revised from time to time) on http://welcometouhc.com/sfhss or by calling the number on the back of your ID card. This information is available to Physicians and other health care professionals on UnitedHealthcareOnline.
**Covered Person** – either the Member or an enrolled Dependent only while enrolled and eligible for Benefits under the Plan. References to "you" and "your" throughout this SPD are references to a Covered Person.

**CRS** – see Cancer Resource Services (CRS).

**Custodial Care** – services that do not require special skills or training and that:

- provide assistance in activities of daily living (including but not limited to feeding, dressing, bathing, ostomy care, incontinence care, checking of routine vital signs, transferring and ambulating);

- are provided for the primary purpose of meeting the personal needs of the patient or maintaining a level of function (even if the specific services are considered to be skilled services), as opposed to improving that function to an extent that might allow for a more independent existence; or

- do not require continued administration by trained medical personnel in order to be delivered safely and effectively.

**Deductible** – see Annual Deductible.

**Definitive Drug Test** - test to identify specific medications, illicit substances and metabolites and is qualitative or quantitative to identify possible use or non-use of a drug.

**Dependent** – an individual who meets the eligibility requirements specified in the Plan, as described under *Eligibility* in Section 2, *Introduction*. A Dependent does not include anyone who is also enrolled as a Member. No one can be a Dependent of more than one Member.

**Designated Dispensing Entity** - a pharmacy or other provider that has entered into an agreement with the Claims Administrator, or with an organization contracting on the Claims Administrator's behalf, to provide Pharmaceutical Products for the treatment of specified diseases or conditions. A Designated Provider may or may not be located within your geographic area. Not all Network Hospitals or Network Physicians are Designated Providers.

You can find out if your provider is a Designated Provider by contacting UnitedHealthcare at [http://welcometouhc.com/sfhss](http://welcometouhc.com/sfhss) or the telephone number on your ID card.
Designated Virtual Network Provider - a provider or facility that has entered into an agreement with UnitedHealthcare, or with an organization contracting on UnitedHealthcare's behalf, to deliver Covered Health Services via interactive audio and video modalities.

The Claims Administrator develops the reimbursement policy guidelines, in the Claims Administrator’s discretion, following evaluation and validation of all provider billings in accordance with one or more of the following methodologies:

- as indicated in the most recent edition of the Current Procedural Terminology (CPT), a publication of the American Medical Association, and/or the Centers for Medicare and Medicaid Services (CMS);

■ Not approved by the U.S. Food and Drug Administration (FDA) to be lawfully marketed for the proposed use and not identified in the American Hospital Formulary Service or the United States Pharmacopoeia Dispensing Information as appropriate for the proposed use.

■ Subject to review and approval by any institutional review board for the proposed use (Devices which are FDA approved under the Humanitarian Use Device exemption are not considered to be Experimental or Investigational).

■ The subject of an ongoing Clinical Trial that meets the definition of a Phase I, II or III Clinical Trial set forth in the FDA regulations, regardless of whether the trial is actually to FDA oversight.

Exceptions:

■ If you have a life-threatening sickness or condition (one that is likely to cause death within one year of the request for treatment), UnitedHealthcare and the San Francisco Health Service System may, at their discretion, consider an otherwise Experimental or Investigational Service to be a Covered Health Service for that Sickness or condition. **Intensive Outpatient Treatment** – a structured outpatient mental health or substance-related and addictive disorders treatment program that may be free-standing or Hospital-based and provides services for at least three hours per day, two or more days per week.

The fact that a condition is listed in the current *Diagnostic and Statistical Manual of the American Psychiatric Association* does not mean that treatment for the condition is a Covered Health Service.

**Mental Health/Substance-Related and Addictive Disorders Administrator** – the organization or individual designated by the San Francisco Health Service System who provides or arranges Mental Health and Substance-Related and Addictive Disorders Services under the Plan.

**Mental Illness** – mental health or psychiatric diagnostic categories listed in the current *Diagnostic and Statistical Manual of the American Psychiatric Association*, unless they are listed in Section 8, *Exclusions*.

**Network** – when used to describe a provider of health care services, this means a provider that has a participation agreement in effect (either directly or indirectly) with the Claims Administrator or with its affiliate to participate in the Network; however, this does not include those providers who have agreed to discount their charges for Covered Health Services by way of their participation in the Shared Savings Program. The Claims Administrator's affiliates are those entities affiliated with the Claims Administrator through common ownership or control with the Claims Administrator or with the Claims Administrator's ultimate corporate parent, including direct and indirect subsidiaries.

A provider may enter into an agreement to provide only certain Covered Health Services, but not all Covered Health Services, or to be a Network provider for only some products. In this case, the provider will be a Network provider for the Covered Health Services and products included in the participation agreement, and a non-Network provider for other Covered Health Services and products. The participation status of providers will change from time to time.

Partial Hospitalization/Day Treatment – a structured ambulatory program that may be a free-standing or Hospital-based program and that provides services for at least 20 hours per week.

Personal Health Support – programs provided by the Claims Administrator that focus on prevention, education, and closing the gaps in care designed to encourage an efficient system of care for you and your covered Dependents.

Personal Health Support Nurse – the primary nurse that UnitedHealthcare may assign to you if you have a chronic or complex health condition. If a Personal Health Support Nurse is assigned to you, this nurse will call you to assess your progress and provide you with information and education.

Pharmaceutical Products – U.S. Food and Drug Administration (FDA)-approved prescription pharmaceutical products administered in connection with a Covered Health Service by a Physician or other health care provider within the scope of the provider's license, and not otherwise excluded under the Plan.

Physician – any Doctor of Medicine or Doctor of Osteopathy who is properly licensed and qualified by law.

Please note: Any podiatrist, dentist, psychologist, chiropractor, optometrist or other provider who acts within the scope of his or her license will be considered on the same basis as a Physician. The fact that a provider is described as a Physician does not mean that Benefits for services from that provider are available to you under the Plan.

Plan – The San Francisco Health Service System City Plan 20 for Retired Employees who are Medicare eligible, yet not enrolled in Medicare.

Plan Administrator – The San Francisco Health Service System or its designee.

Plan Sponsor – The San Francisco Health Service System.

- skilled nursing resources are available in the facility;
- the skilled care can be provided by a Home Health Agency on a per visit basis for a specific purpose; or
- the service is provided to a Covered Person by an independent nurse who is hired directly by the Covered Person or his/her family. This includes nursing services provided on an inpatient or a home-care basis, whether the service is skilled or non-skilled independent nursing.

Reconstructive Procedure – a procedure performed to address a physical impairment where the expected outcome is restored or improved function. The primary purpose of a Reconstructive Procedure is either to treat a medical condition or to improve or restore physiologic function. Reconstructive Procedures include surgery or other procedures which are associated with an Injury, Sickness or Congenital Anomaly. The primary result of the procedure is not changed or improved physical appearance. The fact that a person may suffer psychologically as a result of the impairment does not classify surgery or any other procedure done to relieve the impairment as a Reconstructive Procedure.

Residential Treatment – treatment in a facility which provides Mental Health Services or Substance-Related and Addictive Disorders Services treatment, The facility meets all of the following requirements:

- it is established and operated in accordance with applicable state law for residential treatment programs;

- it provides at least the following basic services in a 24-hour per day, structured milieu:
  - room and board;
  - evaluation and diagnosis;
  - counseling; and
  - referral and orientation to specialized community resources.

A Residential Treatment Facility that qualifies as a Hospital is considered a Hospital.
Retired Employee – an Employee who retires while covered under the Plan.

Semi-private Room - a room with two or more beds. When an Inpatient Stay in a Semi-private Room is a Covered Health Service, the difference in cost between a Semi-private Room and a private room is a benefit only when a private room is necessary in terms of generally accepted medical practice, or when a Semi-private Room is not available.

Shared Savings Program - a program in which UnitedHealthcare may obtain a discount to a non-Network provider’s billed charges. This discount is usually based on a schedule previously agreed to by the non-Network provider. When this happens, you may experience lower out-of-pocket amounts. Plan coinsurance and deductibles would still apply to the reduced charge. Sometimes Plan provisions or administrative practices conflict with the scheduled rate, and a different rate is determined by UnitedHealthcare. In this case the non-Network provider may bill you for the difference between the billed amount and the rate determined by UnitedHealthcare. If this happens you should call the number on your ID Card. Shared Savings Program providers are not Network providers and are not credentialed by UnitedHealthcare.

Sickness – physical illness, disease or Pregnancy. The term Sickness as used in this SPD includes Mental Illness or substance-related and addictive disorders, regardless of the cause or origin of the Mental Illness or substance-related and addictive disorder.

Skilled Care – skilled nursing, teaching, and rehabilitation services when:

- they are delivered or supervised by licensed technical or professional medical personnel in order to obtain the specified medical outcome and provide for the safety of the patient;
- a Physician orders them;
- they are not delivered for the purpose of assisting with activities of daily living, including dressing, feeding, bathing or transferring from a bed to a chair;
- they require clinical training in order to be delivered safely and effectively; and
- they are not Custodial Care, as defined in this section.

Skilled Nursing Facility – a nursing facility that is licensed and operated as required by law. A Skilled Nursing Facility that is part of a Hospital is considered a Skilled Nursing Facility for purposes of the Plan.

Spouse – an individual to whom you are legally married as defined by the HSS Rules.

Substance-Related and Addictive Disorders Services - Covered Health Services for the diagnosis and treatment of alcoholism and substance-related and addictive disorders that are listed in the current Diagnostic and Statistical Manual of the American Psychiatric Association, unless those services are specifically excluded. The fact that a disorder is listed in the Diagnostic and Statistical Manual of the American Psychiatric Association does not mean that treatment of the disorder is a Covered Health Service.
Transitional Living – Mental Health Services/Substance-Related and Addictive Disorders
Services that are provided through facilities, group homes and supervised apartments that
provide 24-hour supervision that are either:

- sober living arrangements such as drug-free housing, alcohol/drug halfway houses.
  These are transitional, supervised living arrangements that provide stable and safe
  housing, an alcohol/drug-free environment and support for recovery. A sober living
  arrangement may be utilized as an adjunct to ambulatory treatment when treatment
don't offer the intensity and structure needed to assist the Covered Person with
recovery; or

- supervised living arrangements which are residences such as transitional living facilities,
group homes and supervised apartments that provide members with stable and safe
housing and the opportunity to learn how to manage their activities of daily living.
Supervised living arrangements may be utilized as an adjunct to treatment when
treatment doesn't offer the intensity and structure needed to assist the Covered Person
with recovery.

UnitedHealth Premium ProgramSM – a program that identifies Network Physicians or
facilities that have been designated as a UnitedHealth Premium ProgramSM Physician or
facility for certain medical conditions.

To be designated as a UnitedHealth PremiumSM provider, Physicians and facilities must meet
program criteria. The fact that a Physician or facility is a Network Physician or facility does
not mean that it is a UnitedHealth Premium ProgramSM Physician or facility.

Unproven Services – health services, including medications that are determined not to be
effective for treatment of the medical condition and/or not to have a beneficial effect on
health outcomes due to insufficient and inadequate clinical evidence from well-conducted
randomized controlled trials or cohort studies in the prevailing published peer-reviewed
medical literature:

- Well-conducted randomized controlled trials are two or more treatments compared to
each other, with the patient not being allowed to choose which treatment is received.

- Well-conducted cohort studies from more than one institution are studies in which
  patients who receive study treatment are compared to a group of patients who receive
  standard therapy. The comparison group must be nearly identical to the study treatment
group.

UnitedHealthcare has a process by which it compiles and reviews clinical evidence with
respect to certain health services. From time to time, UnitedHealthcare issues medical and
drug policies that describe the clinical evidence available with respect to specific health care
services. These medical and drug policies are subject to change without prior notice. You can
view these policies at http://welcometouhc.com/sfhss.

Please note:

- If you have a life threatening Sickness or condition (one that is likely to cause death
within one year of the request for treatment), UnitedHealthcare and the San Francisco
Health Service System may, at their discretion, consider an otherwise Unproven Service to be a Covered Health Service for that Sickness or condition. Prior to such a consideration, UnitedHealthcare and the San Francisco Health Service System must first establish that there is sufficient evidence to conclude that, albeit unproven, the service has significant potential as an effective treatment for that Sickness or condition.

The decision about whether such a service can be deemed a Covered Health Service is solely at UnitedHealthcare and the San Francisco Health Service System's discretion. Other apparently similar promising but unproven services may not qualify.

**Urgent Care** – Care that requires prompt attention to avoid adverse consequences, but does not pose an immediate threat to a person’s life. Urgent care is usually delivered in a walk-in setting and without an appointment. Urgent care facilities are a location, distinct from a hospital emergency department, an office or a clinic. The purpose is to diagnose and treat illness or Injury for unscheduled, ambulatory patients seeking immediate medical attention.

**Urgent Care Center** – a facility that provides Covered Health Services that are required to prevent serious deterioration of your health, and that are required as a result of an unforeseen Sickness, Injury, or the onset of acute or severe symptoms.

1You must notify UnitedHealthcare to receive full Benefits for certain Prescription Drug Products. Otherwise, you may pay more out-of-pocket. See *Notification Requirements* in this section for details.

2Supply limits of two 90-day cycles per calendar year apply to tobacco cessation products.

3Both Prescription and certain over-the-counter products are covered with prior notification. Your health care Provider will need to confirm that you are also getting counseling for tobacco cessation. See *Notification Requirements* in this section for details.

In addition, to be eligible for 100% coverage of certain tobacco cessation products, you must:
- be 18 years of age or older;
- obtain a prescription for these products, even if sold over-the-counter; and
- fill the prescription at a Network pharmacy.

*Note:* The Coordination of Benefits provision described in Section 10, *Coordination of Benefits (COB)* does not apply to covered Prescription Drug Products as described in this section. Prescription Drug Benefits will not be coordinated with those of any other health coverage plan.

Identification Card (ID Card) – Network Pharmacy

You must either show your ID card at the time you obtain your Prescription Drug Product at a Network Pharmacy or you must provide the Network Pharmacy with identifying information that can be verified by the Claims Administrator during regular business hours.

If you don't show your ID card or provide verifiable information at a Network Pharmacy, you will be required to pay the Usual and Customary Charge for the Prescription Drug Product at the pharmacy.

You may seek reimbursement from the Plan as described in Section 9, *Claims Procedures*, under the heading, *How to File a Claim*. When you submit a claim on this basis, you may pay
more because you failed to verify your eligibility when the Prescription Drug Product was dispensed. The amount you are reimbursed will be based on the Prescription Drug Charge, less the required Copayment and/or Coinsurance, and any deductible that applies.

Submit your claim to:

Optum Rx
P.O. Box 29077
Hot Springs, AR 71903

Benefit Levels

Benefits are available for outpatient Prescription Drug Products that are considered Covered Health Services.

The Plan pays Benefits at different levels for tier-1, tier-2 and tier-3 Prescription Drugs Product. All Prescription Drug Products covered by the Plan are categorized into these three tiers on the Prescription Drug List (PDL). The tier status of a Prescription Drug Product can change periodically, generally quarterly but no more than six times per calendar year, based on the Prescription Drug List Management Committee's periodic tiering decisions. When that occurs, you may pay more or less for a Prescription Drug Product, depending on its tier assignment. Since the PDL may change periodically, you can visit http://welcometouhc.com/sfhss or call UnitedHealthcare at the toll-free number on your ID card for the most current information.

Each tier is assigned a Copay, which is the amount you pay when you visit the pharmacy or order your medications through mail order. Your Copay will also depend on whether or not you visit the pharmacy or use the mail order service - see the table shown at the beginning of this section for further details. Here's how the tier system works:

- Tier-1 is your lowest Copay option. For the lowest out-of-pocket expense, you should consider tier-1 drugs if you and your Physician decide they are appropriate for your treatment.

- Tier-2 is your middle Copay option. Consider a tier-2 drug if no tier-1 drug is available to treat your condition.

- Tier-3 is your highest Copay option. The drugs in tier-3 are usually more costly. Sometimes there are alternatives available in tier-1 or tier-2.

Coinsurance for a Prescription Drug Product at a Network Pharmacy is a percentage of the Prescription Drug Charge. Coinsurance for a Prescription Drug Product at a non-Network Pharmacy is a percentage of the Out-of-Network Reimbursement Rate.

For Prescription Drug Products at a retail Network Pharmacy, you are responsible for paying the lower of:

- the applicable Copay;

- the Network Pharmacy's Usual and Customary Charge for the Prescription Drug Product; or
the Prescription Drug Charge that UnitedHealthcare agreed to pay the Network Pharmacy.

For Prescription Drug Products from a mail order Network Pharmacy, you are responsible for paying the lower of:

- the applicable Copay; or
- the Prescription Drug Charge for that particular Prescription Drug Product.

Retail

The Plan has a Network of participating retail pharmacies, which includes many large drug store chains. You can obtain information about Network Pharmacies by contacting UnitedHealthcare at the toll-free number on your ID card or by logging onto http://welcometouhc.com/sfhss.

To obtain your prescription from a retail pharmacy, simply present your ID card and pay the Copay. The Plan pays Benefits for certain covered Prescription Drug Products:

- as written by a Physician;
- up to a consecutive 31-day supply, unless adjusted based on the drug manufacturer's packaging size or based on supply limits;
- when a Prescription Drug Product is packaged or designed to deliver in a manner that provides more than a consecutive 31-day supply, the Copay that applies will reflect the number of days dispensed; and
- a one-cycle supply of an oral contraceptive. You may obtain up to three cycles at one time if you pay a Copay for each cycle supplied.

**Note:** Pharmacy Benefits apply only if your prescription is for a Covered Health Service, and not for Experimental or Investigational, or Unproven Services. Otherwise, you are responsible for paying 100% of the cost.

Mail Order

The mail order service may allow you to purchase up to a 90-day supply of a covered maintenance drug through the mail. Maintenance drugs help in the treatment of chronic illnesses, such as heart conditions, allergies, high blood pressure, and arthritis.

To use the mail order service, all you need to do is complete a patient profile and enclose your prescription order or refill. Your medication, plus instructions for obtaining refills, will arrive by mail about 14 days after your order is received. If you need a patient profile form, or if you have any questions, you can reach UnitedHealthcare at the toll-free number on your ID card.

The Plan pays mail order Benefits for certain covered Prescription Drug Products:
as written by a Physician; and

up to a consecutive 90-day supply, unless adjusted based on the drug manufacturer's packaging size or based on supply limits.

You may be required to fill an initial Prescription Drug Product order and obtain one refill through a retail pharmacy prior to using a mail order Network Pharmacy.

**Note:** To maximize your benefit, ask your Physician to write your prescription order or refill for a 90-day supply, with refills when appropriate. You will be charged a mail order Copay for any prescription order or refill if you use the mail order service, regardless of the number of days' supply that is written on the order or refill. Be sure your Physician writes your mail order or refill for a 90-day supply, not a 30-day supply with three refills.

**Designated Pharmacy**

If you require certain Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products, UnitedHealthcare may direct you to a Designated Pharmacy with whom it has an arrangement to provide those Prescription Drug Products.

If you are directed to a Designated Pharmacy and you choose not to obtain your Prescription Drug Product from a Designated Pharmacy, no Benefit will be paid for that Prescription Drug Product.

**Specialty Prescription Drugs**

You may fill a prescription for Specialty Prescription Drugs up to two times at any Pharmacy. However, after that you will be directed to a Designated Pharmacy and if you choose not to obtain your Specialty Prescription Drugs from a Designated Pharmacy, no Benefits will be paid and you will be responsible for paying all charges.

Please see the Prescription Drug Glossary in this section for definitions of Specialty Prescription Drug and Designated Pharmacy.

**Assigning Prescription Drugs to the PDL**

UnitedHealthcare's Prescription Drug List (PDL) Management Committee makes the final approval of Prescription Drug Product placement in tiers. In its evaluation of each Prescription Drug Product, the PDL Management Committee takes into account a number of factors including, but not limited to, clinical and economic factors. Clinical factors may include:

- evaluations of the place in therapy;
- relative safety and efficacy; and
whether supply limits or notification requirements should apply.

Economic factors may include:

- the acquisition cost of the Prescription Drug Product; and
- available rebates and assessments on the cost effectiveness of the Prescription Drug Product.

Some Prescription Drug Products are most cost effective for specific indications as compared to others, therefore, a Prescription Drug Product may be listed on multiple tiers according to the indication for which the Prescription Drug Product was prescribed.

When considering a Prescription Drug Product for tier placement, the PDL Management Committee reviews clinical and economic factors regarding Covered Persons as a general population. Whether a particular Prescription Drug Product is appropriate for an individual Covered Person is a determination that is made by the Covered Person and the prescribing Physician.

The PDL Management Committee may periodically change the placement of a Prescription Drug Product among the tiers. These changes will not occur more than six times per calendar year and may occur without prior notice to you.

Prescription Drug Product, Prescription Drug List (PDL), and Prescription Drug List (PDL) Management Committee are defined at the end of this section.

**Prescription Drug List (PDL)**
The Prescription Drug List (PDL) is a tool that helps guide you and your Physician in choosing the medications that allow the most effective and affordable use of your Prescription Drug benefit.

**Notification Requirements**
Before certain Prescription Drug Products are dispensed to you, it is the responsibility of your Physician, your pharmacist or you to notify UnitedHealthcare. UnitedHealthcare will determine if the Prescription Drug Product, in accordance with UnitedHealthcare approved guidelines, is both:

- a Covered Health Service as defined by the Plan; and
- not Experimental or Investigational or Unproven, as defined in Section 14, Glossary.

The Plan may also require you to notify UnitedHealthcare so UnitedHealthcare can determine whether the Prescription Drug Product, in accordance with its approved guidelines, was prescribed by a Specialist Physician.

**Network Pharmacy Notification**
When Prescription Drug Products are dispensed at a Network Pharmacy, the prescribing provider, the pharmacist, or you are responsible for notifying the Claims Administrator.
Non-Network Pharmacy Notification

When Prescription Drug Products are dispensed at a non-Network Pharmacy, you or your Physician are responsible for notifying the Claims Administrator as required.

If UnitedHealthcare is not notified before the Prescription Drug Product is dispensed, you may pay more for that Prescription Drug Product order or refill. You will be required to pay for the Prescription Drug Product at the time of purchase. The contracted pharmacy reimbursement rates (the Prescription Drug Charge) will not be available to you at a non-Network Pharmacy. If UnitedHealthcare is not notified before you purchase the Prescription Drug Product, you can request reimbursement after you receive the Prescription Drug Product - see Section 9, Claims Procedures, for information on how to file a claim.

When you submit a claim on this basis, you may pay more because you did not notify the Claims Administrator before the Prescription Drug Product was dispensed. The amount you are reimbursed will be based on the Prescription Drug Charge (for Prescription Drug Products from a Network Pharmacy) or the Out-of-Network Reimbursement Rate (for Prescription Drugs from a non-Network Pharmacy), less the required Copayment and/or Coinsurance, Ancillary Charge and any Deductible that applies.

The following require prior notification:

- Prescription Drug Products prescribed for appetite suppression, and other weight loss products; and

- growth hormone therapy.

To determine if other Prescription Drug Products require notification, either visit http://welcometouhc.com/sfhss or call the toll-free number on your ID card. The Prescription Drug Products requiring notification are subject to UnitedHealthcare's periodic review and modification.

Benefits may not be available for the Prescription Drug Product after the Claims Administrator reviews the documentation provided and determines that the Prescription Drug Product is not a Covered Health Service or it is an Experimental or Investigational or Unproven Service.

We may also require notification for certain programs which may have specific requirements for participation and/or activation of an enhanced level of Benefits associated with such programs. You may access information on available programs and any applicable notification, participation or activation requirements associated with such programs through the Internet at http://welcometouhc.com/sfhss or by calling the toll-free number on your ID card.

Prescription Drug Benefit Claims

For Prescription Drug Product claims procedures, please refer to Section 9, Claims Procedures.
Limitation on Selection of Pharmacies

If the Claims Administrator determines that you may be using Prescription Drug Products in a harmful or abusive manner, or with harmful frequency, your selection of Network Pharmacies may be limited. If this happens, you may be required to select a single Network Pharmacy that will provide and coordinate all future pharmacy services. Benefits will be paid only if you use the designated single Network Pharmacy. If you don't make a selection within 31 days of the date the Plan Administrator notifies you, the Claims Administrator will select a single Network Pharmacy for you.

Supply Limits

Some Prescription Drug Products are subject to supply limits that may restrict the amount dispensed per prescription order or refill. To determine if a Prescription Drug Product has been assigned a maximum quantity level for dispensing, either visit http://welcometouhc.com/sfhss or call the toll-free number on your ID card. Whether or not a Prescription Drug Product has a supply limit is subject to UnitedHealthcare's periodic review and modification.

*Note:* Some products are subject to additional supply limits based on criteria that the Plan Administrator and the Claims Administrator have developed, subject to periodic review and modification. The limit may restrict the amount dispensed per prescription order or refill and/or the amount dispensed per month's supply.

If a Brand-name Drug Becomes Available as a Generic

If a Brand-name Prescription Drug Product becomes available as a Generic drug, the tier placement of the Brand-name Drug may change and an Ancillary Charge may apply. As a result, your Copay may change. You will pay the Copay applicable for the tier to which the Prescription Drug Product is assigned.

Prescription Drugs that are Chemically Equivalent

If two drugs are chemically equivalent (they contain the same active ingredient) and you choose not to substitute a lower tiered drug for the higher tiered drug, you will pay the difference between the higher tiered drug and the lower tiered drug, in addition to the lower tiered drug's Copayment and/or Coinsurance. This difference in cost is called an Ancillary Charge. An Ancillary Charge may apply when a covered Prescription Drug Product is dispensed at your or the provider's request and there is another drug that is chemically the same available at a lower tier.

Special Programs

The San Francisco Health Service System and UnitedHealthcare may have certain programs in which you may receive an enhanced or reduced benefit based on your actions such as adherence/compliance to medication or treatment regimens and/or participation in health management programs. You may access information on these programs through the Internet at http://welcometouhc.com/sfhss or by calling the number on the back of your ID card.
Coupons, Incentives and Other Communications

At various times, UnitedHealthcare may send mailings to you, your Physician or your pharmacy that communicate a variety of messages, including information about Prescription Drug Products. These mailings may contain coupons or offers from pharmaceutical manufacturers that enable you, at your discretion, to purchase the described Prescription Drug at a discount. In some instances, non-UnitedHealthcare entities may support and/or provide content for these communications and offers. Only you and your Physician can determine whether a change in your Prescription and/or non-prescription Drug Product regimen is appropriate for your medical condition.

**Coupons:** UnitedHealthcare may not permit certain coupons or offers from pharmaceutical manufacturers to reduce your Copayment and/or Coinsurance or apply to your Annual Drug Deductible. You may access information on which coupons or offers are not permitted through the Internet at [http://welcometouhc.com/sfhss](http://welcometouhc.com/sfhss) or by calling the number on your ID card.

**Exclusions - What the Prescription Drug Plan Will Not Cover**

Exclusions from coverage listed under Section 8, *Exclusions* also apply to this section. In addition, the following exclusions apply.

For Prescription Drug Products from Network Pharmacies, the Ancillary Charge is calculated as the difference between the Prescription Drug Charge or MAC List price for Network
Pharmacies for the Prescription Drug Product on the higher tier, and the Prescription Drug Charge or MAC List price of the chemically equivalent Prescription Drug Product available on the lower tier. For Prescription Drug Products from non-Network Pharmacies, the Ancillary Charge is calculated as the difference between the Out-of-Network Reimbursement Rate or MAC List price for non-Network Pharmacies for the Prescription Drug Product on the higher tier, and the Out-of-Network Reimbursement Rate or MAC List price of the chemically equivalent Prescription Drug Product available on the lower tier.

ATTACHMENT I - HEALTH CARE REFORM NOTICES

Retiree Only Plans

The Plan Sponsor of these Plans believes these Plans are exempt from certain provisions of the Patient Protection and Affordable Care Act (the Affordable Care Act). As permitted by the Affordable Care Act, a health plan with only a retiree employee population can preserve health coverage that was already in effect when that law was enacted. Being an exempt health plan means that your Plan may not include certain consumer protections of the Affordable Care Act that apply to other plans, for example, restrictions on lifetime limits and the extension of dependent child coverage to age 26.
ATTACHMENT II - NOTICES

Women's Health and Cancer Rights Act of 1998
As required by the Women's Health and Cancer Rights Act of 1998, we provide Benefits under the Plan for mastectomy, including reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy (including lymphedema).

If you are receiving Benefits in connection with a mastectomy, Benefits are also provided for the following Covered Health Services, as you determine appropriate with your attending Physician:

- All stages of reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance; and
- Prostheses and treatment of physical complications of the mastectomy, including lymphedema.

The amount you must pay for such Covered Health Services (including Copayments and any Annual Deductible) are the same as are required for any other Covered Health Service. Limitations on Benefits are the same as for any other Covered Health Service.

Statement of Rights under the Newborns’ and Mothers’ Health Protection Act
Under Federal law, group health Plans and health insurance issuers offering group health insurance coverage generally may not restrict Benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a delivery by cesarean section. However, the Plan or issuer may pay for a shorter stay if the attending provider (e.g., your physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under Federal law, plans and issuers may not set the level of Benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under Federal law, require that a physician or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, to use certain providers or facilities, or to reduce your out-of-pocket costs, you may be required to obtain precertification. For information on precertification, contact your issuer.

**Important**

ParentSteps is not a health insurance plan. You are responsible for the full cost of any services purchased. ParentSteps will collect the provider payment from you online via the ParentSteps website and forward the payment to the provider on your behalf. Always use your health insurance plan for Covered Health Services described in the Summary Plan Description 5, Plan Highlights) when a benefit is available.

What is ParentSteps?

ParentSteps is a discount program that offers savings on certain medications and services for the treatment of infertility that are not Covered Health Services under your health plan.

This program also offers:

- guidance to help you make informed decisions on where to receive care;
- education and support resources through experienced infertility nurses;
- access to providers contracted with UnitedHealthcare that offer discounts for infertility medical services; and
- discounts on select medications when filled through a designated pharmacy partner.

Because this is not a health insurance plan, you are not required to receive a referral or submit any claim forms.

Discounts through this program are available to you and your Dependents. Dependents are defined in the Summary Plan Description in Section 14, Glossary.

Registering for ParentSteps

Prior to obtaining discounts on infertility medical treatment or speaking with an infertility nurse you need to register for the program online at www.myoptumhealthparentsteps.com or by calling ParentSteps toll-free at 1-877-801-3507.

Selecting a Contracted Provider

After registering for the program you can view ParentSteps facilities and clinics online based on location, compare IVF cycle outcome data for each participating provider and see the
specific rates negotiated by ParentSteps with each provider for select types of infertility treatment in order to make an informed decision.

**Visiting Your Selected Health Care Professional**

Once you have selected a provider, you will be asked to choose that clinic for a consultation. You should then call and make an appointment with that clinic and mention you are a ParentSteps member. ParentSteps will validate your choice and send a validation email to you and the clinic.

**Obtaining a Discount**

If you and your provider choose a treatment in which ParentSteps discounts apply, the provider will enter in your proposed course of treatment. ParentSteps will alert you, via email, that treatment has been assigned. Once you log in to the ParentSteps website, you will see your treatment plan with a cost breakdown for your review.

After reviewing the treatment plan and determining it is correct you can pay for the treatment online. Once this payment has been made successfully ParentSteps will notify your provider with a statement saying that treatments may begin.

**Speaking with a Nurse**

Once you have successfully registered for the ParentSteps program you may receive additional educational and support resources through an experienced infertility nurse. You may even work with a single nurse throughout your treatment if you choose.

For questions about diagnosis, treatment options, your plan of care or general support, please contact a ParentSteps nurse via phone (toll-free) by calling 1-866-774-4626.

ParentSteps nurses are available from 8 a.m. to 5 p.m. Central Time; Monday through Friday, excluding holidays.
