Trio HMO Plan

PLEASE READ THE FOLLOWING IMPORTANT NOTICES ABOUT THIS HEALTH PLAN

This Evidence of Coverage (EOC) constitutes only a summary of the health plan. The health plan contract must be consulted to determine the exact terms and conditions of coverage.

Notice About This Group Health Plan: Blue Shield makes this health plan available to Employees through a contract with the Employer. The Group Health Service Contract (Contract) includes the terms in this EOC, as well as other terms. A copy of the Contract is available upon request. A Summary of Benefits is provided with, and is incorporated as part of, the EOC. The Summary of Benefits sets forth the Member's share-of-cost for Covered Services under the benefit plan.

Please read this EOC carefully and completely to understand which services are Covered Services, and the limitations and exclusions that apply to the plan. Pay particular attention to those sections of the EOC that apply to any special health care needs.

Blue Shield provides a matrix summarizing key elements of this Blue Shield health plan at the time of enrollment. This matrix allows individuals to compare the health plans available to them. The EOC is available for review prior to enrollment in the plan.

For questions about this plan, please contact Shield Concierge at the address or telephone number provided on the back page of this EOC.

Notice About Plan Benefits: No Member has the right to receive Benefits for services or supplies furnished following termination of coverage, except as specifically provided under the Extension of Benefits provision, and when applicable, the Continuation of Group Coverage provision in this EOC.

Benefits are available only for services and supplies furnished during the term this health plan is in effect and while the individual claiming Benefits is actually covered by this group Contract.

Benefits may be modified during the term as specifically provided under the terms of this EOC, the group Contract or upon renewal. If Benefits are modified, the revised Benefits (including any reduction in Benefits or the elimination of Benefits) apply for services or supplies furnished on or after the effective date of modification. There is no vested right to receive the Benefits of this plan.

Notice About Reproductive Health Services: Some Hospitals and other providers do not provide one or more of the following services that may be covered under your plan contract and that you or your family member might need: family planning; contraceptive services, including emergency contraception; sterilization, including tubal ligation at the time of labor and delivery; infertility treatments; or abortion. You should obtain more information before you enroll. Call your prospective doctor, medical group, independent practice association, or clinic, or call the health plan at Blue Shield's Shield Concierge telephone number provided on the back page of this EOC to ensure that you can obtain the health care services that you need.

Notice About Contracted Providers: Blue Shield contracts with Hospitals and Physicians to provide services to Members for specified rates. This contractual arrangement may include incentives to manage all services provided to Members in an appropriate manner consistent with the contract. To learn more about this payment system, contact Shield Concierge.

The Trio HMO plan offers a limited selection of IPAs and Medical Groups from which Members must choose, and a limited network of Hospitals. Except for Emergency Services, Urgent Services when the Member is out of the Service Area, or when prior authorized, all services must be obtained through the Member's Primary Care Physician.

Notice About Health Information Exchange Participation: Blue Shield participates in the **California Integrated Data Exchange (Cal INDEX)** Health Information Exchange ("HIE") making its Members' health information available to Cal INDEX for access by their authorized health care providers. Cal INDEX is an independent, not-for-profit organization that maintains a statewide database of electronic patient records that includes health information contributed by doctors, health care facilities, health care service plans, and health insurance companies. Authorized health care providers (including doctors, nurses, and hospitals) may securely access their patients' health information through the Cal INDEX HIE to support the provision of safe, high-quality care.

Cal INDEX respects Members' right to privacy and follows applicable state and federal privacy laws. Cal INDEX uses advanced security systems and modern data encryption techniques to protect Members' privacy and the security of their personal information. The Cal INDEX notice of privacy practices is posted on its website at www.calindex.org.

Every Blue Shield Member has the right to direct Cal INDEX not to share their health information with their health care providers. Although opting out of Cal INDEX may limit your health care provider's ability to quickly access important health care information about you, a Member's health insurance or health plan benefit coverage will not be affected by an election to opt-out of Cal INDEX. No doctor or hospital participating in Cal INDEX will deny medical care to a patient who chooses not to participate in the Cal INDEX HIE.

Members who do not wish to have their healthcare information displayed in Cal INDEX, should fill out the online form at www.calindex.org/opt-out or call Cal INDEX at (888) 510-7142.

1 Evidence of Coverage (EOC):

The Evidence of Coverage (EOC) describes the Benefits, limitations, and exclusions that apply to coverage under this Plan. Please review the EOC for more details of coverage outlined in this Summary of Benefits. You can request a copy of the EOC at any time.

Capitalized terms are defined in the EOC. Refer to the EOC for an explanation of the terms used in this Summary of Benefits.

2 Calendar Year Deductible (CYD):

Calendar Year Deductible explained. A Deductible is the amount you pay each Calendar Year before Blue Shield pays for Covered Services under the Plan.

If this Plan has any Calendar Year Deductible(s), Covered Services subject to that Deductible are identified with a check mark (✓) in the Benefits chart above.

3 Using Participating Providers:

Participating Providers have a contract to provide health care services to Members. When you receive Covered Services from a Participating Provider, you are only responsible for the Copayment or Coinsurance, once any Calendar Year Deductible has been met.

4 Calendar Year Out-of-Pocket Maximum (OOPM):

Your payment after you reach the Calendar Year OOPM. You will continue to pay all charges above a Benefit maximum.

Essential health benefits count towards the OOPM.

Family coverage has an individual OOPM within the Family OOPM. This means that the OOPM will be met for an individual with Family coverage who meets the individual OOPM prior to the Family meeting the Family OOPM within a Calendar Year.

5 Separate Member Payments When Multiple Covered Services are Received:

Each time you receive multiple Covered Services, you might have separate payments (Copayment or Coinsurance) for each service. When this happens, you may be responsible for multiple Copayments or Coinsurance. For example, you may owe an office visit Copayment in addition to an allergy serum Copayment when you visit the doctor for an allergy shot.

6 Preventive Health Services:

If you only receive Preventive Health Services during a Physician office visit, there is no Copayment or Coinsurance for the visit. If you receive both Preventive Health Services and other Covered Services during the Physician office visit, you may have a Copayment or Coinsurance for the visit.

Plans may be modified to ensure compliance with State and Federal requirements.

The Blue Shield Trio HMO Health Plan

Introduction to the Blue Shield Trio HMO Health Plan

Trio HMO plans offer a limited selection of IPAs and medical groups from which Members must choose, and a limited network of Hospitals. The IPAs and medical groups in Trio HMO participate in accountable care organization collaborations with Blue Shield.

It is important for Members to review the list of providers within the Trio HMO Physician and Hospital Directory before enrolling in this health plan. In many areas, there may only be one (1) IPA or Medical Group from which to select a Primary Care Physician or to receive Covered Services.

This Blue Shield of California (Blue Shield) Evidence of Coverage (EOC) describes the health care coverage that is provided under the Group Health Service Contract between Blue Shield and the Contractholder (Employer). A Summary of Benefits is provided with, and is incorporated as part of, this EOC.

Please read this EOC and Summary of Benefits carefully. Together they explain which services are covered and which are excluded. They also contain information about the role of the Primary Care Physician in the coordination and authorization of Covered Services and Member responsibilities such as payment of Copayments, Coinsurance and Deductibles.

Capitalized terms in this EOC have a special meaning. Please see the *Definitions* section for a clear understanding of these terms. Members may contact Shield Concierge with questions about their Benefits. Contact information can be found on the back page of this EOC.

How to Use This Health Plan

PLEASE READ THE FOLLOWING INFORMATION SO YOU WILL KNOW FROM WHOM OR WHAT GROUP OF PROVIDERS HEALTH CARE MAY BE OBTAINED.

Selecting a Primary Care Physician

Each Member must select a general practitioner, family practitioner, internist, obstetrician/gynecologist, or pediatrician as their Primary Care Physician at the time of enrollment. Individual Family members must also designate a Primary Care Physician, but each may select a different provider as their Primary Care Physician. A list of Blue Shield Trio HMO Providers is available online at www.blueshieldca.com. Members may also call Shield Concierge at the telephone number provided on the back page of this EOC for assistance in selecting a Primary Care Physician.

The Member's Primary Care Physician must be located sufficiently close to the Member's home or work address to ensure reasonable access to care, as determined by Blue Shield. If the Member does not select a Primary Care Physician at the time of enrollment, Blue Shield will designate a Primary Care Physician and the Member will be notified. This designation will remain in effect until the Member requests a change.

A Primary Care Physician must also be selected for a newborn or child placed for adoption within 31 days from the date of birth or placement for adoption. The selection may be made prior to the birth or placement for adoption and a pediatrician may be selected as the Primary Care Physician. For the month of birth, the Primary Care Physician must be in the same Medical Group or Independent Practice Association (IPA) as the mother's Primary Care Physician when the newborn is the natural child of the mother. If the mother of the newborn is not enrolled as a Member or if the child has been placed with the Subscriber for adoption, the Primary Care Physician selected must be a Physician in the same Medical Group or IPA as the Subscriber. If a Primary Care Physician is not selected for the child, Blue Shield will designate a Primary Care Physician from the same Medical Group or IPA as the natural mother or the Subscriber. This designation will remain in effect for the first calendar month during which the birth or placement for adoption occurred.

To change the Primary Care Physician for the child after the first month, see the section below on

Changing Primary Care Physicians or Designated Medical Group or IPA.

The child must be enrolled with Blue Shield to continue coverage beyond the first 31 days from the date of birth or placement for adoption. See the *Eligibility and Enrollment* section for additional information.

Primary Care Physician Relationship

The Physician-patient relationship is an important element of an HMO Plan. The Member's Primary Care Physician will make every effort to ensure that all Medically Necessary and appropriate professional services are provided in a manner compatible with the Member's wishes. If the Member and Primary Care Physician fail to establish a satisfactory relationship or disagree on a recommended course of treatment, the Member may contact Shield Concierge at the number provided on the back page of this EOC for assistance in selecting a new Primary Care Physician.

If a Member is not able to establish a satisfactory relationship with his or her Primary Care Physician, Blue Shield will provide access to other available Primary Care Physicians.

Role of the Primary Care Physician

The Primary Care Physician chosen by the Member at the time of enrollment will coordinate all Covered Services including primary care, preventive services, routine health problems, consultations with Plan Specialists (except as provided under Obstetrical/Gynecological Physician services, Trio+ Specialist, and Mental Health and Substance Use Disorder Services), Hospice admission through a Participating Hospice Agency, Emergency Services, Urgent Services and Hospital admission. The Primary Care Physician will also manage prior authorization when needed.

Because Physicians and other Health Care Providers set aside time for scheduled appointments, the Member should notify the provider's office within 24 hours if unable to keep an appointment. Some offices may charge a fee (not to exceed the Member's Copayment or Coinsurance) unless the missed appointment was due to an emergency situation or 24-hour advance notice is provided.

Obstetrical/Gynecological (OB/GYN) Physician Services

A female Member may arrange for obstetrical and/or gynecological (OB/GYN) Covered Services by an obstetrician/gynecologist or family practice Physician who is not her designated Primary Care Physician without a referral from the Primary Care Physician or Medical Group/IPA. However, the obstetrician/gynecologist or family practice Physician must be in the same Medical Group/IPA as the Member's Primary Care Physician.

Obstetrical and gynecological services are defined as Physician services related to:

- 1) prenatal, perinatal and postnatal (pregnancy) care,
- 2) diagnose and treatment of disorders of the female reproductive system and genitalia,
- 3) treatment of disorders of the breast,
- 4) routine annual gynecological/well-woman examinations.

Obstetrical/Gynecological Physician services are separate from the Trio+ Specialist feature described later in this section.

Referral to Specialty Services

Although self-referral to Plan Specialists is available through the Trio+ Specialist feature, Blue Shield encourages Members to receive specialty services through a referral from their Primary Care Physician.

When the Primary Care Physician determines that specialty services, including laboratory and X-ray, are Medically Necessary, he or she will initiate a referral to a designated Plan Provider and request necessary authorizations. The Primary Care Physician will generally refer the Member to a Specialist or other Health Care Provider within the same Medical Group/IPA. The Specialist or other Health Care Provider will send a report to the Primary Care Physician after the consultation so that the Member's medical record is complete.

In the event no Plan Provider is available to perform the needed services, the Primary Care Physician will refer the Member to a non-Plan Provider after obtaining authorization. Specialty services are subject to all benefit and eligibility provisions, exclusions and limitations described in this EOC.

See the *Mental Health and Substance Use Disorder Services* section for information regarding Mental Health and Substance Use Disorder Services.

Role of the Medical Group or IPA

Most Blue Shield Trio HMO Primary Care Physicians contract with a Medical Group or IPA to share administrative and authorization responsibilities (some Primary Care Physicians contract directly with Blue Shield). The Primary Care Physician coordinates the Member's care within the Member's Medical Group/IPA and directs referrals to Medical Group/IPA Specialists or Hospitals, unless care for the Member's health condition is unavailable within the Medical Group/IPA.

The Member's Medical Group/IPA ensures that a full panel of Specialists is available and assists the Primary Care Physician with utilization management of Plan Benefits. Medical Groups/IPAs also have admitting arrangements with Blue Shield's contracted Hospitals within their service area. The Medical Group/IPA also works with the Primary Care Physician to authorize Covered Services and ensure that Covered Services are performed by Plan Providers.

The Member's Primary Care Physician and Medical Group/IPA are listed on the Member's Trio HMO identification card.

Changing Primary Care Physicians or Designated Medical Group or IPA

The Trio HMO plan offers a limited selection of IPAs and Medical Groups from which Members must choose. Members may change their Primary Care Physician to another Primary Care Physician within their selected Medical Group/IPA by calling Shield Concierge at the number provided on the back of this Evidence of Coverage and on the back of the ID Card or by submitting a request through the Blue Shield member portal.

It is important for Members to review the list of providers within the Trio HMO Physician and Hospital Directory before enrolling in this health plan. In many areas, there may only be one (1) IPA or Medical Group from which to select a Primary Care Physician or to receive Covered Services.

In scenarios where there is only one (1) IPA or Medical Group, Members may not change their Trio HMO Medical Group/IPA except by enrolling in a different health plan product, either at open enrollment or as the result of a qualifying event.

In some circumstances, however, more than one Medical Group/IPA serves a particular area. In such situations, Members may change their selected Medical Group/IPA to another Medical Group/IPA the same way they change their Primary Care Physician. If the selected Medical Group/IPA does not have an affiliation with the Member's Primary Care Physician, a change in Medical Group/IPA may also require the Member to select a new Primary Care Physician."

Members may change their Primary Care Physician or Medical Group/IPA by calling Shield Concierge at the number provided on the back page of this EOC. If the selected Medical Group/IPA does not have an affiliation with the Member's Primary Care Physician, a change in Medical Group/IPA may also require the Member to select a new Primary Care Physician.

Changes in Medical Group/IPA or Primary Care Physician are effective the first day of the month following notice of approval by Blue Shield. Once the change of Primary Care Physician is effective, all care must be provided or arranged by the new Primary Care Physician, except for OB/GYN services and Trio+ Specialist visits as noted in earlier sections.

Once the Medical Group/IPA change is effective, authorizations for Covered Services provided by the former Medical Group/IPA are no longer valid. Care must be transitioned to specialists within the new Medical Group/IPA, and except for Trio+ Specialist visits, new authorizations must be obtained. Members may call Shield Concierge for assistance with Primary Care Physician or Medical Group/IPA changes.

Voluntary Medical Group/IPA changes are not permitted while the Member is confined to a Hospital or during the third trimester of pregnancy. The effective date of the new Medical Group/IPA will be the first of the month following discharge from the Hospital, or when pregnant, following the completion of postpartum care.

Additionally, changes in Primary Care Physician or Medical Group/IPA during an on-going course of treatment may interrupt care. For this reason, the effective date of a Primary Care Physician or Medical Group/IPA change, when requested during an on-going course of treatment, will be the first of the month following the date it is medically appropriate to transfer the Member's care to a new Primary Care Physician or Medical Group/IPA, as determined by Blue Shield.

Exceptions must be approved by a Blue Shield Medical Director. For information about approval for an exception to the above provisions, please contact Shield Concierge at the number provided on the back page of this EOC.

If a Member's Primary Care Physician terminates participation in the Plan, Blue Shield will notify the Member in writing and designate a new Primary Care Physician who is immediately available to provide the Member's medical care. Members may also make their own selection of a new Primary Care Physician within 15 days of this notification. The Member's selection must be approved by Blue Shield prior to receiving any Covered Services under the Plan.

Trio+ Specialist

The Member may arrange an office visit with a Trio+ Specialist within their Primary Care Physician's Medical Group/IPA without a referral from the Primary Care Physician. The Member is responsible for the Copayment or Coinsurance listed in the Summary of Benefits for each Trio+ Specialist visit including the initial visit and follow up care not referred through the Member's Primary Care Physician.

A Trio+ Specialist visit includes an examination or other consultation including diagnosis and treatment provided by a Medical Group or IPA Plan

Specialist without a Primary Care Physician referral.

A Trio+ Specialist visit does not include:

- 1) Services which are not otherwise covered;
- 2) Services provided by a non-Trio+ Provider (such as Podiatry and Physical Therapy);
- 3) Allergy testing;
- 4) Endoscopic procedures;
- 5) Diagnostic and nuclear imaging including CT, MRI, or bone density measurement;
- 6) Injectables, chemotherapy, or other infusion drugs, other than vaccines and antibiotics;
- 7) Infertility services;
- 8) Emergency Services;
- 9) Urgent Services;
- 10) Inpatient services, or any services which result in a facility charge, except for routine X-ray and laboratory services;
- 11) Services for which the Medical Group or IPA routinely allows the Member to self-refer without authorization from the Primary Care Physician;
- 12) OB/GYN services by an obstetrician/gynecologist or family practice Physician within the same Medical Group/IPA as the Primary Care Physician.

Trio+ Satisfaction

Members may provide Blue Shield with feedback regarding the service received from Plan Physicians. If a Member is dissatisfied with the service provided during an office visit with a Plan Physician, the Member may contact Shield Concierge at the number provided on the back page of the EOC.

Mental Health and Substance Use Disorder Services

Blue Shield contracts with a Mental Health Service Administrator (MHSA) to underwrite and deliver all Mental Health and Substance Use Disorder Services through a unique network of MHSA Participating Providers. All non-emergency Mental

Health and Substance Use Disorder Hospital admissions and Other Outpatient Mental Health and Substance Use Disorder Services must be arranged through and authorized by the MHSA. Members are not required to coordinate Mental Health and Substance Use Disorder Services through their Primary Care Physician.

All Mental Health and Substance Use Disorder Services must be provided by an MHSA Participating Provider, apart from the exceptions noted in the next paragraph. Information regarding MHSA Participating Providers is available online at www.blueshieldca.com. Members, or their Primary Care Physician, may also contact the MHSA directly at 1-877-263-9952 to obtain this information.

Mental Health and Substance Use Disorder Services received from an MHSA Non-Participating Provider will not be covered except as an Emergency or Urgent Service or when no MHSA Participating Provider is available to perform the needed services and the MHSA refers the Member to an MHSA Non-Participating Provider and authorizes the services. Mental Health and Substance Use Disorder Services received from a health professional who is an MHSA Non-Participating Provider at a facility that is an MHSA Participating Provider will also be covered. Except for these stated exceptions, all charges for Mental Health or Substance Use Disorder Services not rendered by an MHSA Participating Provider will be the Member's responsibility. For complete information regarding Benefits for Mental Health and Substance Use Disorder Services, see the *Mental Health and Substance Use Disorder Benefits* section.

Prior Authorization

The MHSA Participating Provider must obtain prior authorization from the MHSA for all non-emergency Mental Health and Substance Use Disorder inpatient admissions including Residential Care, and Other Outpatient Mental Health and Substance Use Disorder Services.

For prior authorization of Mental Health and Substance Use Disorder Services, the MHSA Participating Provider should contact the MHSA at 1-877-263-9952 at least five business days prior to the admission. The MHSA will render a decision

on all requests for prior authorization of services as follows:

- 1) for Urgent Services, as soon as possible to accommodate the Member's condition not to exceed 72 hours from receipt of the request;
- 2) for other services, within five business days from receipt of the request. The treating provider will be notified of the decision within 24 hours followed by written notice to the provider and Member within two business days of the decision.

If prior authorization is not obtained for an inpatient mental health or substance use disorder Hospital admission or for any Other Outpatient Mental Health and Substance Use Disorder Services and the services provided to the member are determined not to be a Benefit of the plan, or were not medically necessary, coverage will be denied. Prior authorization is not required for an emergency mental health or substance use disorder Hospital admission.

Continuity of Care by a Terminated Provider

Members who (1) are being treated for acute conditions, serious chronic conditions, pregnancies (including immediate postpartum care), or terminal illness; (2) are children from birth to 36 months of age; or (3) have received authorization from a terminated provider for surgery or another procedure as part of a documented course of treatment can request completion of care in certain situations with a provider who is leaving the Blue Shield provider network. Contact Shield Concierge to receive information regarding eligibility criteria and the written policy and procedure for requesting continuity of care from a terminated provider.

Continuity of Care for New Members by Non-Contracting Providers

Newly covered Members who (1) are being treated for acute conditions, serious chronic conditions, pregnancies (including immediate postpartum care), or terminal illness; (2) are children from birth to 36 months of age; or (3) have received authorization from a provider for surgery or another

procedure as part of a documented course of treatment can request completion of care in certain situations with the non-contracting provider who was providing services to the Member at the time the Member's coverage became effective under this Plan. Contact Shield Concierge to receive information regarding eligibility criteria and the written policy and procedure for requesting continuity of care from a non-contracting provider.

Second Medical Opinion

Members who have questions about their diagnoses, or believe that additional information concerning their condition would be helpful in determining the most appropriate plan of treatment, may request a referral from their Primary Care Physician to another Physician for a second medical opinion. The Member's Primary Care Physician may also offer a referral to another Physician for a second opinion.

If the second opinion involves care provided by the Member's Primary Care Physician, the second opinion will be provided by a Physician within the same Medical Group/IPA. If the second opinion involves care received from a Specialist, the second opinion may be provided by any Blue Shield Network Specialist of the same or equivalent specialty, as authorized by either the Member's Medical Group/IPA or Blue Shield of California. All second opinion consultations must be authorized by the Medical Group/IPA or Blue Shield of California.

State law requires that health plans disclose to Members, upon request, the timelines for responding to a request for a second medical opinion. To request a copy of these timelines, you may call the Shield Concierge Department at the number provided on the back page of this combined Evidence of Coverage and Disclosure Form.

Urgent Services

The Blue Shield Trio HMO provides coverage for you and your family for your Urgent Service needs when you or your family are temporarily traveling outside of your Primary Care Physician Service Area.

Urgent Services are defined as those Covered Services rendered outside of the Primary Care Physician Service Area (other than Emergency Services) which are Medically Necessary to prevent serious deterioration of a Member's health resulting from unforeseen illness, injury or complications of an existing medical condition, for which treatment cannot reasonably be delayed until the Member returns to the Primary Care Physician Service Area.

Out-of-Area Follow-up Care is defined as non-emergent Medically Necessary out-of-area services to evaluate the Member's progress after an initial Emergency or Urgent Service.

(Urgent Care) While in your Primary Care Physician Service Area

If you require urgent, same-day care for a condition that could reasonably be treated in your Primary Care Physician's office or in an urgent care clinic (i.e., care for a condition that is not such that the absence of immediate medical attention could reasonably be expected to result in placing your health in serious jeopardy, serious impairment to bodily functions, or serious dysfunction of any bodily organ or part), you must first call your Primary Care Physician. However, you may go directly to an urgent care clinic when your assigned Medical Group/IPA has provided you with instructions for obtaining care from an urgent care clinic in your Primary Care Physician Service Area.

Outside of California

The Blue Shield Trio HMO provides coverage for you and your family for your Urgent Service needs when you or your family are temporarily traveling outside of California. Urgent Services may be obtained from any provider; however, using the BlueCard® or Blue Shield Global Core programs can be more cost-effective and may eliminate the need for you to pay for the services when they are rendered and submit a claim for reimbursement. See the *Inter-Plan Arrangements* section of this EOC for more information on the BlueCard® and Blue Shield Global Core programs.

Out-of-Area Follow-up Care is also covered and services may be received through the BlueCard®

or Blue Shield Global Core programs. Authorization by Blue Shield is required for more than two Out-of-Area Follow-up Care outpatient visits. Blue Shield may direct the patient to receive the additional follow-up services from their Primary Care Physician.

Within California

If you are temporarily traveling within California, but are outside of your Primary Care Physician Service Area, if possible you should call Shield Concierge at the number provided on the back page of this booklet for assistance in receiving Urgent Services through a Blue Shield of California provider. You may also locate a Blue Shield provider by visiting our web site at www.blueshieldca.com. However, you are not required to use a Blue Shield of California Provider to receive Urgent Services; you may use any California provider.

Out-of-Area Follow-up Care is also covered through a Blue Shield of California provider or from any California provider. Authorization by Blue Shield is required for more than two Out-of-Area Follow-up Care outpatient visits. Blue Shield may direct the patient to receive the additional follow-up services from their Primary Care Physician.

If services are not received from a Blue Shield of California provider, you may be required to pay the provider for the entire cost of the service and submit a claim to Blue Shield. Claims for Urgent Services obtained outside of your Primary Care Physician Service Area within California will be reviewed retrospectively for coverage.

When you receive covered Urgent Services outside your Primary Care Physician Service Area within California, the amount you pay, if not subject to a flat dollar Copayment, is calculated based on Blue Shield's Allowed Charges.

Emergency Services

The Benefits of this plan will be provided anywhere in the world for treatment of an Emergency Medical Condition. For information on Emergency Services received outside of California through the BlueCard and Blue Shield Global Core

programs, see the section on *Inter-Plan Arrangements*.

For Emergency Services from any provider, the Member is only responsible for the applicable Deductible, Copayment or Coinsurance as shown in the Summary of Benefits, and is not responsible for any Allowed Charges Blue Shield is obligated to pay.

Members who reasonably believe that they have an Emergency Medical Condition which requires an emergency response are encouraged to appropriately use the "911" emergency response system (where available) or seek immediate care from the nearest Hospital.

Members should go to the closest Plan Hospital for Emergency Services whenever possible. The Member should notify their Primary Care Physician within 24 hours of receiving Emergency Services or as soon as reasonably possible following medical stabilization.

Claims for Emergency and Urgent Services

If Emergency or Urgent Services are not received from a Blue Shield of California provider, the Member may be required to pay the provider for the entire cost of the service and request reimbursement from Blue Shield. A completed claim form and medical records must be submitted to Blue Shield within one year of the service date. Claims for Emergency or Urgent Services will be reviewed retrospectively for coverage.

For information on claims for Emergency or Urgent Services received outside of California see the *Inter-Plan Arrangements* section of the EOC.

Cost Sharing

The Summary of Benefits provides the Member's Copayment, Coinsurance, Calendar Year Deductible and Calendar Year Out-of-Pocket Maximum amounts.

Calendar Year Medical Deductible

The Calendar Year Medical Deductible is the amount an individual or a Family must pay for Covered Services each year before Blue Shield begins payment in accordance with this EOC and Health Service Agreement. The Calendar Year Medical Deductible does not apply to all plans. When applied, this Deductible accrues to the Calendar Year Out-of-Pocket Maximum.

Information specific to the Member's plan is provided in the Summary of Benefits.

The Summary of Benefits indicates whether or not the Calendar Year Medical Deductible applies to a particular Covered Service. Covered Services received at a facility that is a Plan Provider will accrue to the Calendar Year Medical Deductible whether Services are provided by a health professional who is a Plan Provider or non-Plan Provider.

There are individual and Family Calendar Year Medical Deductible amounts. The individual Medical Deductible applies when an individual is covered by the plan. The Family Medical Deductible applies when a Family is covered by the plan.

There is also an individual Medical Deductible within the Family Medical Deductible. This means Blue Shield will pay Benefits for any Family member who meets the individual Medical Deductible amount before the Family Medical Deductible is met.

Once the respective Deductible is reached, Covered Services are paid as the Allowed Charges, less any applicable Copayment or Coinsurance, for the remainder of the Calendar Year.

Calendar Year Out-of-Pocket Maximum

The Calendar Year Out-of-Pocket Maximum is the highest Deductible, Copayment and Coinsurance amount an individual or Family is required to pay for designated Covered Services each year. If a benefit plan has any Calendar Year Medical Deductible, it will accumulate toward the applicable Calendar Year Out-of-Pocket Maximum. The Summary of Benefits indicates whether or not Copayment and Coinsurance amounts for a particular Covered Service accrue to the Calendar Out-of-Pocket Maximum. Covered Services received at a facility that is a Plan Provider will accrue to the Calendar Year Out-of-Pocket Maximum whether Services are provided by a health professional who is a Plan Provider or non-Plan Provider.

There are individual and Family Calendar Year Out-of-Pocket Maximum amounts. The individual Calendar Year Out-of-Pocket Maximum applies

when an individual is covered by the plan. The Family Calendar Year Out-of-Pocket Maximum applies when a Family is covered by the plan. There is an individual Out-of-Pocket Maximum within the Family Out-of-Pocket Maximum. This means that any Family member who meets the individual Out-of-Pocket Maximum will receive 100% Benefits for Covered Services, before the Family Out-of-Pocket Maximum is met.

The Summary of Benefits provides the Calendar Year Out-of-Pocket Maximum amounts. When the respective maximum is reached, Covered Services will be paid by Blue Shield at 100% of the Allowed Charges or contracted rate for the remainder of the Calendar Year.

Charges for services that are not covered and charges in excess of the Allowed Charges or the contracted rate do not accrue to the Calendar Year Out-of-Pocket Maximum and continue to be the Member's responsibility after the Calendar Year Out-of-Pocket Maximum is reached.

Liability of Subscriber or Member for Payment

As described in *Role of the Primary Care Physician* and adjacent sections above, in general all services must be prior authorized by the Primary Care Physician or Medical Group/IPA. In addition, as designated in *Prior Authorization*, under *Mental Health and Substance Use Services* above, non-emergency inpatient and Other Outpatient Mental Health and Substance Use Disorder Services must be prior authorized by the MHSA. However, a Member will not be responsible for payment of covered Mental Health and Substance Use Services requiring prior authorization solely because an MHSA Participating Provider fails to obtain prior authorization.

The following services do not require prior authorization by the Member's Primary Care Physician, Medical Group/IPA, or the MHSA:

- 1) Emergency Services
- 2) Urgent Services
- 3) Trio+ Specialist visits
- 4) Hospice program services provided by a Participating Hospice Agency after the Member

has been referred and accepted into the Hospice Program

- 5) OB/GYN services by an obstetrician/gynecologist or family practice Physician within the Primary Care Physician's Medical Group/IPA; and
- 6) Office Visits for Outpatient Mental Health and Substance Use Disorder Services by an MHSA Participating Provider.

In general, the Member is responsible for payment for:

- 1) Any services that are not Covered Services; and
- 2) Any Covered Services (except Emergency Services or Urgent Services) that are rendered by a non-Plan Provider, unless the Member has been referred to such services by their Primary Care Physician or the MHSA and the services are prior authorized by the Primary Care Physician or the MHSA. Prior authorization will not be granted, and payment will not be made for services (other than Emergency Services or Urgent Services) that are rendered by a non-Plan Provider unless there is no Plan Provider available to render such services.

Limitation of Liability

Members shall not be responsible to Plan Providers or health professionals who are non-Plan Providers rendering Services at a Plan Provider facility for payment of services if they are a Benefit of the Plan. When Covered Services are rendered by a Plan Provider or rendered by a health professional who is a non-Plan Provider at a Plan Provider facility, the Member is responsible only for the applicable Deductible, Copayment or Coinsurance, except as set forth in the Third Party Liability section. Members are responsible for the full charges for any non-Covered Services they obtain.

If a Plan Provider terminates his or her relationship with the Plan, affected Members will be notified. Blue Shield will make every reasonable and medically appropriate provision necessary to have another Plan Provider assume responsibility for the Member's care. The Member will not be responsi-

ble for payment (other than the applicable Deductible, Copayment or Coinsurance) to a former Plan Provider for any authorized services received. Once provisions have been made for the transfer of the Member's care, the services of the former Plan Provider are no longer covered.

Out-of-Area Services

Overview

Blue Shield has a variety of relationships with other Blue Cross and/or Blue Shield Plans and their Licensed Controlled Affiliates (Licensees). Generally, these relationships are called Inter-Plan Arrangements. These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross Blue Shield Association. Whenever you obtain health care services outside of California, the claims for these services may be processed through one of these Inter-Plan Arrangements.

When you access services outside of California you may obtain care from one of two kinds of providers. Most providers are participating providers and contract with the local Blue Cross and/or Blue Shield Licensee in that other geographic area (Host Blue). Some providers are non-participating providers because they don't contract with the Host Blue. Blue Shield's payment practices in both instances are described in this section.

The Blue Shield Access+ HMO plan provides limited coverage for health care services received outside of California. Out-of-Area Covered Health Care Services are restricted to Emergency Services, Urgent Services, and Out-of-Area Follow-up Care. Any other services will not be covered when processed through an Inter-Plan Arrangement unless authorized by Blue Shield.

Inter-Plan Arrangements

Emergency Services

Members who experience an Emergency Medical Condition while traveling outside of California should seek immediate care from the nearest Hospital. The Benefits of this plan will be provided anywhere in the world for treatment of an Emergency Medical Condition.

BlueCard Program

Under the BlueCard® Program, when you receive Out-of-Area Covered Health Care Services within the geographic area served by a Host Blue, Blue Shield will remain responsible for the provisions of this EOC. However, the Host Blue is responsible for contracting with and generally handling all interactions with its participating health care providers, including direct payment to the provider.

The BlueCard Program enables you to obtain Out-of-Area Covered Health Care Services outside of California, as defined above, from a health care provider participating with a Host Blue, where available. The participating health care provider will automatically file a claim for the Out-of-Area Covered Health Care Services provided to you, so there are no claim forms for you to fill out. You will be responsible for the Member Copayment, Coinsurance, and Deductible amounts, if any, as stated in the Summary of Benefits.

When you receive Out-of-Area Covered Health Care Services outside of California and the claim is processed through the BlueCard Program, the amount you pay for covered health care services, if not a flat dollar copayment, is calculated based on the lower of:

- 1) The billed charges for your Out-of-Area Covered Health Care Services; or
- 2) The negotiated price that the Host Blue makes available to Blue Shield.

Often, this “negotiated price” will be a simple discount that reflects an actual price that the Host Blue pays to your health care provider. Sometimes, it is an estimated price that takes into account special arrangements with your health care provider or provider group that may include types of settlements, incentive payments, and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of health care providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing, going forward, also take into account adjustments to correct for over or underestimation of modifications of

past pricing as noted above. However, such adjustments will not affect the price Blue Shield uses for your claim because these adjustments will not be applied retroactively to claims already paid.

Federal or state laws or regulations may require a surcharge, tax, or other fee that applies to fully-insured accounts. If applicable, Blue Shield will include any such surcharge, tax, or other fee as part of the claim charges passed on to you. Claims for covered Emergency Services are paid based on the Allowed Charges as defined in this EOC.

Non-participating Providers Outside of California

Coverage for health care services provided outside of California and within the BlueCard Service Area by non-participating providers is limited to Out-of-Area Covered Health Care Services. The amount you pay for such services will normally be based on either the Host Blue’s non-participating provider local payment or the pricing arrangements required by applicable state law. In these situations, you will be responsible for any difference between the amount that the non-participating provider bills and the payment Blue Shield will make for Out-of-Area Covered Health Care Services as described in this paragraph.

If you do not see a participating provider through the BlueCard Program, you will have to pay the entire bill for your medical care and submit a claim to the local Blue Cross and/or Blue Shield plan, or to Blue Shield of California for reimbursement. Blue Shield will review your claim and notify you of its coverage determination within 30 days after receipt of the claim; you will be reimbursed as described in the preceding paragraph. Remember, your share of cost is higher when you see a non-participating provider.

Federal or state law, as applicable, will govern payments for out-of-network Emergency Services. Blue Shield pays claims for covered Emergency Services based on the Allowed Charges as defined in this EOC.

Blue Shield Global Core

If you are outside the United States, the Commonwealth of Puerto Rico and the U.S. Virgin Islands

(BlueCard Service Area), you may be able to take advantage of Blue Shield Global Core when accessing Out-of-Area Covered Health Care Services. Blue Shield Global Core is not served by a Host Blue. As such, you will typically have to pay the providers and submit the claims yourself to obtain reimbursement for these services.

If you need assistance locating a doctor or hospital outside the BlueCard Service Area you should call the service center at 1-800-810-BLUE (2583) or call collect at 1-804-673-1177, 24 hours a day, seven days a week. Provider information is also available online at www.bcbs.com: select “Find a Doctor” and then “Blue Shield Global Core”.

Submitting a Blue Shield Global Core Claim

When you pay directly for Out-of-Area Covered Health Care Services outside the BlueCard Service Area, you must submit a claim to obtain reimbursement. You should complete a Blue Shield Global Core claim form and send the claim form with the provider’s itemized bill to the service center at the address provided on the form to initiate claims processing. The claim form is available from Blue Shield Customer Service, the service center, or online at www.bcbsglobalcore.com. If you need assistance with your claim submission, you should call the service center at 1-800-810-BLUE (2583) or call collect at 1-804-673-1177, 24 hours a day, seven days a week.

Utilization Management

State law requires that health plans disclose to Members and health plan providers the process used to authorize or deny health care services under the plan. Blue Shield has completed documentation of this process as required under Section 1363.5 of the California Health and Safety Code. The document describing Blue Shield’s Utilization Management Program is available online at www.blueshieldca.com or Members may call Shield Concierge at the number provided on the back page of this EOC to request a copy.

Principal Benefits and Coverages (Covered Services)

Blue Shield provides the following Medically Necessary Benefits, subject to applicable Deductibles, Copayments, Coinsurance, charges in excess of Benefit maximums and Plan Provider provisions.

These services and supplies are covered only when Medically Necessary and authorized by the Member’s Primary Care Physician, the Medical Group/IPA, the Mental Health Service Administrator (MHSA), or Blue Shield, as required. Unless specifically authorized, Covered Services must be provided by the Member’s Primary Care Physician, an Obstetrical/Gynecological Physician within the Member’s Medical Group/IPA, a Trio+ Specialist, or an MHSA Participating Provider. All terms, conditions, Limitations, Exceptions, Exclusions and Reductions set forth in this EOC apply as well as conditions or limitations illustrated in the benefit descriptions below.

When appropriate, the Primary Care Physician will assist the Member in applying for admission into a Hospice program through a Participating Hospice Agency. Hospice services obtained through a Participating Hospice Agency after the Member has been admitted into the Hospice program, do not require authorization.

The applicable Copayment and Coinsurance amounts for Covered Services, are shown on the Summary of Benefits. The Summary of Benefits is provided with, and is incorporated as part of, the EOC.

The determination of whether services are Medically Necessary, urgent or emergent will be made by the Medical Group/IPA, the MHSA or by Blue Shield. This determination will be based upon a review that is consistent with generally accepted medical standards, and will be subject to grievance in accordance with the procedures outlined in the *Grievance Process* section.

Except as specifically provided herein, services are covered only when rendered by an individual or entity that is licensed or certified by the state to provide health care services and is operating within the scope of that license or certification.

Allergy Testing and Treatment Benefits

Ambulance Benefits

Benefits are provided for (1) emergency ambulance services (surface and air) when used to transport a Member from place of illness or injury to the closest medical facility where appropriate treatment can be received, or (2) pre-authorized, non-emergency ambulance transportation (surface and air) from one medical facility to another. Clinical Trial for Treatment of Cancer or Life-Threatening Conditions Benefits

Benefits are provided for routine patient care for Members who have been accepted into an approved clinical trial for treatment of cancer or a life-threatening condition where the clinical trial has a therapeutic intent and when prior authorized by Blue Shield, and:

- 1) the Member's Primary Care Physician or another Plan Provider determines that the Member's participation in the clinical trial would be appropriate based on either the trial protocol or medical and scientific information provided by the Member; or
- 2) the Member provides medical and scientific information establishing that the Member's participation in the clinical trial would be appropriate.

Services for routine patient care will be paid on the same basis and at the same Benefit levels as other Covered Services shown in the Summary of Benefits.

"Routine patient care" consists of those services that would otherwise be covered by the Plan if those services were not provided in connection with an approved clinical trial, but does not include:

- 1) the investigational item, device, or service, itself;

- 2) drugs or devices that have not been approved by the federal Food and Drug Administration (FDA);
- 3) services other than health care services, such as travel, housing, companion expenses and other non-clinical expenses;
- 4) any item or service that is provided solely to satisfy data collection and analysis needs and that is not used in the direct clinical management of the patient;
- 5) services that, except for the fact that they are being provided in a clinical trial, are specifically excluded under the Plan;
- 6) services customarily provided by the research sponsor free of charge for any enrollee in the trial;
- 7) any service that is clearly inconsistent with widely accepted and established standards of care for a particular diagnosis.

An "approved clinical trial" means a phase I, phase II, phase III or phase IV clinical trial conducted in relation to the prevention, detection or treatment of cancer and other life-threatening condition, and is limited to a trial that is:

- 1) federally funded and approved by one or more of the following:
 - a. one of the National Institutes of Health;
 - b. the Centers for Disease Control and Prevention;
 - c. the Agency for Health Care Research and Quality;

- 2) the study or investigation is conducted under an investigational new drug application reviewed by the Food and Drug Administration or is exempt under federal regulations from a new drug application.

“Life-threatening condition” means any disease or condition from which the likelihood of death is probable unless the course of the disease or condition is interrupted.

The Benefit maximum is per Member per Benefit Period, except that room and board charges in excess of the facility's established semi-private room rate are excluded. A "Benefit Period" begins on the date the Member is admitted into the facility for Skilled Nursing services, and ends 60 days after being discharged and Skilled Nursing services are no longer being received. A new Benefit Period can begin only after an existing Benefit Period ends.

Speech Therapy Benefits (Rehabilitative and Habilitative Services)

Benefits are provided for outpatient Speech Therapy for the treatment of (1) a communication impairment; (2) a swallowing disorder; (3) an expressive or receptive language disorder; or (4) an abnormal delay in speech development.

Blue Shield may periodically review the provider's treatment plan and records for Medical Necessity.

Urgent Services Benefits

To receive urgent care within your Primary Care Physician Service Area, call your Primary Care Physician's office or follow instructions given by your assigned Medical Group/IPA in accordance with the *How to Use This Health Plan* section.

When outside the Plan Service Area, Members may receive care for Urgent Services as follows:

Inside California

For Urgent Services within California but outside the Member's Primary Care Physician Service Area, the Member should, if possible, contact Shield Concierge at the number provided on the back page of this booklet in accordance with the *How to Use This Health Plan* section. Shield Concierge will assist Members in receiving Urgent Services through a Blue Shield of California Provider. Members may also locate a Blue Shield Provider by visiting Blue Shield's internet site at www.blueshieldca.com.

You are not required to use a Blue Shield of California provider to receive Urgent Services; you may use any provider. However, the services will be reviewed retrospectively by Blue Shield to determine whether the services were Urgent Services.

Outside California or the United States

When temporarily traveling outside California, call the 24-hour toll-free number 1-800-810-BLUE (2583) to obtain information about the nearest BlueCard or Blue Shield Global Core participating provider. When a BlueCard or Blue Shield Global Core participating provider is available, you should obtain Urgent Services and Out-of-Area Follow-up Care from a participating provider whenever possible, but you may also receive care from a non-participating provider. The services will be reviewed retrospectively by Blue Shield to determine whether the services were Urgent Services.

For information on claims for Urgent Services received outside of California, see the *Inter-Plan Arrangements* section of the EOC.

Up to two Medically Necessary Out-of-Area Follow-up Care outpatient visits are covered. Authorization by Blue Shield is required for more than two follow-up outpatient visits. Blue Shield may direct the Member to receive the additional Follow-up Care from their Primary Care Physician.

Medical Necessity Exclusion

The Benefits of this Plan are provided only for services that are Medically Necessary. Because a Physician or other provider may prescribe, order, recommend, or approve a service or supply does not, in itself, make it Medically Necessary even though it is not specifically listed as an exclusion or limitation. Blue Shield reserves the right to review all claims to determine if a service or supply is Medically Necessary and may use the services of Physician consultants, peer review committees of professional societies or Hospitals and other consultants to evaluate claims.

Limitations for Duplicate Coverage

Medicare Eligible Members

- 1) Blue Shield will provide benefits before Medicare in the following situations:
 - a. When the Member is eligible for Medicare due to age, if the subscriber is actively

working for a group that employs 20 or more employees (as defined by Medicare Secondary Payer laws).

- b. When the Member is eligible for Medicare due to disability, if the subscriber is covered by a group that employs 100 or more employees (as defined by Medicare Secondary Payer laws).
 - c. When the Member is eligible for Medicare solely due to end stage renal disease during the first 30 months that the Member is eligible to receive benefits for end-stage renal disease from Medicare.
- 2) Blue Shield will provide benefits after Medicare in the following situations:
- a. When the Member is eligible for Medicare due to age, if the subscriber is actively working for a group that employs less than 20 employees (as defined by Medicare Secondary Payer laws).
 - b. When the Member is eligible for Medicare due to disability, if the subscriber is covered by a group that employs less than 100 employees (as defined by Medicare Secondary Payer laws).
 - c. When the Member is eligible for Medicare solely due to end stage renal disease after the first 30 months that the Member is eligible to receive benefits for end-stage renal disease from Medicare.
 - d. When the Member is retired and age 65 years or older.

When Blue Shield provides benefits after Medicare, the combined benefits from Medicare and the Blue Shield group plan may be lower but will not exceed the Medicare Allowed charges. The Blue Shield group plan Deductible and Copayments or Coinsurance will be waived.

Medi-Cal Eligible Members

Medi-Cal always provides benefits last.

Qualified Veterans

If the Member is a qualified veteran Blue Shield will pay the reasonable value or Blue Shield's Allowed

Charges for Covered Services provided at a Veterans Administration facility for a condition that is not related to military service. If the Member is a qualified veteran who is not on active duty, Blue Shield will pay the reasonable value or Blue Shield's Allowed Charges for Covered Services provided at a Department of Defense facility, even if provided for conditions related to military service.

Members Covered by Another Government Agency

If the Member is entitled to benefits under any other federal or state governmental agency, or by any municipality, county or other political subdivision, the combined benefits from that coverage and this Blue Shield group plan will equal, but not exceed, what Blue Shield would have paid if the Member was not eligible to receive benefits under that coverage (based on the reasonable value or Blue Shield's Allowed Charges).

Contact Shield Concierge for any questions about how Blue Shield coordinates group plan benefits in the above situations.

Exception for Other Coverage

A Plan Provider may seek reimbursement from other third party payers for the balance of its reasonable charges for services rendered under this Plan.

Claims Review

Blue Shield reserves the right to review all claims to determine if any exclusions or other limitations apply. Blue Shield may use the services of Physician consultants, peer review committees of professional societies or Hospitals, and other consultants to evaluate claims.

Reductions - Third Party Liability

If another person or entity, through an act or omission, causes a Member to suffer an injury or illness, and if Blue Shield paid Benefits for that injury or illness, the Member must agree to the provisions listed below. In addition, if the Member is injured and no other person is responsible but the Member receives (or is entitled to) a recovery from another source, and if Blue Shield paid Benefits for that injury, the Member must agree to the following provisions.

- 1) All recoveries the Member or his or her representatives obtain (whether by lawsuit, settlement, insurance or otherwise), no matter how described or designated, must be used to reimburse Blue Shield in full for benefits Blue Shield paid. Blue Shield's share of any recovery extends only to the amount of Benefits it has paid or will pay the Member or the Member's representatives. For purposes of this provision, Member's representatives include, if applicable, the Member's heirs, administrators, legal representatives, parents (if the Member is a minor), successors or assignees. This is Blue Shield's right of recovery.
- 2) Blue Shield is entitled under its right of recovery to be reimbursed for its Benefit payments even if the Member is not "made whole" for all of his or her damages in the recoveries that the Member receives. Blue Shield's right of recovery is not subject to reduction for attorney's fees and costs under the "common fund" or any other doctrine.
- 3) Blue Shield will not reduce its share of any recovery unless, in the exercise of Blue Shield's discretion, Blue Shield agrees in writing to a reduction (a) because the Member does not receive the full amount of damages that the Member claimed or (b) because the Member had to pay attorneys' fees.
- 4) The Member must cooperate in doing what is reasonably necessary to assist Blue Shield with its right of recovery. The Member must not take any action that may prejudice Blue Shield's right of recovery.

If the Member does seek damages for his or her illness or injury, the Member must tell Blue Shield promptly that the Member has made a claim against another party for a condition that Blue Shield has paid or may pay Benefits for, the Member must seek recovery of Blue Shield's Benefit payments and liabilities, and the Member must tell Blue Shield about any recoveries the Member obtains, whether in or out of court. Blue Shield may seek a first priority lien on the proceeds of the Member's claim in order to reimburse Blue Shield to the full amount of Benefits Blue Shield has paid or will pay. The amount Blue Shield seeks as restitution, reimbursement or other available remedy will be calculated in accordance with California Civil Code Section 3040.

Blue Shield may request that the Member sign a reimbursement agreement consistent with this provision.

Further, if the Member receives services from a participating Hospital for such injuries or illness, the Hospital has the right to collect from the Member the difference between the amount paid by Blue Shield and the Hospital's reasonable and necessary charges for such services when payment or reimbursement is received by the Member for medical expenses. The Hospital's right to collect shall be in accordance with California Civil Code Section 3045.1.

IF THIS PLAN IS PART OF AN EMPLOYEE WELFARE BENEFIT PLAN SUBJECT TO THE EMPLOYEE RETIREMENT INCOME SECURITY ACT OF 1974 ("ERISA"), THE MEMBER IS ALSO REQUIRED TO DO THE FOLLOWING:

- 1) Ensure that any recovery is kept separate from and not comingled with any other funds or the Member's general assets and agree in writing that the portion of any recovery required to satisfy the lien or other right of Recovery of Blue Shield is held in trust for the sole benefit of Blue Shield until such time it is conveyed to Blue Shield;
- 2) Direct any legal counsel retained by the Member or any other person acting on behalf of the Member to hold that portion of the recovery to which Blue Shield is entitled in trust for the sole benefit of Blue Shield and to comply with and facilitate the reimbursement to the plan of the monies owed it.

Coordination of Benefits

Coordination of benefits (COB) is utilized when a Member is covered by more than one group health plan. Payments for allowable expenses will be coordinated between the two plans up to the maximum benefit amount payable by each plan separately. Coordination of benefits ensures that benefits paid by multiple group health plans do not exceed 100% of allowable expenses. The coordination of benefits rules also provide consistency in determining which group health plan is primary and avoid delays in benefit payments. Blue Shield follows the rules for coordination of benefits as outlined in the California Code of Regulations, Title 28, Section 1300.67.13 to

determine the order of benefit payments between two group health plans. The following is a summary of those rules.

- 1) When a plan does not have a coordination of benefits provision, that plan will always provide its benefits first. Otherwise, the plan covering the Member as an employee will provide its benefits before the plan covering the Member as a Dependent.
- 2) Coverage for dependent children:
 - a. When the parents are not divorced or separated, the plan of the parent whose date of birth (month and day) occurs earlier in the year is primary.
 - b. When the parents are divorced and the specific terms of the court decree state that one of the parents is responsible for the health care expenses of the child, the plan of the responsible parent is primary.
 - c. When the parents are divorced or separated, there is no court decree, and the parent with custody has not remarried, the plan of the custodial parent is primary.
 - d. When the parents are divorced or separated, there is no court decree, and the parent with custody has remarried, the order of payment is as follows:
 - i. The plan of the custodial parent
 - ii. The plan of the stepparent
 - iii. The plan of the non-custodial parent.
- 3) If the above rules do not apply, the plan which has covered the Member for the longer period of time is the primary plan. There may be exceptions for laid-off or retired employees.
- 4) When Blue Shield is the primary plan, Benefits will be provided without considering the other group health plan. When Blue Shield is the secondary plan and there is a dispute as to which plan is primary, or the primary plan has not paid within a reasonable period of time, Blue Shield will provide Benefits as if it were the primary plan.
- 5) Anytime Blue Shield makes payments over the amount they should have paid as the primary or

secondary plan, Blue Shield reserves the right to recover the excess payments from the other plan or any person to whom such payments were made.

These coordination of benefits rules do not apply to the programs included in the *Limitation for Duplicate Coverage* section.

Conditions of Coverage

Eligibility and Enrollment

To enroll and continue enrollment, a Subscriber must be an eligible Employee and meet all of the eligibility requirements for coverage established by the Employer. An Employee who resides or works in the Plan Service area is eligible for coverage as a Subscriber the day following the date he or she completes the waiting period established by the Employer. The Employee's spouse or Domestic Partner and all Dependent children who reside or work in the Plan Service Area are eligible for coverage at the same time. (Special arrangements may be available for Dependents who are full-time students; Dependents of Subscribers who are required by court order to provide coverage; and Dependents and Subscribers who are long-term travelers. Please contact the Shield Concierge to request an Away From Home Care (AFHC) Program Brochure which explains these arrangements including how long AFHC coverage is available. This brochure is also available at <https://www.blueshieldca.com> for HMO Members).

An Employee or the Employee's Dependents may enroll when initially eligible or during the Employer's annual Open Enrollment Period. Under certain circumstances, an Employee and Dependents may qualify for a Special Enrollment Period. Other than the initial opportunity to enroll, a date 12 months from the date a written request for enrollment is made, the Employer's annual Open Enrollment period, or a Special Enrollment Period, an Employee or Dependent may not enroll in the health program offered by the Employer. Please see the definition of Late Enrollee and Special Enrollment Period in the *Definitions* section for details on these rights. For additional information on enrollment periods, please contact the Employer or Blue Shield.

Dependent children of the Subscriber, spouse, or his or her Domestic Partner, including children adopted or placed for adoption, will be covered immediately after birth, adoption or the placement of adoption for a period of 31 days. In order to have coverage continue beyond the first 31 days, an application must be received by Blue Shield within 60 days from the date of birth, adoption or placement for adoption. If both partners in a marriage or Domestic Partnership are eligible Employees and Subscribers, children may be eligible and may be enrolled as a Dependent of either parent, but not both. Please contact Blue Shield to determine what evidence needs to be provided to enroll a child.

Enrolled disabled Dependent children who would normally lose their eligibility under this health plan solely because of age, may be eligible for coverage if they continue to meet the definition of Dependent.

The Employer must meet specified Employer eligibility, participation and contribution requirements to be eligible for this group health plan. If the Employer fails to meet these requirements, this coverage will terminate. See the *Termination of Benefits* section of this EOC for further information. Employees will receive notice of this termination and, at that time, will be provided with information about other potential sources of coverage, including access to individual coverage through Covered California.

Subject to the requirements described under the Continuation of Group Coverage provision in this EOC, if applicable, an Employee and his or her Dependents will be eligible to continue group coverage under this health plan when coverage would otherwise terminate.

Effective Date of Coverage

Blue Shield will notify the eligible Employee/Subscriber of the effective date of coverage for the Employee and his or her Dependents. Coverage starts at 12:01 a.m. Pacific Time on the effective date.

Dependents may be enrolled within 31 days of the Employee's eligibility date to have the same effective date of coverage as the Employee. If the Employee or Dependent is considered a Late Enrollee, coverage will become effective the earlier of 12 months from the date a written request for coverage is made or at the Employer's next Open Enrollment

Period. Blue Shield will not consider applications for earlier effective dates unless the Employee or Dependent qualifies for a Special Enrollment Period.

In general, if the Employee or Dependents qualify for a Special Enrollment Period, coverage will begin no later than the first day of the first calendar month after Blue Shield receives the request for special enrollment from the Employer.

However, if the Employee qualifies for a Special Enrollment Period as a result of a birth, adoption, guardianship, marriage or Domestic Partnership and enrollment is requested by the Employee within 31 days of the event, the effective date of enrollment will be as follows:

- 1) For the case of a birth, adoption, placement for adoption, or guardianship, the coverage shall be effective on the date of birth, adoption, placement for adoption or court order of guardianship.
- 2) For marriage or Domestic Partnership the coverage effective date shall be the first day of the month following the date the request for special enrollment is received.

Premiums (Dues)

The monthly Premiums for a Subscriber and any enrolled Dependents are stated in the Contract. Blue Shield will provide the Employer with information regarding when the Premiums are due and when payments must be made for coverage to remain in effect.

All Premiums required for coverage for the Subscriber and Dependents will be paid by the Employer to Blue Shield. Any amount the Subscriber must contribute is set by the Employer. The Employer will receive notice of changes in Premiums at least 60 days prior to the change. The Employer will notify the Subscriber immediately.

Grace Period

After payment of the first Premium, the Contractholder is entitled to a grace period of 30 days for the payment of any Premiums due. During this grace period, the Contract will remain in force. However, the Contractholder will be liable for payment of Premiums accruing during the period the Contract continues in force.

Plan Changes

The Benefits and terms of this health plan, including but not limited to, Covered Services, Deductible, Copayment, Coinsurance and annual Out-of-Pocket Maximum amounts, are subject to change at any time. Blue Shield will provide at least 60 days written notice of any such change.

Benefits for services or supplies furnished on or after the effective date of any change in Benefits will be provided based on the change.

Renewal of Group Health Service Contract

This Contract has term beginning with the eligible Employer's effective date of coverage. So long as the Employer continues to qualify for this health plan and continues to offer this plan to its Employees, Employees and Dependents will have an annual Open Enrollment period before the end of the term to make any changes to their coverage. The Employer will give notice of the annual Open Enrollment period.

Blue Shield will offer to renew the Employer's Group Health Service Contract except in the following instances:

- 1) non-payment of Premiums;
- 2) fraud or intentional misrepresentation of material fact;
- 3) failure to comply with Blue Shield's applicable eligibility, participation or contribution rules;
- 4) termination of plan type by Blue Shield;
- 5) Employer relocates outside of California; or
- 6) Employer is an association and association membership ceases.

Termination of Benefits (Cancellation and Rescission of Coverage)

Except as specifically provided under the Extension of Benefits provision, and, if applicable, the Continuation of Group Coverage provision, there is no right to receive Benefits of this health plan following termination of a Member's coverage.

Cancellation at Member Request

If the Subscriber is making any contribution towards coverage for himself or herself, or for Dependents, the Subscriber may request termination of this coverage. If coverage is terminated at the Subscriber's request, coverage will end at 11:59 p.m. Pacific Time on the last date for which Premiums have been paid.

Cancellation of Member's Enrollment by Blue Shield

Blue Shield may cancel the Subscriber and any Dependent's coverage for cause for the following conduct; cancellation is effective immediately upon giving written notice to the Subscriber and Employer:

- 1) Providing false or misleading material information on the enrollment application or otherwise to the Employer or Blue Shield. See the Cancellation/Rescission for Fraud, or Intentional Misrepresentations of Material Fact provision;
- 2) Permitting use of a Member identification card by someone other than the Subscriber or Dependents to obtain Covered Services; or
- 3) Obtaining or attempting to obtain Covered Services under the Group Health Service Contract by means of false, materially misleading, or fraudulent information, acts or omissions.

If the Employer does not meet the applicable eligibility, participation and contribution requirements of the Contract, Blue Shield will cancel this coverage after 30 days' written notice to the Employer.

Any Premium paid Blue Shield for a period extending beyond the cancellation date will be refunded to the Employer. The Employer will be responsible to Blue Shield for unpaid Premium prior to the date of cancellation.

Blue Shield will honor all claims for Covered Services provided prior to the effective date of cancellation.

See the Cancellation and Rescission for Termination for Fraud or Intentional Misrepresentations of Material Fact section.

Cancellation by the Employer

This health plan may be cancelled by the Employer at any time provided written notice is given to all

Employees and Blue Shield to become effective upon receipt, or on a later date as may be specified by the notice.

Cancellation for Employer's Non-Payment of Premium

Blue Shield may cancel this health plan for non-payment of Premium. If the Employer fails to pay the required Premium when due, coverage will terminate upon expiration of the 30-day grace period following notice of termination for nonpayment of premium. The Employer will be liable for all Premium accrued while this coverage continues in force including those accrued during the grace period. Blue Shield will mail the Employer a Cancellation Notice (or Notice Confirming Termination of Coverage). The Employer must provide enrolled Employees with a copy of the Notice Confirming Termination of Coverage.

Cancellation/Rescission for Fraud or Intentional Misrepresentations of Material Fact

Blue Shield may cancel or rescind the Contract for fraud or intentional misrepresentation of material fact by the Employer, or with respect to coverage of Employees or Dependents, for fraud or intentional misrepresentation of material fact by the Employee, Dependent, or their representative. A rescission voids the Contract retroactively as if it was never effective; Blue Shield will provide written notice to the Employer prior to any rescission.

In the event the contract is rescinded or cancelled, either by Blue Shield or the Employer, it is the Employer's responsibility to notify each enrolled Employee of the rescission or cancellation. Cancellations are effective on receipt or on such later date as specified in the cancellation notice.

If a Member is hospitalized or undergoing treatment for an ongoing condition and the Contract is cancelled for any reason, including non-payment of Premium, no Benefits will be provided unless the Member obtains an Extension of Benefits. (See the Extension of Benefits provision for more information.)

Date Coverage Ends

Coverage for a Subscriber and all of his or her Dependents ends at 11:59 p.m. Pacific Time on the earliest of these dates: (1) the date the Employer Group Health Service Contract is discontinued, (2) the last day of the month in which the Subscriber's employment terminates, unless a different date has been agreed to between Blue Shield and the Employer, (3) the date as indicated in the Notice Confirming Termination of Coverage that is sent to the Employer (see Cancellation for Non-Payment of Premium – Notices), or (4) the last day of the month in which the Subscriber and Dependents become ineligible for coverage, except as provided below.

Even if a Subscriber remains covered, his Dependents' coverage may end if a Dependent become ineligible. A Dependent spouse becomes ineligible following legal separation from the Subscriber, entry of a final decree of divorce, annulment or dissolution of marriage from the Subscriber; coverage ends on the last day of the month in which the Dependent spouse became ineligible. A Dependent Domestic Partner becomes ineligible upon termination of the domestic partnership; coverage ends on the last day of the month in which the Domestic Partner becomes ineligible. A Dependent child who reaches age 26 becomes ineligible on the last day of the month in which his or her 26th birthday occurs, unless the Dependent child is disabled and qualifies for continued coverage as described in the definition of Dependent.

In addition, if a written application for the addition of a newborn or a child placed for adoption is not submitted to and received by Blue Shield within the 30 days following the Dependent's birth or placement for adoption, Benefits under this health plan for that child will end on the 31st day after the birth or placement for adoption at 11:59 p.m. Pacific Time.

If the Subscriber ceases work because of retirement, disability, leave of absence, temporary layoff, or termination, he or she should contact the Employer or Blue Shield for information on options for continued group coverage or individual options. If the Employer is subject to the California Family Rights Act of 1991 and/or the federal Family & Medical Leave Act of 1993, and the approved leave of absence is for

family leave under the terms of such Act(s), a Subscriber's payment of Premiums will keep coverage in force for such period of time as specified in such Act(s). The Employer is solely responsible for notifying their Employee of the availability and duration of family leaves.

Reinstatement

If the Subscriber had been making contributions toward coverage for the Subscriber and Dependents and voluntarily cancelled such coverage, he or she should contact Blue Shield or the Employer regarding reinstatement options. If reinstatement is not an option, the Subscriber may have a right to re-enroll if the Subscriber or Dependents qualify for a Special Enrollment Period (see Special Enrollment Periods in the Definitions section). The Subscriber or Dependents may also enroll during the annual Open Enrollment Period. Enrollment resulting from a Special Enrollment Period or annual Open Enrollment Period is not reinstatement and may result in a gap in coverage.

Extension of Benefits

If a Member becomes Totally Disabled while validly covered under this health plan and continues to be Totally Disabled on the date the Contract terminates, Blue Shield will extend Benefits, subject to all limitations and restrictions, for Covered Services and supplies directly related to the condition, illness or injury causing such Total Disability until the first to occur of the following: (1) twelve months from the date coverage terminated; (2) the date the covered Member is no longer Totally Disabled; or (3) the date on which a replacement carrier provides coverage to the Member.

No extension will be granted unless Blue Shield receives written certification of such Total Disability from a Physician within 90 days of the date on which coverage was terminated, and thereafter at such reasonable intervals as determined by Blue Shield.

Group Continuation Coverage

Please examine your options carefully before declining this coverage.

A Subscriber can continue his or her coverage under this group health plan when the Subscriber's Employer is subject to either Title X of the Consolidated Omnibus Budget Reconciliation Act (COBRA) as amended or the California Continuation Benefits Replacement Act (Cal-COBRA). The Subscriber's Employer should be contacted for more information.

In accordance with the Consolidated Omnibus Budget Reconciliation Act (COBRA) as amended and the California Continuation Benefits Replacement Act (Cal-COBRA), a Member may elect to continue group coverage under this Plan if the Member would otherwise lose coverage because of a Qualifying Event that occurs while the Contractholder is subject to the continuation of group coverage provisions of COBRA or Cal-COBRA. The benefits under the group continuation of coverage will be identical to the benefits that would be provided to the Member if the Qualifying Event had not occurred (including any changes in such coverage).

A Member will not be entitled to benefits under Cal-COBRA if at the time of the qualifying event such Member is entitled to benefits under Title XVIII of the Social Security Act ("Medicare") or is covered under another group health plan. Under COBRA, a Member is entitled to benefits if at the time of the qualifying event such Member is entitled to Medicare or has coverage under another group health plan. However, if Medicare entitlement or coverage under another group health plan arises after COBRA coverage begins, it will cease.

Qualifying Event

A Qualifying Event is defined as a loss of coverage as a result of any one of the following occurrences.

- 1) With respect to the Subscriber:
 - a. the termination of employment (other than by reason of gross misconduct); or
 - b. the reduction of hours of employment to less than the number of hours required for eligibility.
- 2) With respect to the Dependent spouse or Dependent Domestic Partner and Dependent children (children born to or placed for adoption with the Subscriber or Domestic Partner during a COBRA or Cal-COBRA continuation period may

be immediately added as Dependents, provided the Contractholder is properly notified of the birth or placement for adoption, and such children are enrolled within 30 days of the birth or placement for adoption):

- a. the death of the Subscriber; or
- b. the termination of the Subscriber's employment (other than by reason of such Subscriber's gross misconduct); or
- c. the reduction of the Subscriber's hours of employment to less than the number of hours required for eligibility; or
- d. the divorce or legal separation of the Subscriber from the Dependent spouse or termination of the domestic partnership; or
- e. the Subscriber's entitlement to benefits under Title XVIII of the Social Security Act ("Medicare"); or
- f. a Dependent child's loss of Dependent status under this Plan.

Domestic Partners and Dependent children of Domestic Partners cannot elect COBRA on their own, and are only eligible for COBRA if the Subscriber elects to enroll. Domestic Partners and Dependent children of Domestic Partners may elect to enroll in Cal-COBRA on their own.

- 3) For COBRA only, with respect to a Subscriber who is covered as a retiree, that retiree's Dependent spouse and Dependent children (a Dependent spouse and Dependent children cannot elect COBRA on their own and are only eligible for COBRA if the Subscriber elects to enroll), the Employer's filing for reorganization under Title XI, United States Code, commencing on or after July 1, 1986.
- 4) With respect to any of the above, such other Qualifying Event as may be added to Title X of COBRA or the California Continuation Benefits Replacement Act (Cal-COBRA).

Notification of a Qualifying Event

- 1) With respect to COBRA enrollees:

The Member is responsible for notifying the Employer of divorce, legal separation, or a child's

loss of Dependent status under this plan, within 60 days of the date of the later of the Qualifying Event or the date on which coverage would otherwise terminate under this plan because of a Qualifying Event.

The Employer is responsible for notifying its COBRA administrator (or plan administrator if the Employer does not have a COBRA administrator) of the Subscriber's death, termination, or reduction of hours of employment, the Subscriber's Medicare entitlement or the Employer's filing for reorganization under Title XI, United States Code.

When the COBRA administrator is notified that a Qualifying Event has occurred, the COBRA administrator will, within 14 days, provide written notice to the Member by first class mail of the Member's right to continue group coverage under this plan. The Member must then notify the COBRA administrator within 60 days of the later of (1) the date of the notice of the Member's right to continue group coverage or (2) the date coverage terminates due to the Qualifying Event.

If the Member does not notify the COBRA administrator within 60 days, the Member's coverage will terminate on the date the Member would have lost coverage because of the Qualifying Event.

2) With respect to Cal-COBRA enrollees:

The Member is responsible for notifying Blue Shield in writing of the Subscriber's death or Medicare entitlement, of divorce, legal separation, termination of a domestic partnership or a child's loss of Dependent status under this plan. Such notice must be given within 60 days of the date of the later of the Qualifying Event or the date on which coverage would otherwise terminate under this plan because of a Qualifying Event. Failure to provide such notice within 60 days will disqualify the Member from receiving continuation coverage under Cal-COBRA.

The Employer is responsible for notifying Blue Shield in writing of the Subscriber's termination or reduction of hours of employment within 30 days of the Qualifying Event.

When Blue Shield is notified that a Qualifying Event has occurred, Blue Shield will, within 14 days, provide written notice to the Member by first class mail of his or her right to continue group coverage under this plan. The Member must then give Blue Shield notice in writing of the Member's election of continuation coverage within 60 days of the later of (1) the date of the notice of the Member's right to continue group coverage or (2) the date coverage terminates due to the Qualifying Event. The written election notice must be delivered to Blue Shield by first-class mail or other reliable means.

If the Member does not notify Blue Shield within 60 days, the Member's coverage will terminate on the date the Member would have lost coverage because of the Qualifying Event.

If this plan replaces a previous group plan that was in effect with the Employer, and the Member had elected Cal-COBRA continuation coverage under the previous plan, the Member may choose to continue to be covered by this plan for the balance of the period that the Member could have continued to be covered under the previous plan, provided that the Member notify Blue Shield within 30 days of receiving notice of the termination of the previous group plan.

Duration and Extension of Group Continuation Coverage

Cal-COBRA enrollees will be eligible to continue Cal-COBRA coverage under this plan for up to a maximum of 36 months regardless of the type of Qualifying Event.

COBRA enrollees who reach the 18-month or 29-month maximum available under COBRA, may elect to continue coverage under Cal-COBRA for a maximum period of 36 months from the date the Member's continuation coverage began under COBRA. If elected, the Cal-COBRA coverage will begin after the COBRA coverage ends.

Note: COBRA enrollees must exhaust all the COBRA coverage to which they are entitled before they can become eligible to continue coverage under Cal-COBRA.

In no event will continuation of group coverage under COBRA, Cal-COBRA or a combination of COBRA and Cal-COBRA be extended for more than three years from the date the Qualifying Event has occurred which originally entitled the Member to continue group coverage under this plan.

Note: Domestic Partners and Dependent children of Domestic Partners cannot elect COBRA on their own, and are only eligible for COBRA if the Subscriber elects to enroll. Domestic Partners and Dependent children of Domestic Partners may elect to enroll in Cal-COBRA on their own.

Notification Requirements

The Employer or its COBRA administrator is responsible for notifying COBRA enrollees of their right to possibly continue coverage under Cal-COBRA at least 90 calendar days before their COBRA coverage will end. The COBRA enrollee should contact Blue Shield for more information about continuation of coverage under Cal-COBRA. If the enrollee is eligible and chooses to continue coverage under Cal-COBRA, the enrollee must notify Blue Shield of their Cal-COBRA election at least 30 days before COBRA termination.

Note: A Dependent spouse and Dependent children cannot elect COBRA on their own and are only eligible for COBRA if the Subscriber elects to enroll.

Payment of Premiums (Dues)

Premiums for the Member continuing coverage shall be 102 percent of the applicable group Premium rate if the Member is a COBRA enrollee, or 110 percent of the applicable group Premium rate if the Member is a Cal-COBRA enrollee, except for the Member who is eligible to continue group coverage to 29 months because of a Social Security disability determination, in which case, the Premiums for months 19 through 29 shall be 150 percent of the applicable group Premium rate.

Note: For COBRA enrollees who are eligible to extend group coverage under COBRA to 29 months because of a Social Security disability determination, Premiums for Cal-COBRA coverage shall be 110 percent of the applicable group Premium rate for months 30 through 36.

If the Member is enrolled in COBRA and is contributing to the cost of coverage, the Employer shall be responsible for collecting and submitting all Premium contributions to Blue Shield in the manner and for the period established under this plan.

Cal-COBRA enrollees must submit Premiums directly to Blue Shield. The initial Premium must be paid within 45 days of the date the Member provided written notification to the plan of the election to continue coverage and be sent to Blue Shield by first-class mail or other reliable means. The Premium payment must equal an amount sufficient to pay any required amounts that are due. Failure to submit the correct amount within the 45-day period will disqualify the Member from continuation coverage.

Effective Date of the Continuation of Coverage

The continuation of coverage will begin on the date the Member's coverage under this plan would otherwise terminate due to the occurrence of a Qualifying Event and it will continue for up to the applicable period, provided that coverage is timely elected and so long as Premiums are timely paid.

Termination of Group Continuation Coverage

The continuation of group coverage will cease if any one of the following events occurs prior to the expiration of the applicable period of continuation of group coverage:

- 1) discontinuance of this Group Health Service Contract (if the Employer continues to provide any group benefit plan for employees, the Member may be able to continue coverage with another plan);
- 2) failure to timely and fully pay the amount of required Premiums to the COBRA administrator or the Employer or to Blue Shield as applicable. Coverage will end as of the end of the period for which Premiums were paid;
- 3) the Member becomes covered under another group health plan;
- 4) the Member becomes entitled to Medicare;
- 5) the Member commits fraud or deception in the use of the services of this plan.

Continuation of group coverage in accordance with COBRA or Cal-COBRA will not be terminated except as described in this provision. In no event will coverage extend beyond 36 months.

Continuation of Group Coverage for Members on Military Leave

Continuation of group coverage is available for Members on military leave if the Member's Employer is subject to the Uniformed Services Employment and Re-employment Rights Act (USERRA). Members who are planning to enter the Armed Forces should contact their Employer for information about their rights under the (USERRA). Employers are responsible to ensure compliance with this act and other state and federal laws regarding leaves of absence including the California Family Rights Act, the Family and Medical Leave Act, Labor Code requirements for Medical Disability.

General Provisions

Plan Service Area

The geographic area served by this Plan is defined as the Plan Service Area. Subscribers and Dependents must live or work within the prescribed Plan Service Area to enroll in this Plan and to maintain eligibility in this Plan. For specific information on the boundaries of the Plan Service Area members may call Shield Concierge at the number provided on the back page of this EOC. (Special arrangements may be available for Dependents who are full-time students or do not live in the Subscriber's home. Please contact the Shield Concierge to request an Away From Home Care Program Brochure which explains these arrangements).

Liability of Subscribers in the Event of Non-Payment by Blue Shield

In accordance with Blue Shield's established policies, and by statute, every contract between Blue Shield and its Plan Providers stipulates that the Subscriber shall not be responsible to the Plan Provider for compensation for any services to the extent that they are provided in the Member's group contract. Plan Providers have agreed to accept the Blue

Shield's payment as payment-in-full for Covered Services, except for Deductibles, Copayments, Coinsurance, and amounts in excess of specified Benefit maximums, or as provided under the Exception for Other Coverage provision and the Reductions section regarding Third Party Liability.

If services are provided by a non-Plan provider, the Member is responsible for all amounts Blue Shield does not pay.

When a Benefit specifies a Benefit maximum and that Benefit maximum has been reached, the Member is responsible for any charges above the Benefit maximums.

Right of Recovery

Whenever payment on a claim has been made in error, Blue Shield will have the right to recover such payment from the Subscriber or Member or, if applicable, the provider or another health benefit plan, in accordance with applicable laws and regulations. Blue Shield reserves the right to deduct or offset any amounts paid in error from any pending or future claim to the extent permitted by law. Circumstances that might result in payment of a claim in error include, but are not limited to, payment of benefits in excess of the benefits provided by the health plan, payment of amounts that are the responsibility of the Subscriber or Member (deductibles, copayments, coinsurance or similar charges), payment of amounts that are the responsibility of another payor, payments made after termination of the Subscriber or Member's eligibility, or payments on fraudulent claims.

No Lifetime Benefit Maximum

There is no maximum limit on the aggregate payments made by Blue Shield for Covered Services provided under this Group Health Service Contract.

No Annual Dollar Limits on Essential Health Benefits

This Plan contains no annual dollar limits on essential benefits as defined by federal law.

Payment of Providers

Blue Shield generally contracts with groups of Physicians to provide services to Members. A fixed, monthly fee is paid to the groups of Physicians for each Member whose Primary Care Physician is in the group. This payment system, capitation, includes incentives to the groups of Physicians to manage all services provided to Members in an appropriate manner consistent with the contract.

Members who want to know more about this payment system, may contact Shield Concierge at the number provided on the back page of this EOC or talk to their Plan Provider.

PLEASE READ THE FOLLOWING INFORMATION EXPLAINING FROM WHOM OR WHAT GROUP OF PROVIDERS HEALTH CARE MAY BE OBTAINED.

The Hospitals in the plan network provide access to 24-hour Emergency Services. In no instance shall Blue Shield be liable for the negligence, wrongful acts, or omissions of any person receiving or providing services, including any Physician, Hospital, or other provider or their employees.

Non-Assignability

Coverage or any Benefits of this Plan may not be assigned without the written consent of Blue Shield. Possession of a Blue Shield ID card confers no right to services or other Benefits of this Plan. To be entitled to services, the Member must be a Subscriber or Dependent who has been accepted by the Employer and enrolled by Blue Shield and who has maintained enrollment under the terms of this Contract.

Plan Providers are paid directly by Blue Shield or the Medical Group/IPA.

If the Member receives services from a non-Plan provider, payment will be made directly to the Subscriber, and the Subscriber is responsible for payment to the non-Plan provider. The Member or the provider of service may not request that the payment be made directly to the provider of service.

Plan Interpretation

Blue Shield shall have the power and discretionary authority to construe and interpret the provisions of this Plan, to determine the Benefits of this Plan and determine eligibility to receive Benefits under this Plan. Additionally, the Member and the Member's plan may have other voluntary alternative dispute resolution options, such as mediation.

External Independent Medical Review

For grievances involving claims or services for which coverage was denied by Blue Shield or by a contracting provider in whole or in part on the grounds that the service is not Medically Necessary or is experimental/investigational (including the external review available under the Friedman-Kowles Experimental Treatment Act of 1996), Members

may choose to make a request to the Department of Managed Health Care to have the matter submitted to an independent agency for external review in accordance with California law. Members normally must first submit a grievance to Blue Shield and wait for at least 30 days before requesting external review; however, if the matter would qualify for an expedited decision as described above or involves a determination that the requested service is experimental/investigational, a Member may immediately request an external review following receipt of notice of denial. A Member may initiate this review by completing an application for external review, a copy of which can be obtained by contacting Shield Concierge. The Department of Managed Health Care will review the application and, if the request qualifies for external review, will select an external review agency and have the Member's records submitted to a qualified specialist for an independent determination of whether the care is Medically Necessary. Members may choose to submit additional records to the external review agency for review. There is no cost to the Member for this external review. The Member and the Member's Physician will receive copies of the opinions of the external review agency. The decision of the external review agency is binding on Blue Shield; if the external reviewer determines that the service is Medically Necessary, Blue Shield will promptly arrange for the service to be provided or the claim in dispute to be paid. This external review process is in addition to any other procedures or remedies available and is completely voluntary; Members are not obligated to request external review. However, failure to participate in external review may cause the Member to give up any statutory right to pursue legal action against Blue Shield regarding the disputed service. For more information regarding the external review process, or to request an application form, please contact Shield Concierge.

Department of Managed Health Care Review

The California Department of Managed Health Care is responsible for regulating health care service plans. If you have a grievance against your health plan, you should first telephone your health plan at

1-855-747-5800 and use your health plan's grievance process before contacting the Department. Utilizing this grievance procedure does not prohibit any potential legal rights or remedies that may be available to you. If you need help with a grievance involving an emergency, a grievance that has not been satisfactorily resolved by your health plan, or a grievance that has remained unresolved for more than 30 days, you may call the Department for assistance. You may also be eligible for an Independent Medical Review (IMR). If you are eligible for IMR, the IMR process will provide an impartial review of medical decisions made by a health plan related to the Medical Necessity of a proposed service or treatment, coverage decisions for treatments that are experimental or investigational in nature, and payment disputes for emergency or urgent medical services.

The Department also has a toll-free telephone number (**1-888-HMO-2219**) and a TDD line (**1-877-688-9891**) for the hearing and speech impaired. The Department's Internet Web site, (www.hmo-help.ca.gov), has complaint forms, IMR application forms, and instructions online.

In the event that Blue Shield should cancel or refuse to renew the enrollment for you or your Dependents and you feel that such action was due to reasons of health or utilization of benefits, you or your Dependents may request a review by the Department of Managed Health Care Director.

1 Calendar Year Pharmacy Deductible (CYPD):

Calendar Year Pharmacy Deductible explained. A Calendar Year Pharmacy Deductible is the amount you pay each Calendar Year before Blue Shield pays for outpatient prescription Drugs under this Benefit.

If this Benefit has any Calendar Year Pharmacy Deductible, outpatient prescription Drugs subject to the Deductible are identified with a check mark (✓) in the Benefits chart above.

Outpatient prescription Drugs not subject to the Calendar Year Pharmacy Deductible. Some outpatient prescription Drugs received from Participating Pharmacies are paid by Blue Shield before you meet any Calendar Year Pharmacy Deductible. These outpatient prescription Drugs do not have a check mark (✓) next to them in the "CYPD applies" column in the Prescription Drug Benefits chart above.

2 Using Participating Pharmacies:

Participating Pharmacies have a contract to provide outpatient prescription Drugs to Members. When you obtain covered prescription Drugs from a Participating Pharmacy, you are only responsible for the Copayment or Coinsurance, once any Calendar Year Pharmacy Deductible has been met.

Participating Pharmacies and Drug Formulary. You can find a Participating Pharmacy and the Drug Formulary by visiting <https://www.blueshieldca.com/wellness/drugs/formulary#heading2>.

Non-Participating Pharmacies. Drugs from Non-Participating Pharmacies are not covered except in emergency situations.

3 Outpatient Prescription Drug Coverage:

Medicare Part D-creditable coverage-

This prescription Drug coverage is on average equivalent to or better than the standard benefit set by the federal government for Medicare Part D (also called creditable coverage). Because this prescription Drug coverage is creditable, you do not have to enroll in Medicare Part D while you maintain this coverage; however, you should be aware that if you do not enroll in Medicare Part D within 63 days following termination of this coverage, you could be subject to Medicare Part D premium penalties.

4 Outpatient Prescription Drug Coverage:

Brand Drug coverage when a Generic Drug is available. If you select a Brand Drug when a Generic Drug equivalent is available, you are responsible for the difference between the cost to Blue Shield for the Brand Drug and its Generic Drug equivalent plus the Formulary Generic Drug Copayment or Coinsurance. This difference in cost will not count towards any Calendar Year Pharmacy Deductible, medical Deductible, or the Calendar Year Out-of-Pocket Maximum. If your Physician or Health Care Provider prescribes a Brand Drug and indicates that a Generic Drug equivalent should not be substituted, you pay your applicable Formulary or Non-Formulary Drug Copayment. If your Physician or Health Care Provider does not indicate that a Generic Drug equivalent should not be substituted, you may request a Medical Necessity Review. If approved, the Brand Drug will be covered at the applicable Drug Copayment.

Short-Cycle Specialty Drug program. This program allows initial prescriptions for select Specialty Drugs to be filled for a 15-day supply with your approval. When this occurs, the Copayment or Coinsurance will be prorated.

Benefit designs may be modified to ensure compliance with State and Federal requirements.

Outpatient Prescription Drug Benefits

The following Prescription Drug Benefit is separate from the Health Plan coverage. The Coordination of Benefits provisions do not apply to this Outpatient Prescription Drug Benefit Supplement; however, the general provisions and exclusions of the Health Plan contract shall apply.

Benefits are provided for Outpatient Prescription Drugs which meet all of the requirements specified in this supplement, are prescribed by the Member's Physician and, except as noted below, are obtained from a Participating Pharmacy. All Drugs covered under this Benefit, including over-the-counter items, must be prescribed by a Physician.

Blue Shield's Drug Formulary is a list of preferred generic and brand medications that: (1) have been reviewed for safety, efficacy, and bioequivalency; (2) have been approved by the Food and Drug Administration (FDA); and (3) are eligible for coverage under the Blue Shield Outpatient Prescription Drug Benefit. Non-Formulary Drugs may be covered subject to higher Copayments. Select Drugs and Drug dosages and most Specialty Drugs require prior authorization by Blue Shield for Medical Necessity, including appropriateness of therapy and efficacy of lower cost alternatives. You or your Physician may request prior authorization from Blue Shield.

Some Drugs, most Specialty Drugs, and prescriptions for Drugs exceeding specific quantify limits require prior authorization by Blue Shield for Medical Necessity, as described in the *Prior Authorization/Exception Request Process/Step Therapy* section. You, your Physician or Health Care Provider may request prior authorization from Blue Shield.

Outpatient Drug Formulary

Blue Shield's Drug Formulary is a list of Food and Drug Administration (FDA)-approved preferred Generic and Brand Drugs that assists Physicians and Health Care Providers to prescribe Medically Necessary and cost-effective Drugs.

Blue Shield's Formulary is established by Blue Shield's Pharmacy and Therapeutics Committee. This Committee consists of physicians and pharmacists responsible for evaluating Drugs for relative safety, effectiveness, health benefit based on the medical evidence, and comparative cost. They review new Drugs, dosage forms, usage and clinical data to update the Formulary during scheduled meetings four times a year. Note: Your Physician or Health Care Provider might prescribe a Drug even though the Drug is not included on the Formulary.

Obtaining Outpatient Prescription Drugs at a Participating Pharmacy

You must present a Blue Shield Identification Card at a Participating Pharmacy to obtain Drugs under the Outpatient Prescription Drug benefit. You can obtain prescription Drugs at any retail Participating Pharmacy unless the Drug is a Specialty Drug. Refer to the section *Obtaining Specialty Drugs through the Specialty Drug Program* for additional information. You can locate a retail Participating Pharmacy by visiting <https://www.blueshieldca.com/bsca/pharmacy/home.sp> or by calling Customer Service at the number listed on the Identification Card. If you obtain Drugs at a Non-Participating Pharmacy or without a Blue Shield Identification Card, Blue Shield will deny your claim, unless it is for an Emergency Service.

Blue Shield negotiates contracted rates with Participating Pharmacies for covered Drugs. If your plan has a Pharmacy Deductible, you are responsible for paying the full contracted rate for Drugs until you meet the Member Calendar Year Pharmacy Deductible. Generic Drugs are not subject to, and will not accrue to the Calendar Year Pharmacy Deductible.

You must pay the applicable Copayment or Coinsurance for each prescription Drug when you obtain it from a Participating Pharmacy. When the Participating Pharmacy's contracted rate is less than your Copayment or Coinsurance, you only pay the contracted rate. There is no Copayment or Coinsurance for generic FDA-approved contraceptive Drugs and devices obtained from a Participating Pharmacy. Brand contraceptives are covered without a Copayment or Coinsurance when Medically Necessary. See *Prior Authorization/Exception Request Process/Step Therapy* section.

If your Physician or Health Care Provider prescribes a Brand Drug and indicates that a Generic Drug equivalent should not be substituted, you pay your applicable Formulary or Non-Formulary Brand Drug Copayment or Coinsurance.

If you select a Brand Drug when a Generic Drug equivalent is available, you must pay the difference in cost, plus your Generic Drug Copayment or Coinsurance. This is calculated by taking the difference between the Participating Pharmacy's contracted rate for the Brand Drug and the Generic Drug equivalent, plus the Generic Drug Copayment or Coinsurance. For example, you select Brand Drug "A" when there is an equivalent Generic Drug "A" available. The Participating Pharmacy's contracted rate for Brand Drug "A" is \$300, and the contracted rate for Generic Drug "A" is \$100. You would be responsible for paying the \$200 difference in cost, plus your Generic Drug Copayment or Coinsurance. This difference in cost does not apply to the Member Calendar Year Pharmacy Deductible or the Calendar Year Out-of-Pocket Maximum.

If your Physician or Health Care Provider does not indicate that a Generic Drug equivalent should not be substituted, you can request an exception to paying the difference in cost between the Brand Drug and Generic Drug equivalent through the Blue Shield prior authorization process. The request is reviewed for Medical Necessity. See the section on Prior Authorization/Exception Request Process below for more information on the approval process. If the request is approved, you pay only the applicable Formulary or Non-Formulary Brand Drug Copayment or Coinsurance.

Obtaining Outpatient Prescription Drugs at a Non-Participating Pharmacy

When you obtain Drugs from a Non-Participating Pharmacy for a covered emergency:

- You must first pay all charges for the prescription,
- Submit a completed Prescription Drug Claim form for reimbursement to:

Blue Shield of California
Argus Health Systems, Inc.
P.O. Box 419019,
Dept. 191
Kansas City, MO 64141
- Blue Shield will reimburse you based on the price you paid for the Drug, minus any applicable Deductible and Copayment or Coinsurance.

Claim forms may be obtained by calling Customer Service or visiting www.blueshieldca.com. Claims must be received within one year from the date of service to be considered for payment. Claim submission is not a guarantee of payment.

Obtaining Outpatient Prescription Drugs through the Mail Service Prescription Drug Program

You have an option to use Blue Shield's Mail Service Prescription Drug Program when you take maintenance Drugs for an ongoing condition. This allows you to receive up to a 90-day supply of your maintenance Drugs and may help you to save money. You may enroll online, by phone, or by mail. Please allow up to 14 days to receive the Drug. Your Physician or Health Care Provider must indicate a prescription quantity equal to the amount to be dispensed. Specialty Drugs are not available through the Mail Service Prescription Drug Program.

You must pay the applicable Mail Service Prescription Drug Copayment or Coinsurance for each prescription Drug.

Visit www.blueshieldca.com or call Customer Service to get additional information about the Mail Service Prescription Drug Program.

Obtaining Specialty Drugs through the Specialty Drug Program

Specialty Drugs are Drugs requiring coordination of care, close monitoring, or extensive patient training for self-administration that cannot be met by a retail pharmacy and are available at a Network Specialty Pharmacy. Specialty Drugs may also require special handling or manufacturing processes (such as biotechnology), restriction to certain Physicians or pharmacies, or reporting of certain clinical events to the FDA. Specialty Drugs are generally high cost.

Specialty Drugs are available exclusively from a Network Specialty Pharmacy. A Network Specialty Pharmacy provides Specialty Drugs by mail or, upon your request, will transfer the Specialty Drugs to an associated retail store for pickup. See *Exceptions Process for Obtaining Outpatient Prescription Drugs at a Non-Participating Pharmacy*.

A Network Specialty Pharmacy offers 24-hour clinical services, coordination of care with Physicians, and reporting of certain clinical events associated with select Drugs to the FDA. To select a Network Specialty Pharmacy, you may go to <http://www.blueshieldca.com> or call Customer Service.

Go to <http://www.blueshieldca.com> for a complete list of Specialty Drugs. Most Specialty Drugs require prior authorization for Medical Necessity by Blue Shield, as described in the *Prior Authorization/Exception Request Process* section.

Prior Authorization/Exception Request Process/Step Therapy

Some Drugs and Drug quantities require prior approval for Medical Necessity before they are eligible for coverage under the Outpatient Prescription Drug Benefit. This process is called prior authorization.

The following Drugs require prior authorization:

- Some Formulary, Non-Formulary, compound Drugs, and most Specialty Drugs require prior authorization.
- Drugs exceeding the maximum allowable quantity based on Medical Necessity and appropriateness of therapy.
- Brand contraceptives may require prior authorization to be covered without a Copayment or Coinsurance.

Blue Shield covers compounded medication(s) when:

- The compounded medication(s) include at least one Drug,
- There are no FDA-approved, commercially available, medically appropriate alternative,
- The compounded medication is self-administered, and
- Medical literature supports its use for the diagnosis.

You must pay the Non-Formulary Brand Drug Copayment or Coinsurance for covered compound Drugs.

You, your Physician or Health Care Provider may request prior authorization for the Drugs listed above by submitting supporting information to Blue Shield. Once Blue Shield receives all required supporting information, we will provide prior authorization approval or denial, based upon Medical Necessity, 72 hours in routine circumstances or 24 hours in exigent circumstances. Exigent circumstances exist when a Member has a health condition that may seriously jeopardize the Member's life, health, or ability to regain maximum function or when a Member is undergoing a current course of treatment using a Non-Formulary Drug.

Prior authorization decisions are based on the following:

1. The requested Drug, dose, and/or quantity is both safe and Medically Necessary for the specified use.
2. You have tried and failed Formulary alternative(s), or they are inappropriate.
3. You are stable on treatment, and changing to an alternative may cause immediate harm.
4. You have tried and failed Drug(s) recommended as initial treatment, or they are inappropriate.
5. Relevant clinical information supports the use of the requested medication over Formulary Drug alternatives.

To request coverage for a Non-Formulary Drug, you, your representative or Health Care Provider may submit an exception request to Blue Shield. Once all required supporting information is received, Blue Shield will approve or deny the exception request, based upon Medical Necessity, within 72 hours in routine circumstances or 24 hours in exigent circumstances.

Step therapy is the process of beginning therapy for a medical condition with Drugs considered first-line treatment or that are more cost-effective, then progressing to Drugs that are the next line in treatment or that may be less cost-effective. Step therapy requirements are based on how the FDA recommends that a drug should be used, nationally recognized treatment guidelines, medical studies, information from the drug manufacturer, and the relative cost of treatment for a condition. If step therapy coverage requirements are not met for a prescription and your Physician believes the medication is Medically Necessary, the prior authorization process may be utilized and timeframes previously described will also apply.

If Blue Shield denies a request for prior authorization or an exception request, you, your Physician or Health Care Provider can file a grievance with Blue Shield, as described in the Grievance Process section.

Limitation on Quantity of Drugs that May Be Obtained Per Prescription or Refill

1. Outpatient Prescription Drugs are limited to a quantity not to exceed a 30-day supply. If a prescription

Drug is packaged only in supplies exceeding 30 days, the applicable retail Copayment will be assessed for each 30 day supply except as otherwise stated below. Some prescriptions are limited to a maximum allowable quantity based on Medical Necessity.

2. Designated Specialty Drugs may be dispensed for a 15-day trial at a pro-rated Copayment or Coinsurance for an initial prescription, and with the Member's agreement. This Short Cycle Specialty Drug Program allows the Member to obtain a 15-day supply of their prescription to determine if they will tolerate the Specialty Drug before obtaining the complete 30-day supply, and therefore helps save the Member out-of-pocket expenses. The Network Specialty Pharmacy will contact the Member to discuss the advantages of the Short Cycle Specialty Drug Program, which the Member can elect at that time. At any time, either the Member, or Provider on behalf of the Member, may choose a full 30-day supply for the first fill.

If the Member has agreed to a 15-day trial, the Network Specialty Pharmacy will also contact the Member before dispensing the remaining 15-day supply to confirm if the Member is tolerating the Specialty Drug. To find a list of Specialty Drugs in the Short Cycle Specialty Drug Program, the Member may visit <https://www.blueshieldca.com/bzca/pharmacy/home.s> p or call the Customer Service number on the Blue Shield Member ID card.

3. Mail Service Prescription Drugs are limited to a quantity not to exceed a 90-day supply. If the Member's Physician indicates a prescription quantity of less than a 90-day supply, that amount will be dispensed, and refill authorizations cannot be combined to reach a 90-day supply.
4. Select over-the-counter (OTC) drugs with a United States Preventive Services Task Force (USPSTF) rating of A or B may be covered at a quantity greater than a 30-day supply.
5. Prescriptions may be refilled at a frequency that is considered to be Medically Necessary.
