

# WHY UV AND BLUE LIGHT COVERAGE?

Even if you don't wear prescription glasses, an annual eye exam is an easy and cost-effective way to take care of your eyes and overall health.

With VSP LightCare™, you can use your frame and lens benefit to get non-prescription eyewear from your VSP® network doctor. Sunglasses or blue light filtering glasses may be just what you're looking for.

#### **KEEP YOUR EYES PROTECTED OUTDOORS AND IN:**

**Always wear sunglasses outdoors.** Protect your eyes from the sun's ultraviolet rays that can damage your corneas and cause eye related diseases like cataracts. 100% UVA and UVB protection is the best choice for your sunglasses.<sup>2</sup>

Wear blue light filtering glasses indoors to combat digital eye strain. Digital screens and fluorescent lighting emit blue light that can contribute to headaches, blurred vision and sore eyes—all possible symptoms of digital eye strain.

## **PROVIDER CHOICES YOU WANT**

Visionworks

The VSP Premier Program includes thousands of private practice doctors and over 700 Visionworks® retail locations nationwide.

### Prefer to shop online?

At Eyeconic.com, you'll be shopping at the preferred online retailer for VSP members where you can connect and use your benefits.<sup>3</sup>

YOUR LIGHTCARE
COVERAGE WITH A
VSP NETWORK DOCTOR\*

#### **EYE EXAM**

A fully covered comprehensive WellVision Exam<sup>®1</sup>.

#### **EYEWEAR**

Visit a VSP network doctor and choose either prescription eyewear coverage, or use your frame and lens allowance toward ready-to-wear:

- non-prescription sunglasses or
