FSA GLOSSARY

Are you unsure of what a certain word means? Search our glossary for definitions of commonly used words.

ANNUAL ELECTION AMOUNT

This is the total dollar amount you elect to put into your FSA at the beginning of each plan year.

DEPENDENT

A person whose expenses are eligible for reimbursement through the employee's FSA. A dependent also includes any child of a participant whose 27th birthday will not have occurred by the last day of the current calendar year. Please visit our website www.padmin.com for more information.

ELIGIBLE EXPENSE

Items that are reimbursable under the FSA Plan are classified as "eligible expenses" according to IRS rules. For a detailed list of what is eligible please refer to page 10.

FICA

Taxes collected for Social Security and Medicare benefits.

FLEXIBLE SPENDING ACCOUNT

Also known as an FSA; a pre-tax benefit plan that enables the employee to save up to 30-40% on eligible expenses. By enrolling in this plan, the participant saves on state (except in New Jersey), federal and FICA taxes.

GRACE PERIOD

An employer-chosen provision that gives you two and a half months after the end of the plan year to incur eligible expenses, as long as you are actively enrolled as of the last day of the plan year.

HEALTH FSA CARRY FORWARD

An employer-chosen provision allowing a specified amount of unused Health FSA funds to carry forward into the next plan year.

OPEN ENROLLMENT

A designated time, prior to the start of your plan year, during which employees can enroll in the FSA plan and change their benefit elections.

PLAN YEAR

Typically, a twelve month period during which the annual election is effective.

RUN-OUT PERIOD

A period of time after the plan year ends during which participants may submit receipts for expenses that were incurred during the plan year or grace period.

UNIFORM COVERAGE RULE

This rule allows you to access your entire annual election for the Health FSA immediately after the start of the plan year. All other accounts are "pay-as-you-go." This rule only applies for the Health Flexible Spending Account.

USE OR LOSE RULE

An IRS rule which states that employees must spend any remaining balance in their FSA by the end of the plan year. If you don't spend the money, you forfeit it.

WHAT IS AN FSA?

A Flexible Spending Account (FSA) is a pre-tax program your employer sponsors that allows you to save Federal, state and Social Security (FICA) taxes on eligible expenses. When you enroll in a FSA, you increase your take-home pay and improve your bottom line!

HOW IT WORKS

Under this plan you can use pre-tax money to pay for different kinds of expenses, including: your medical, dental and vision care expenses that are not covered by your insurance; and, the cost of caring for a dependent while you work.

WHEN YOU ENROLL

When you enroll you determine the amount of expenses you anticipate for the upcoming year. The benefits you elect are paid for with pre-tax dollars deducted from your paycheck each payroll period. These dollars are subtracted from your gross earnings before taxes are taken out.

YOUR BENEFITS ARE ENHANCED

FSAs are designed to cut predictable costs while increasing your take-home pay. Maximize every dollar by taking advantage of this benefit choice. Alleviate those high out-of-pocket expenses by enrolling in a plan that works for you.

YOUR SPENDABLE INCOME INCREASES

When you elect pre-tax benefits under a flexible benefits plan, you lower your taxable income on your W-2; therefore, you pay less in taxes and increase your spendable income. Depending on your tax bracket, this plan can save you 30% to 40% on qualifying expenses

WHOSE EXPENSES ARE ELIGIBLE?

Under the plan, only the expenses of a participant, a participant's spouse or a participant's dependent(s) qualify for pre-tax treatment. If you are unsure if a person qualifies as an eligible dependent, please refer to P&A's website for a more detailed definition.

ENROLLMENT INFORMATION

Any benefits you elect are paid for with money that is withheld from your pay. These pay reductions do not count as income for income tax or Social Security tax purposes. This means that the Plan allows you to use tax-free dollars for expenses that would otherwise have to be paid for with money that you have already paid taxes on.

WHEN CAN I ENROLL?

Participants can enroll in an account during their open enrollment. This is the period of time determined by the employer when employees can elect their benefits and determine how much money to put into an FSA.

WILL MY SOCIAL SECURITY BENEFITS BE AFFECTED BY MY CONTRIBUTIONS TO THE PLAN?

Your Social Security benefits may be slightly reduced because, when your pay is reduced to cover your benefits under the Plan, the amount of contributions that are made to the federal Social Security system to provide you Social Security benefits also are reduced. However, for most employees, the reduction in Social Security benefits will be insignificant compared to the value of paying lower taxes today.

MAY I CHANGE MY BENEFIT ELECTION?

You may only make a change in your election(s) during open enrollment. This means you may not make a change in your election(s) after the open enrollment period unless you experience a qualifying event, which includes the following:

- a change in legal status (e.g., marriage, death of your spouse, divorce, legal separation or annulment),
- a change in the number of your dependents due to events such as birth or adoption and,
- a termination or commencement of employment by your spouse or dependent.

Changes must be requested within 30 days of the qualifying event.

“USE OR LOSE” RULE

Under IRS guidelines, if you contribute money to a reimbursement account and do not use all of the money you deposit, you will lose any remaining balance in the account at the end of the plan year. Only contribute money you are confident you will use to pay for qualified expenses during the plan year!

If your employer selects the option to add the grace period provision or Health FSA carry forward provision to the plan, the “use-or-lose” rule will be modified. Please check your Summary Plan Description (SPD) for details specific to your plan.

TAX SAVINGS

Whether you are an individual, part of a dual-income household or a couple with one working spouse, a Flexible Spending Account will provide you with additional benefits and more take-home pay.

INDIVIDUAL

In the illustration below, the single employee earns \$42,000. She uses the flex plan to pay for her health insurance co-payments, deductibles and vision expenses. By using a flex plan, she increases her take-home pay by \$468. That is additional take-home pay she can use for herself!

WORKING COUPLE WITH DEPENDENTS

This husband and wife both work. They have two children and make a total combined income of \$114,000. They use the flex plan to help pay for orthodontia and child care for their younger child. The chart shows that this couple increases their monthly take-home by \$256 a month or \$3,072 total this year. That gives them additional money for the emergency expenses every family has and allows them to set some money aside to fund an additional retirement plan.

COUPLE – ONE WORKING SPOUSE

With grown children and only one spouse working, this couple has no child-care expenses. The annual salary of the working spouse is \$90,000. They use the flex plan to meet their health insurance deductibles and to pay for dental care expenses. The flex plan increases the spouse's take-home pay by \$52 per month, or \$624 for the year – a nice raise for the family budget!

DEPENDENT CARE GUIDELINES

QUALIFYING INDIVIDUALS

Dependent care expenses must be provided to Qualifying Individuals. A Qualifying Individual is defined as any of the following:

1. A person under age 13 who is your “qualifying child” under the Internal Revenue Code (the “code”). i.e., (a) he or she has the same principal residence as you for more than half the year, (b) he or she is your child or step-child (by blood or adoption), foster child, sibling or step-sibling, or a descendant of one of them; and (c) he or she does not provide more than half of his or her own support for the year.

If you are divorced or separated, you must be the primary custodial parent of your child in order to be eligible for this account (irrespective of whether which parent may claim a personal exemption for the child on his or her federal income tax return). Non-custodial parents may wish to check with your legal or tax advisor to see if special rules apply to you that would enable you to utilize this account.

2. Your spouse if he or she is physically or mentally incapable of self-care and has the same principal abode as you for more than half the year.

3. A person who is physically or mentally incapable of self-care, has the same principal abode as you for more than half the year and is your tax dependent under the Code (for this purpose, status as a tax dependent is determined without regard to the gross income limitation for a “qualifying relative” and certain other provisions of the Code’s definition).

ELIGIBLE EXPENSES

Eligible expenses are defined as those that enable you (and your spouse, if any) to be gainfully employed* or to seek employment. They include the following:

1. Expenses for services provided by a dependent care center (including a day camp) that complies with all applicable state and local laws and regulations.
2. Expenses for the care of a Qualifying individual or for household services attributable in part to the care of a Qualifying individual.
3. Expenses for services outside of your household for the care of a qualifying individual other than a person under age 13 who is your qualifying child, provided that qualifying individual regularly spends at least eight hours per day in your household.

In the case of any expenses for dependent care services provided by a child of yours, that child must be at least 19 years old at the end of the year in which the services were provided.

*If your spouse is a full-time student or is physically or mentally not capable of self-care, he or she is treated as if gainfully employed. A spouse is a “full-time student” if he or she is enrolled at and attends a school for the number of hours or classes that the school considers full time. Your spouse must have been a student for some part of each of five calendar months during the year.

PROHIBITED EXPENDITURES

Expenditures that are prohibited for reimbursement include the following:

1. Babysitting for social events;
2. Educational expenses;
3. Charges for overnight camp;
4. Expenses that you will take as a child care tax credit on your income tax return; and,
5. Expenses for services provided by your spouse, by a parent of your under-age-13 qualifying child or by a person for whom you or your spouse is entitled to claim a personal exemption on a federal income tax return.

MAXIMUM ANNUAL CONTRIBUTION

The maximum annual contribution is \$5,000 (\$2,500 if you are married and file separate income tax returns), but no more than the lesser of the earned income of you or your spouse. If your spouse is a full-time student or incapacitated, the maximum annual election is \$3,000 for one child or \$5,000 for two or more children. (Amounts subject to change due to IRS guidelines.)
