- Pay by Check Avoid paying service fees and pay by electronic check (one-time and autopay) To add a checking account (no savings accounts accepted), click on Add Bank Account.

4. AUTOPAY PAYMENTS AND ONE-TIME PAYMENTS

Save time and ensure on-time payments by setting up autopay for your healthcare payments. Auto-payments are processed on the 1st of each month starting the following month.

If you set up autopay on September 15, your first auto-payment will start on October 1st. You must add a payment in **Settings** before setting up **Autopay**.

Go to the Accounts page, select Account Details, then select
 Set Up Autopay.

Remember, when you first set up the **Autopay** feature, it will not start until the first of the *next month*.

- □ All autopay and one-time credit card payments include a 2.25% service fee (*minimum* \$2.00).
- Click on the checkbox to agree to the Terms and Conditions.
 Next, click Confirm. Check your email for a payment confirmation receipt. You can deactivate your Autopay request at any time by moving Autopay Status to Off.
- One-Time Payments If you have a payment that is currently due or overdue, you will need to make a One-time payment to avoid termination of your health benefits. One-time payments are processed immediately. Services fees apply.
